## Rediscovering History:

**Rediscovering Canadian History** Paul W. Bennett, 1980 Canadian history including some activities *The Rediscovery of America* Ned Blackhawk, 2023-04-25 A sweeping and overdue retelling of U S history that recognizes that Native Americans are essential to understanding the evolution of modern America The most enduring feature of U S history is the presence of Native Americans yet most histories focus on Europeans and their descendants This long practice of ignoring Indigenous history is changing however with a new generation of scholars insists that any full American history address the struggle survival and resurgence of American Indian nations Indigenous history is essential to understanding the evolution of modern America Ned Blackhawk interweaves five centuries of Native and non Native histories from Spanish colonial exploration to the rise of Native American self determination in the late twentieth century In this transformative synthesis he shows that European colonization in the 1600s was never a predetermined success Native nations helped shape England s crisis of empire the first shots of the American Revolution were prompted by Indian affairs in the interior California Indians targeted by federally funded militias were among the first casualties of the Civil War the Union victory forever recalibrated Native communities across the West twentieth century reservation activists refashioned American law and policy Blackhawk s retelling of U S history acknowledges the enduring power agency and survival of Indigenous peoples yielding a truer account of the United States and revealing anew the varied meanings of America

*The Hidden History of Forgotten Women* Pasquale De Marco, In this groundbreaking book we embark on a captivating journey to uncover the hidden history of forgotten women We delve into the shadows of the past to reveal the remarkable stories of women whose contributions to history have been overlooked and undervalued Through a meticulously researched narrative we shed light on the lives of extraordinary women from diverse backgrounds and eras These are women who defied societal norms shattered glass ceilings and left an indelible mark on the world We encounter forgotten leaders scientists artists activists and entrepreneurs who made significant strides in their respective fields This book challenges the traditional male centric view of history and offers a more inclusive and comprehensive understanding of the past We explore the societal and cultural factors that have led to the marginalization of women's voices and examine the ways in which history has been written from a predominantly male perspective With passion and eloquence we recount the struggles and

triumphs of these forgotten women highlighting their resilience courage and determination Their stories serve as a powerful reminder of the importance of diversity the value of perseverance and the urgent need to create a world where all voices are heard and valued By shedding light on these hidden histories we not only reclaim the rightful place of women in history but also gain a deeper appreciation for the complexity and richness of human experience This book is a call to action inspiring readers to challenge biases promote equality and create a more just and equitable world for all Join us on this enlightening journey as we uncover the hidden stories of forgotten women and celebrate their remarkable achievements Let their legacies inspire us to create a world where all voices are heard and valued If you like this book write a review

**A History of the Quests for the Historical Jesus, Volume 2** Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One sold separately covers the period from the beginnings of Christianity to the end of World War II Volume Two covers the period from the post War era through contemporary debates

Revisioning History Robert A. Rosenstone, 2020-03-31 In Revisioning History thirteen historians from around the world look at the historical film on its own terms not as it compares to written history but as a unique way of recounting the past How does film construct a historical world What are the rules codes and strategies by which it brings the past to life What does that historical construction mean to us In grappling with these questions each contributor looks at an example of New History cinema Different from Hollywood costume dramas or documentary films these films are serious efforts to come to grips with the past they have often grown out of nations engaged in an intense quest for historical connections such as India Cuba Japan and Germany The volume begins with an introduction by Robert Rosenstone Part I Contesting History comprises essays by Geoff Eley on the film Distant Voices Still Lives Nicholas B Dirks

**Cultural History After Foucault** John Neubauer, 2018-01-18 Both as historian and maker of culture Foucault infused numerous disciplines of study with a new conceptual vocabulary and an agenda for future research His ideas have called central assumptions in Western culture into question and altered the ways in which scholars and social scientists approach such issues as discourse theory theory of knowledge Eros technologies of the Self and Other punishment and prisons and asylums and madness The contributors to this volume indicate Foucault's achievements and the suggestive power of his work as well as his methodological weaknesses historical inaccuracies and ambiguities Above all they attempt to show how one can use Foucault to go beyond him in opening new approaches to cultural history Though comprehensiveness was not attempted their essays broach the major controversial aspects of Foucauldian cultural history the position of the subject the fusion of power and knowledge sexuality the historical structures and changes and they explicitly analyze them with respect to antiquity the Renaissance and the nineteenth century In this collection Neubauer presents analyses by historians literary scholars and philosophers of the entire transdisciplinary range of Foucault's oeuvre emphasizing the rich suggestiveness of its agenda The breadth of the undertaking makes it suitable for seminars and graduate courses in numerous departments

