Reducing Gun Violence Results From An Intervention In East Los Angeles:

Reducing Gun Violence George Tita, K. Jack Riley, Greg Ridgeway, Clifford A. Grammich, Allan Abrahamse, 2003-09-12 To assess whether an initiative to reduce gun violence that had been successful in Boston could be adapted for use elsewhere researchers selected an East Los Angeles area for a similar intervention that was to include both law enforcement and social service components Although the latter component was not widely available when the intervention began researchers found that the intervention helped reduce violent and gang crime in the targeted districts and that crime also decreased in surrounding communities

Reducing Gun Violence, 2005 **Handbook of Adolescent Behavioral Problems** Thomas P. Gullotta, Gerald R. Adams, 2007-08-26 As we enter the new millennium promoting sound mental health and positive behavior of adolescents has undeniably taken on greater significance than ever before To that end more and more research is confirming what many have suspected for years environment and community surroundings have a major affect on an adolescent s well being and overall mental health And because no single causal agent triggers teenage pathology and no one size fits all treatment is available the Handbook of Adolescent Behavior Problems offers a comprehensive and integrative biopsychosocial approach to effective practice This volume examines not only the psychological and genetic factors underlying dysfunction it also explores the critical roles that family members peers and the larger community play in an adolescent s life It offers current interdisciplinary perspectives on adolescent development both functional and pathological and provides coverage that is clear accessible and practical on such topics as Major disorders including depression anxiety schizophrenia ADHD PTSD developmental delays and conduct disorders Behavior problems such as substance abuse sexual offenses teen pregnancy school failure gambling and gang violence Best practices reviewing what works i e interventions that have been rigorously validated what might work i e those in need of further study and what doesn t work Residential interventions as well as community treatment Risk and resiliency factors Ongoing and emerging pharmaceutical issues Each chapter focuses on a specific behavior or disorder and is formatted to help readers quickly locate needed information The Handbook of Adolescent Behavior Problems provides a solid foundation for understanding the adolescent experience and the influence of the family and community as well as much needed information on the development of evidence based practices It is designed to be a one stop reference for anyone working with adolescents developmental psychologists clinical and school psychologists and education specialists as well as for graduate students in these areas

Celebrities Against Violence Truman R. Keys, 2022-03-23 Violence is more than an issue in America It is a pandemic its negative impacts and corrosive character are harming us whether we are a victim a bystander or professional tasked with public health and safety Violence affects us regardless of class or social standing For decades celebrities and well known public figures have taken to the media to share their own experiences with violence This book spotlights the celebrities and their loved ones who have survived self harm bullying intimate partner violence sexual assault family abuse home invasion gun violence or police brutality Violence prevention experts increasingly recognize the influence of celebrities and work with them to spread awareness This collection of case studies aims to support this growing influence by documenting the effects of violence prevention through celebrity advocacy Strategies for Disrupting Illegal Firearm Markets Greg Ridgeway, 2008 Could a data driven problem solving approach yield new interventions to disrupt local illegal gun markets serving criminals gang members and juveniles in Los Angeles Law enforcement can analyze patterns in crime gun data to trace illicit firearm acquisition use community based interventions to stem the illegal flow and use retail ammunition purchase records in identifying prohibited firearm possessors **Firearms and Violence** National Research Council, Division of Behavioral and Social Sciences and Education, Committee on Law and Justice, Committee to Improve Research Information and Data on Firearms, 2005-01-13 For years proposals for gun control and the ownership of firearms have been among the most contentious issues in American politics For public authorities to make reasonable decisions on these matters they must take into account facts about the relationship between guns and violence as well as conflicting constitutional claims and divided public opinion In performing these tasks legislators need adequate data and research to judge both the effects of firearms on violence and the effects of different violence control policies Readers of the research literature on firearms may sometimes find themselves unable to distinguish scholarship from advocacy Given the importance of this issue there is a pressing need for a clear and unbiased assessment of the existing portfolio of data and research *Firearms and Violence* uses conventional standards of science to examine three major themes firearms and violence the quality of research and the quality of data available The book assesses the strengths and limitations of current databases examining current research studies on firearm use and the efforts to reduce unjustified firearm use and suggests ways in which they can be improved **Guns in American Society** Gregg Lee Carter, 2012-05-04 Thoroughly updated and greatly expanded from its original edition this three volume set is the go to comprehensive resource on the legal social psychological political and public health aspects of guns in American life The landmark 2002 edition of *Guns in American Society* An Encyclopedia of History Politics Culture and the Law was acclaimed for helping readers get beyond the sometimes overheated rhetoric and navigate the overwhelming amount of unbiased academic research on gun related issues Now in light of the steady rate of gun violence and several high profile shooting incidents this extraordinary three volume work returns in a timely and thoroughly updated edition With over 100 new entries the latest edition of *Guns in American Society* is the most current resource available on all aspects of the

gun issue including rates of violence gun control gun rights regulations and legislation court decisions pro and anti gun organizations gun ownership hunters and collectors public opinion toward guns and much more With expert contributions from the fields of criminology history law medicine politics and social science it gives students journalists policymakers and researchers a foundation for their own investigations while helping readers of all kinds make decisions as family members potential gun owners and voters

