*China's Stockmarket* Stephen Green, 2003-06-01 Sixteen years after the first shares were traded in Shanghai China s stockmarket is now recognised as the developing world s most important market and is already the third largest in Asia All the large Western banks and investment firms have a strong presence in Shanghai Now that China has become a member of the World Trade Organisation WTO the growth of the Chinese stockmarket is being eagerly watched This is an informative and accessible guide to China s stockmarket It explains the creation of the market and how it has developed since the 1980s Key policies are examined major scandals recounted and the different types of investors institutional and individuals analysed Finally the book maps out the likely development of China s stockmarket over the next ten years and examines the opportunities and risks involved for foreign investors

*The Global Securities Market* R. C. Michie, 2006-11-09 This volume provides an authoritative account of the global securities market from its earliest developments to 2006

**The Development of China's Stockmarket, 1984-2002** Stephen Green, 2004-07-31 As China s government manages a transition away from the socialist plan how does it build the regulatory institutions it needs to manage the new market economy Without the correct institutions laws and agencies that implement the laws in place the remarkable growth witnessed in China over the last two decades will falter Financial sector reform lies at the heart of China s economic transition and China s stock market has become critical to the reform of state owned industry the supply of fiscal revenues and in building a modern pension system The Development of China s Stockmarket takes a close look at the policy making

and regulatory institutions the government has created to manage equity development and shows how in contrast to neo institutional and economic theories of regulatory development public actors have controlled institutional development Based on extensive field research in Shanghai Shenzhen and Beijing and over forty interviews with regulators and market players The Development of China's Stockmarket provides the first detailed academic analysis of the country's stockmarket With a comprehensive review of Chinese language literature available on the subject this book is essential reading for all scholars with an interest in Asian Business and China's transition from socialism      Securities Regulation in China Zhu Sanzhu, 2021-10-01 A co publication with Simmonds and Hill In this important study Dr Zhu Sanzhu offers a thorough account of the tortuous passage of China from an experimental securities market subject to regional and local or ministerial regulation to a full fledged national securities law China has conducted its securities experiments within a limited private and quasi private sector not linking them as has been true in Central and Eastern Europe to the rapid privatisation of the instruments and means of production The capital markets in China are for certain actors in the economy a test of economic performance economic efficiency and public confidence Dr Zhu also provides a translation of the Securities Law of the People's Republic of China along with a glossary of Chinese terms This volume is an essential resource for all those engaging in business with China or studying the integration of the Chinese economy into the world community Published under the Transnational Publishers imprint      **Chinese Companies and the Hong Kong Stock Market** Flora Xiao Huang, Horace Yeung, 2013-10-30 Listing by companies from one country on the stock market of another country is a device often used both to raise capital in and to increase bonding with the target country This book examines the listing by Chinese companies on the Hong Kong stock market It discusses the extent of the phenomenon compares the two different regulatory regimes and explores the motivations for the cross listing It argues that a key factor in addition to raising capital and bonding with the Hong Kong market is Chinese companies desire to encourage legal and regulatory reforms along Hong Kong lines in mainland China in order to develop and open up China's domestic capital markets      **Securities Dispute Resolution in China** Sanzhu Zhu, 2018-02-06 Securities Dispute Resolution in China is a comprehensive and detailed study of the increasingly important issue of how cases involving securities are dealt with by Chinese courts commissions and other administrative authorities and by arbitration and mediation in the PRC The work identifies the nature and types of securities disputes and the various procedures including alternative dispute resolution used to address them This timely groundbreaking book is particularly relevant at a time of growing foreign investment in China's securities market The volume will be an invaluable resource for researchers and practitioners in developed as well as emerging markets      Corporate Governance and China's H-share Market Alice De Jonge, 2008-01-01 Using detailed case studies of the first nine mainland Chinese companies to be listed on the Hong Kong stock exchange 1993-94 Alice de Jonge examines the evolution of corporate governance law and culture in China's H share market A story emerges not of tensions between ideas of corporate

governance from two different legal systems Hong Kong vs mainland Chinese nor about legal convergence as China adopts concepts from Anglo American jurisdictions Rather it is a story of individual firms being pragmatic in mediating the different agendas of state agencies that own or control them Corporate Governance and China's H Share Market looks at corporate governance in a cross border context is unique in providing a detailed understanding of China's H share market reveals why a beer company was the first ever Chinese firm to be listed overseas This fascinating work will appeal to postgraduate students and scholars of corporate governance Asian law and legal systems and Asian business as well as Chinese scholars more generally Professionals such as law practitioners working in Chinese law will also find the book of interest