History in Transit Dominick LaCapra, 2018-08-06 History in Transit comprises Dominick LaCapra's explorations of relationships he believes have been insufficiently theorized between experience and identity between history and various theories of subjectivity between extreme events and their representation between institutional structures and the kinds of knowledge produced within them Taken together these discussions form a dialogical encounter positing the links among epistemological questions historicist ones and issues pertaining to disciplinary and institutional politics Reacting against the antitheoretical bias of some prominent historians LaCapra presents an alternative model of historiographical practice one in which emphases on plurality and hybridity are combined with the concept of historical experience For LaCapra experience emerges as a category both theoretically determined and anchored in the facticity of the everyday LaCapra tests the assumptions and implications of the way one approaches the past by looking to psychoanalysis to render more self-aware the relationship between the historian and his or her material He offers criticisms of assumptions held by practicing historians and theorists placing the study of history at the center of a larger argument about the role of the contemporary university Contesting both corporatization and claims that the university is in ruins LaCapra writes It is paradoxical that the demand to make the university conform to an ever increasing extent to a market or business model seems oblivious to the fact that the American university has probably

been the most successful of its type in the world that students from other countries disproportionately desire to study in it

Frontiers of Historical Imagination Kerwin Lee Klein, 2023-11-15 The American frontier a potent symbol since Europeans first stepped ashore on North America serves as the touchstone for Kerwin Klein's analysis of the narrating of history Klein explores the traditions through which historians philosophers anthropologists and literary critics have understood the story of America's origin and the way those understandings have shaped and been shaped by changing conceptions of history The American West was once the frontier space where migrating Europe collided with Native America where the historical civilizations of the Old World met the nonhistorical wilds of the New It was not only the cultural combat zone where American democracy was forged but also the ragged edge of History itself where historical and nonhistorical defied and defined each other Klein maintains that the idea of a collision between people with and without history still dominates public memory But the collision he believes resounds even more powerfully in the historical imagination which creates conflicts between narration and knowledge and carries them into the language used to describe the American frontier In Klein's words We remain obscurely entangled in philosophies of history we no longer profess and the very idea of America balances on history's shifting frontiers The American frontier a potent symbol since Europeans first stepped ashore on North America serves as the touchstone for Kerwin Klein's analysis of the narrating of history Klein explores the traditions through which historians philosophers anthropol

**Afterlives of war** Michael Roper, 2023-07-05 Afterlives of war documents the lives and historical pursuits of the generations who grew up in Australia Britain and Germany after the First World War Although they were not direct witnesses to the conflict they experienced its effects from their earliest years Based on ninety oral history interviews and observation during the First World War Centenary this pioneering study reveals the contribution of descendants to the contemporary memory of the First World War and the intimate personal legacies of the conflict that animate their history making

Historiographies of Game Studies Alisha Karabinus, 2025-07-25 Historiographies of Game Studies offers a first of its kind reflection on how game studies as an academic field has been shaped and sustained Today game studies is a thriving field with many dedicated national and international conferences journals professional societies and a strong presence at conferences in disciplines like computer science communication media studies theater visual arts popular culture and others But when did game studies start And what and who is at the core or center of game studies Fields are defined as much by what they are not as by what they are and their borderlands can be hotly contested spaces In this anthology scholars from across the field consider how the boundaries of game studies have been established codified contested and protected raising critical questions about who and what gets left out of the field Over more than two dozen chapters and interviews with leading figures including Espen Aarseth Kishonna Gray Henry Jenkins Lisa Nakamura Kentaro Matsumoto Ken McAllister and Janet Murray the contributors offer a dazzling array of insightful provocations that address the formation propagation and cultivation of game studies interrogating not only the field's pasts but its potential futures and