Redeeming a Prison Society Amy Levad, 2014-01-01 The U S criminal justice system is in a state of crisis from unprecedented rates of imprisonment and recidivism to the privatization of the prison system and the disproportionate representation of particular racial ethnic social and economic groups all of which is within a larger social justice context Catholics and Protestants have largely failed to offer vital theological responses Amy Levad offers a Catholic perspective that directly addresses the concrete issues from a strongly interdisciplinary approach and utilizes the rich liturgical and sacramental resources of penance and Eucharist to offer a theological vision of reform

Multiple Marginality and Gangs James Diego Vigil, 2020-08-20 Multiple Marginality and Gangs Through a Prism Darkly unravels the youth gang problem in a multidimensional approach that encompasses the place status social control subcultural and identity facets of urban street gangs The power of place and the status of persons and groups are the major forces that generate the many situations and conditions that give rise to gangs In its simplest trajectory Multiple Marginality can be modeled as follows place status to street socialization to street subculture

to street identity It is the actions and reactions among them that we fathom As we witness detrimental or absent family influence we also observe weaker underfunded schools that limit educators reach At the same time there has been an increase in the militarization of law enforcement to deal with the youth street populations the heaviest hand is that of the police There is a causal relationship between social marginalization factors and gang membership A psychological analysis also entails how street socialization leads to a street identity In a place and status group the cascading effects of marginalization have certainly affected and mostly thwarted social control institutions

Strategies for Reducing Gun Violence George E. Tita, National Crime Prevention Centre (Canada), 2007

Community Policing and Peacekeeping Peter Grabosky, 2009-06-25 In modern industrial societies the demand for policing services frequently exceeds the current and foreseeable availability of public policing resources Conversely developing nations often suffer from an inability to provide a basic level of security for their citizens Community Policing and Peacekeeping offers a fresh overview of the challenge

Violent Offenders: Theory, Research, Policy, and Practice Matt DeLisi, Peter Conis, 2011-07-20 Although the public interest in criminal predators is extensive the criminology of criminal predators is fragmented Violent Offenders Theory Research Policy and Practice Second Edition aims to demystify the many different types of violent offenders we hear about in the media This newly revised and updated Second Edition is a compilation of original scholarship from an international collection of applied and academic criminologists Based not only on history and academic research but also on the experiences of author Peter Conis as a 25 year veteran of law enforcement it provides students with a realistic view of why people commit violent crimes and how our criminal justice system as a whole responds to these offenders and these violent acts It contains cutting edge material on the broad category of criminal predators including homicide offenders sex offenders financial predators and conventional street criminals Unlike other texts on the subject that narrowly focus on one type of criminal e g serial killers this updated Second Edition illustrates the systemic importance of predation in antisocial behavior This book is divided into two parts part one covers the theoretical and disciplinary foundations of the study of violent

behavior spanning the disciplines of sociology psychology biology and neuroscience Part two covers the policy and practice of responding to violent offenders from the insightful perspectives of people who work among them on a daily basis New and Key Features of the Second Edition Contains 10 NEW chapters 5 in theory and research and 5 in policy and practice These additions provide greater overall coverage of sociological theory evolutionary psychology theory and female offenders The section on policy and practice is organized to be consistent with the criminal justice system from law enforcement through the courts to corrections Hands on research and practitioner expertise illustrate today s study of criminal predation Provides clear explanations of how criminological theory relates to the formation of a criminal offender to help students understand the reasons behind a person s violent actions

Operation Fly Trap Susan A. Phillips, 2024-05-31 In 2003 an FBI led task force known as Operation Fly Trap attempted to dismantle a significant drug network in two Bloods controlled African American neighborhoods in Los Angeles The operation would soon be considered an enormous success noted for the precision with which the task force targeted and removed gang members otherwise entrenched in larger communities In Operation Fly Trap Susan A Phillips questions both the success of this operation and the methods used to conduct it Based on in depth ethnographic research with Fly Trap participants Phillips s work brings together police narratives crime statistics gang cultural histories and extensive public policy analysis to examine the relationship between state persecution and the genesis of violent social systems Crucial to Phillips s contribution is the presentation of the voices and perspectives of both the people living in impoverished communities and the agents that police them Phillips positions law enforcement surveillance and suppression as a critical point of contact between citizen and state She tracks the bureaucratic workings of police and FBI agencies and the language ideologies and methods that prevail within them and shows how gangs have adapted seeking out new locations learning to operate without hierarchies and moving their activities more deeply underground Additionally she shows how the targeted efforts of task forces such as Fly Trap wreak sweeping sustained damage on family members and the community at large Balancing her roles as even handed reporter and public scholar Phillips presents multiple flaws within the US criminal justice system and builds a powerful argument that many law enforcement policies in fact nurture rather than prevent violence in American society