**Corporate Disclosure and Corporate Governance in China** Jane Fu, 2010-01-01 Rapid economic development has focused attention from around the world upon China's corporate governance regime particularly as during the past few years some of China's companies mainly large state owned companies have been aggressively buying foreign businesses overseas China's huge capital injection and aggressive foreign investments have raised increasing and deep concerns among the target countries governments their business communities and the global public It is clearly of great importance that the people's Republic of China's business partner countries understand corporate governance of many Chinese state owned companies calls for a closer look at China's corporate governance theory and practice The corporate disclosure regime plays a critical role in this regard This timely and highly informative book provides for the first time comprehensive research on corporate governance in China with detailed attention to the formation and reform of its corporate disclosure laws and regulations Among the many factors analyzed are the following the role of the government in the management of state owned companies the legal and regulatory environment majority shareholders infringement of listed companies interests the increasing independence of the boards of directors the role of institutional investor the shareholding structure law enforcement and shareholders legal actions unmonitored insiders

control of corporate affairs the external governance structure and the absence of fiduciary duty The author describes the nature of the many breaches of disclosure laws and rules in the two decades or so of the history of China's securities market and the pressures within the relevant government agencies confronting the problem As a detailed analysis of the Chinese corporate disclosure regime that has emerged during the period of China's economic transition since the 1990s this incomparable book will be of great interest to legal researchers policymakers and legal practitioners working with business investments in China

**The Chinese Economy in the 1990s** J. Ma, 1999-09-20 This book provides a comprehensive overview and some economic analysis of China's economic reform experiences particularly those since the late 1980s It covers many institutional details of key aspects of the Chinese economy including fiscal and monetary management financial sector development state enterprise reform international trade foreign investment decentralization and regional development It is argued that while China has achieved a spectacular growth record over the past twenty years and its reform efforts have successfully laid the foundation of a market based economic management system the country continues to face major challenges in sustaining its growth performance

Foreign Participation in China's Banking and Securities Markets Francis Lees, K. Thomas Liaw, 1996-01-19 The authors consider the opportunities for foreign participants in the rapidly evolving People's Republic of China across all sectors of economic activity banking securities markets infrastructure and business investment In each case government regulation legal structure market organization and recent trends are analyzed Consideration is given to central government strategies to modify policies to achieve particular goals The foreign participant must be aware of these policy changes and the strategies that guide them Special attention is given to the foreign exchange system as it affects the foreign participant and the several reforms undertaken in the foreign exchange sector

The Trading Crowd Ellen Hertz, 1998-06-18 In 1992 there was an explosion of stock fever in Shanghai From the moment I set foot in Shanghai until my last day there people from all walks of life wanted to talk to me about the market Ellen Hertz writes Her 1998 study sets the stock market and its players in the context of Shanghai society and it probes the dominant role played by the state which has yielded a stock market very different from those of the West A trained anthropologist she explains the way in which investors and officials construct a moral storyline to make sense of this great structural innovation identifying a struggle between three groups of actors the big investors the little investors and the state to control the market

Shanghai in Transition Jos Gamble, 2005-07-27 In the decades following the introduction of Communist Party rule in Shanghai in 1949 the city's economy infrastructure and links with the world all atrophied However the past decade has seen far reaching economic reforms implemented to recreate Shanghai as a cosmopolitan world financial and trade centre This book focuses on the lives of local residents and their perceptions of their changing city and presents an evocative series of ethnographic perspectives of the city's shifting sociological landscape in this period of transition

China Superpower F. Lees, 1996-11-28 This volume analyzes the economic achievements of China since the opening in 1979 and the measures taken by the

government to spur international trade investment and technology transfer China's extraordinarily high economic growth rate is examined and broken down into several parts Prospects for continued high growth are evaluated This evaluation looks to the future to weigh the possibility for maintaining high growth into the next century A concluding chapter examines China's changing role in the world economy and politics

East Asia's Reemergence Philip S. Golub, 2016-03-01 East Asia has re-emerged after a long eclipse as a centre of world wealth creation and growth Over the past four decades the region's share of world GDP has risen from less than 10 to 30 percent a ratio that is set to rise to 40 percent by 2030 What has made East Asia's remarkable ascent possible and what does this economic rebalancing between East and West mean for world politics In this insightful and provocative book Philip Golub addresses these questions tracing the region's rise from the early modern European Asian encounter to the imperial confrontations of the nineteenth century and China's state capitalist turn in the latter half of the twentieth century Together he argues the dynamics of imperialism war and revolution led to the constitution of developmental states that made possible East Asia's return to a central position in the global economy Combining rich historical narrative and social theory this book is an invaluable guide to one of the core issues in world politics today