asking us to think deliberately about how academic fields are collectively built      *The Oxford Handbook of Political Institutions* R. A. W. Rhodes, Sarah A. Binder, Bert A. Rockman, 2008-06-12 This one volume distillation provides a comprehensive overview of the main branches of contemporary political science It will serve as the reference book for political scientists and those following their work for years to come      [A History of Preaching](#) Otis Carl Edwards, 2004 Accompanying CD ROM contains the full text of volume one and two Volume two contains primary source material on preaching drawn from the entire scope of the church's twenty centuries Each chapter in volume two is geared to its companion chapter in volume one's narrative history      **Jacob Burckhardt's Social and Political Thought** Richard Franklin Sigurdson, 2004-01-01 Contrary to his usual portrayal as a disinterested aesthete Swiss cultural historian Jacob Burckhardt is characterised as an original social and political thinker in Richard Sigurdson's timely book Jacob Burckhardt's Social and Political Thought Burckhardt's thinking on a number of ideas including the relationship between the individual and the mass the tension between the ideals of equality and human excellence and the role of the intellectual in the modern state is the subject of insightful analysis thus providing a rare investigation into Burckhardt's culture critique of the nineteenth century Other important aspects of Burckhardt's life that undoubtedly influenced both his historical and political thought such as his ambiguous relationship with Friedrich Nietzsche are carefully scrutinised in this groundbreaking analysis of the Swiss historian Known primarily as an historian Burckhardt's historical writings provide not only a powerful critique of his own times but also a broad ranging political philosophy that can be placed within the larger German tradition of evaluating politics according to the values and standards of art and culture Although Burckhardt himself expressed his scepticism towards general theories and claimed to be devoid of a personal philosophical position through an examination of his works Sigurdson argues that both implicit and explicit political reflections and theories are recognisable      *In the Process of Becoming* Janet Schmalfeldt, 2017-02-03 With their insistence that form is a dialectical process in the music of Beethoven Theodor Adorno and Carl Dahlhaus emerge as the guardians of a long standing critical tradition in which Hegelian concepts have been brought to bear on the question of musical form Janet Schmalfeldt's ground breaking account of the development of this Beethoven Hegelian tradition restores to the term form some of its philosophical associations in the early nineteenth century when profound cultural changes were yielding new relationships between composers and their listeners and when music itself in particular instrumental music became a topic for renewed philosophical investigation Precedents for Adorno's and Dahlhaus's concept of form as process arise in the *Athen um* Fragments of Friedrich Schlegel and in the *Encyclopaedia Logic* of Hegel The metaphor common to all these sources is the notion of becoming it is the idea of form coming into being that this study explores in respect to music by Beethoven Schubert Mendelssohn Chopin and Schumann A critical assessment of Dahlhaus's preoccupation with the opening of Beethoven's *Tempest* Sonata serves as the author's starting point for the translation of philosophical ideas into music analytical terms ones that encourage listening

both forward and backward as Adorno has recommended Thanks to the ever growing familiarity of late eighteenth century audiences with formal conventions composers could increasingly trust that performers and listeners would be responsive to striking formal transformations The author s analytic method strives to capture the dynamic quasi narrative nature of such transformations rather than only their end results This experiential approach to the perception of form invites listeners and especially performers to participate in the interpretation of processes by which for example a brooding introduction like opening must inevitably become the essential main theme in Schubert s Sonata Op 42 or in which tremendous formal expansions in movements by Mendelssohn offer a dazzling opportunity for multiple retrospective reinterpretations Above all In the Process of Becoming proposes new ways of hearing beloved works of the romantic generation as representative of their striving for novel intensely self reflective modes of communication

**Conversations with August Wilson** Jackson R. Bryer, Mary C. Hartig, 2006 Collects a selection of the many interviews Wilson gave from 1984 to 2004 In the interviews the playwright covers at length and in detail his plays and his background He comments as well on such subjects as the differences between African Americans and whites his call for more black theater companies and his belief that African Americans made a mistake in assimilating themselves into the white mainstream He also talks about his major influences what he calls his four B s the blues writers James Baldwin and Amiri Baraka and painter Romare Bearden Wilson also discusses his writing process and his multiple collaborations with director Lloyd Richards Publisher description
