Rediscovering The Ideas Of Liberty The Foundations Of Americas Greatness:

Rediscovering the Ideas of Liberty W. David Stedman, LaVaughn G. Lewis, 1995-03-01 **The Religion of American Greatness** Paul D. Miller, 2022-07-05 What is Christian nationalism and how is it different from patriotism Political theorist veteran and former White House staffer Paul D Miller provides a detailed portrait of and case against Christian nationalism calling for Christians to seek a healthier political witness that respects our constitutional ideals and a biblical vision of justice

America Rediscovered Robert Garrett with Robert Watkins, 2025-09-09 America must rediscover its national heritage rooted in the Enlightenment Western Christianity and classical Greece and Rome We now live in an age when traditional values and Western civilization itself are under assault from nearly every side This book seeks to celebrate the American story so rarely taught today by highlighting how it began where we are presently and answers for the future Its message is for all people of goodwill regardless of race political party or religious persuasion It acknowledges God because that much should be self evident from American history and the founding documents By what authority did the colonists dare to challenge the King of England George III and notify him that they had seized his thirteen colonies The Declaration of Independence answers that question by appealing to the laws of nature and nature s God the Creator The authors of America Rediscovered believe that readers may find understanding hope and answers in the postmodern age if we seek to strengthen traditional foundations and build a more perfect union **Rediscovering America's Sacred Ground** Barbara A.

McGraw, 2012-02-01 Returning to the ideas of John Locke and the Founders themselves Barbara A McGraw examines the debate about the role of religion in American public life and unravels the confounded rhetoric on all sides She reveals that no group has been standing on proper ground and that all sides have misused terminology religion secular dichotomies public private and concepts separation of church and state in ways that have little relevance to the original intentions of the Founders She rediscovers a theology underlying the founding documents of the nation that is neither anyone s particular religion nor one requiring religion Instead it justifies freedom of conscience for all and provides a two tiered public forum a civic public forum and a conscientious public forum for the debate itself and the actions that debate inspires America s Sacred Ground this theology and its public forum determines the meaning of freedom and the ways in which Americans can pursue the good good government good communities good families good relations between individuals and good individuals from a plurality of perspectives By exploring our past McGraw answers the critical question Who are we as a people and what do we stand for *The Authentic Constitution* Arthur E. Palumbo, 2009 In 2008 Alan Keyes a Republican presidential

candidate in 1996 and 2000 described the relationship between the Declaration of Independence and the Constitution of the United States in the following way The doctrine of unalienable rights is to the Constitution what the laws of physics are to architecture or engineering Those laws are not repeated in every plan or architect s drawing but they are assumed and must be respected or the results will be defective and dangerous It is clear that the founding principles of the Declaration are

intimately connected with the Constitution and it **Live Free Or Die** Sean Hannity,2020-08-04 1 NEW YORK TIMES BESTSELLER America s top rated cable news host offers his first book in over ten years a look at America s fight against those who would reverse our tradition of freedom America is great for a reason Built on principles of freedom rugged individualism and self sufficiency no country has ever accumulated more power and wealth abused it less or used that power more to advance the human condition And yet as America blossomed leftwing radicalism and resentment festered beneath the surface threatening to undermine democracy in the form of social justice warriors the deep state and compromised institutions like academia and the mainstream media With the Democratic victory in 2020 we are now at risk for a big step toward full blown socialism along with the economic dysfunction and social strife that are its hallmarks With radical Democrats demanding the Green New Deal socialized medicine abortion on demand open borders abolishing the Electoral College packing the Supreme Court and an end to free speech our great nation will be fundamentally transformed beyond recognition Ronald Reagan once said Freedom is but one generation away from extinction and his words have never rung truer In *Live Free or Die* Sean demonstrates why now is an All Hands on Deck moment to save the Republic **Economic Inequality, Neoliberalism, and the American Community College** Patrick Sullivan,2017-05-11 This book aims to deepen public understanding of the community college and to challenge our longstanding reliance on a deficit model for defining this important powerful and transformative institution Featuring a unique combination of data and research Sullivan seeks to help redefine update and reshape public perception about community colleges This book gives serious attention to student voices and includes narratives written by community college students about their experiences attending college at an open admissions institution Sullivan examines the history of the modern community college and the economic model that is driving much of the current discussion in higher education today Sullivan argues that the community college has done much to promote social justice and economic equality in America since the founding of the modern community college in 1947 by the Truman Commission *Subject Guide to Books in Print* ,1996 **The American Spirit** Edwin J. Feulner,Brian Tracy,2023-12-19 The United States is an exceptional place to call home thanks to the character of the American people With conviction and urgency Ed Feulner and Brian Tracy affirm our core tenets from patriotism and optimism to faith and generosity and challenge all of us to live out the timeless principles of citizenship Packed with engaging stories insightful profiles and eye opening statistics *The American Spirit* serves as an indispensable primer on the bedrock belief that an indomitable spirit does exist that it defines us as a people and that it must be preserved for the nation to flourish
