REDSHIFT RENDEZVOUS

One fabulously wealthy colony. One hyperspace craft.
One team of ruthless hijackers. One loner in their way.
Do the math.

"This is absolutely one of the most terrific ideas
for an SF novel I've seen in years. My first thought was,
'Why couldn't I have come up with this?' My second thought, too."
-- Connie Willis

C. Burnworth,2021-12-15 GET READY FOR WAR Nothing better than going full rock n roll on alien landscapes 5 Jeremy Spies Ashes of Eternity The Shadow Man was there when Milune was destroyed wielding a power that ordinary folk should not behold But frightened children are rarely believed With Abraham s mother dead his father tries desperately to build his sons a new life on a new world There are friends enemies romances and the usual embarrassments of teenage years But Abraham dreams only of revenge against the vile riskar destroyers of Milune Enamored by tales of the great campaign against the riskar Abraham signs up the realities of war and the dynamics of camaraderie molding a simple farmboy into a deadly and intuitive soldier But there are truths still to emerge and The Shadow Man is no longer the distant memory of a frightened child Nor does he hover at the edges of Abraham s dark dreams In fact he is much closer than Abraham could have imagined Suave political maneuvering thrilling action and entertaining banter amongst soldiers make Redshift a pulsating page turner that you can t put down With an intricate plot

that moves briskly Burnworth keeps the reader hooked on every page characters are well realized and thoroughly compelling action scenes are described vividly RF Review Think Starship Troopers meets Mass Effect meets the Twilight Zone Burnworth expertly guides readers through a story of childhood trauma leading to the realistic challenges and comradery only found in the military with a mysterious chain of events that will keep readers hungry for answers and cumulates in an explosive ending you can't miss 5 stars Amazon

Tiny Time Machine - The Complete Trilogy John E. Stith, 2024-10-01 All life on Earth will die of thirst unless a couple of loners on the run can use a strange time machine to stop a secret project An action packed short novel from a Nebula Award nominee Meg is an angry scientist's daughter Her father is not a mad scientist just really angry so angry that he and Meg have rarely spoken since the death of her mother Meg has become a loner obsessed with combatting polluters like the ones who triggered her mother's death And her father has had a different obsession When Meg breaks into a paint company to expose their practices she runs into Josh another loner out to save the world When Meg and Josh suddenly find themselves on the run from the cops Meg heads for the one man who should always take her in her father But when Meg and Josh reach him they find him dying Just before he dies he gives Meg a strange device that looks like a cellphone and tells her to use extreme caution When the invention proves to be the time machine that holds the key to humanity's future Meg and Josh must find a way to do the impossible to work as a team They are up against the cops a powerful billionaire a Russian profiteer and a romantic rival Can they save the world and save each other About Stith's prior work Stith writes in the best hard sf manner dropping characters into a situation that can be solved only by thought and reason but he also more modernly creates real and believable characters He is becoming one of the most eloquent modern hard sf practitioners Booklist
