**Designing Your Dream Husband** Amie Dockery, 2004-10-07 God has given women a gift that is so woven into their nature that they approach everything from homes to husbands with the thought Wow I could do great things with that

To see potential is a great good but the downside is the propensity to compare reality with the expectation This is especially harmful in marriage if a woman tries to show her husband his potential in all the wrong ways such as comparison or suggestions for change So how does a wife encourage her husband to become what God has placed within him to be It requires an understanding of her own need for repentance and restoration as well as working with the right team and the right tools The right team is God as architect Jesus as supplier and the Holy Spirit as builder The right tools include prayer declaration and action that bring restoration and that also reveal her own need to change Each chapter explores a case study of a biblical character s life an action that gained him authority an area of vulnerability and the most memorable moment this person wore the mantle Each chapter also includes a pattern for prayer questions from which a woman can build the blueprint for repentance restoration and declaration Personal application includes Putting Your Words to Work a written vision declaration and a Seal it with a Gift with practical ways to gently yet generously introduce revelation of a husband s skills and abilities through a tangible gift
