Steere, 2009-05-26

*Rediscovering Confession* is about recovering the experience of confession in danger now of becoming a lost art. It identifies four elements present in psychotherapy and confession: a state of heightened self awareness, a growing realization that our predicament points in some meaningful direction beyond itself, the necessity to make a relevant response to our situation, and a potential for spiritual encounter that accompanies the process. Each chapter contains a section devoted to practice with exercises for individual contemplation and experimentation, guidelines for forming a confessional partnership, directions for conducting discussions in a study group, and ways to organize a small confessional group.      **The Nearness of God: Rediscovering God's Love and Longing** Breige O'Hare, 2014-09-02
