**Sturm's Reflections on the Works of God, and His Providence Throughout All Nature ...** Christoph Christian Sturm, 1832      **Your Computer Is on Fire** Thomas S. Mullaney, Benjamin Peters, Mar Hicks, Kavita Philip, 2021-03-09 Technology scholars declare an emergency attention must be paid to the inequality marginalization and biases woven into our technological systems This book sounds an alarm we can no longer afford to be lulled into complacency by narratives of techno utopianism or even techno neutrality We should not be reassured by such soothing generalities as human error virtual reality or the cloud We need to realize that nothing is virtual everything that happens online virtually or autonomously happens offline first and often involves human beings whose labor is deliberately kept invisible Everything is IRL In Your Computer Is on Fire technology scholars train a spotlight on the inequality marginalization and biases woven into our technological systems      *Genesis - Fire After Eden* André Audigier, 2025-09-12 Genesis Fire After Eden What if the Fall was not a flaw but the beginning of freedom This book is not a theological commentary It is a dramatic epic a mythopoetic descent into the depths of what it truly means to be human desire knowledge guilt and the insatiable will to be more than a creature of obedience In a polyphonic sequence of scenes God angels Adam Eve and doubt itself speak They wrestle with the price of freedom the dignity of the self the question Can love exist without the courage to separate Where paradise ends a fire begins Not the fire of punishment but of insight Not wrath but thought set aflame Genesis Fire After Eden is a book for those who do not seek a return to innocence but a path forward into truth through darkness desire and responsibility

**Fire in the Minds of Men** James H. Billington, 2011-12-31 This book traces the origins of a faith perhaps the faith of the century Modern revolutionaries are believers no less committed and intense than were Christians or Muslims of an earlier era What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority This inherently implausible idea energized Europe in the nineteenth century and became the most pronounced ideological export

of the West to the rest of the world in the twentieth century Billington is interested in revolutionaries the innovative creators of a new tradition His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century The theater was Europe of the industrial era the main stage was the journalistic offices within great cities such as Paris Berlin London and St Petersburg Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto romanticism of Germany as the critical rationalism of the French Enlightenment The conversion of social theory to political practice was essentially the work of three Russian revolutions in 1905 March 1917 and November 1917 Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power Despite his hard realism about the adverse practical consequences of revolutionary dogma Billington appreciates the identity of its best sponsors people who preached social justice transcending traditional national ethnic and gender boundaries When this book originally appeared The New Republic hailed it as remarkable learned and lively while The New Yorker noted that Billington pays great attention to the lives and emotions of individuals and this makes his book absorbing It is an invaluable work of history and contribution to our understanding of political life *Reflection on the Works of God in Nature and Providence, for Every Day in the Year ... Translated from the French, and Collated with the German, by A. Clarke* Christoph Christian STURM,1802 Adaptation Under Fire David W. Barno,Nora Bensahel,2020 Militaries that can rapidly adapt to unexpected battlefield challenges are more likely to win wars and those that cannot are more likely to lose In Adaptation under Fire David Barno and Nora Bensahel identify the characteristics that make militaries more adaptable illustrated through historical and contemporary examples The authors argue that the U S military often adapted well in Iraq and Afghanistan at the tactical level but also displayed disturbing failures by some of its senior leaders They conclude that the U S military must become far more adaptable in order to address future security challenges effectively and recommend ways to do so before it is too late Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 United States. *When the Center Is on Fire* Diane Sue Harriford,Becky W. Thompson,2021 In this lively and provocative book two feminist public sociologists turn to classical social thinkers W E B Du Bois Max Weber Karl Marx and mile Durkheim to understand a series of twenty first century social traumas including the massacre at Columbine High School the 9 11 attacks the torture at Abu Ghraib prison and Hurricane Katrina Each event was overwhelming in its own right while the relentless pace at which they occurred made it nearly impossible to absorb and interpret them in any but the most superficial ways Yet each uncovered social problems that cry out for our understanding and remediation In *When the Center Is on Fire* Becky Thompson and Diane Harriford assert that classical social theorists grappled with the human condition in ways that remain profoundly relevant They show for example that the loss of double consciousness that Du Bois identified in African Americans enabled political elites to turn a blind eye to the poverty and vulnerability of many of New Orleans s citizens The authors compelling sometimes irreverent often searing interpretations make this book essential reading for students activists generations X Y and Z and everybody bored by the 6 o clock news
