Reflections on Canadian Character Bob Couchman, 2014-10-01 In *Reflections on Canadian Character* From Monarch Park to Monarch Mountain Bob Couchman offers a critical examination of Canada's social welfare state and its evolution. The story begins in the 1940s in Monarch Park, a working class neighbourhood where the community provided assistance and care when people were in need and government programs were viewed as a temporary helping hand for those who were destitute or suffering. In the 1950s and 1960s government expanded its social welfare agenda and Canadian attitudes began to change. Social programs that were intended to provide short term aid came to be viewed as a universal right something all Canadians were entitled to regardless of need or financial situation. Couchman witnessed first hand the effects of this shift away from collective responsibility and toward individual entitlement. While Canadians increasingly depend on government for aid many programs fail to provide adequate support. Such failures combined with the fundamental change in the character of Canadians threaten our very future as a caring society. *Reflections on Canada's Past, Present and Future in International Law/Réflexions sur le passé, le présent et l'avenir du Canada en droit international* Oonagh E. *War Is Here* Robert McGill, 2017-09-01 Canada did not fight in the Vietnam War, but the conflict seized the Canadian imagination with an energy that has persisted. In *War Is Here*, Robert McGill explains how the war contributed to a golden age for writing in Canada. As authors addressed the conflict, they helped to construct an enduring myth of Canada as liberal, hospitable and humanitarian. For many writers, the war was one that Canadians could and should fight against, if not in person, then on the page. In this pioneering account of war-related Canadian literature, McGill observes how celebrated books of the era channel Vietnam sometimes in subtle but pervasive ways. He examines authors' attempts to educate their readers about American imperialism and Canadian complicity and he discusses how writers repeatedly used language evoking militarism and violence from the figure of the United States as a rapist to the notion of Canada as a peaceable kingdom in order to make Canadians feel more intensely about their country. McGill also addresses the recent spate of prize-winning Canadian novels about the war that have renewed Vietnam's resonance in the wake of twenty-first-century conflicts involving America. *War Is Here* vividly revisits a galvanizing time in world history and Canadian life, offering vital insights into the Vietnam War's influence on how people think about Canada, its place in the world and the power of the written word to make a difference.

*Essentially Canadian* Gordon D. McLeod, 1982-07-15 Allan Sullivan wrote over forty works of popular fiction between 1890 and 1940; today it is difficult to find even one copy of many of these works. A well-known and widely read author in the first half of this century, Sullivan wrote thrillers, historical romance, children's stories and novels set in the north: *The Great Divide*, *The Fur Masters*, *Cariboo Road*. Now there is no complete collection of his published works anywhere in the world. In this literary biography of Alan Sullivan, the author interweaves Sullivan's life story and his literary career. Drawing on published and unpublished material as well as on information supplied by Sullivan's four children, McLeod traces the influence on Sullivan's writings of his early years in Sault Ste Marie and in mining and construction camps, of society life in Toronto, of visits to the Arctic and Europe and residence on an English country estate. Sullivan is seen as a man whose essential characteristics are those of Canada and whose literary work is paralleled by the paintings of the Group of Seven artists. His literary works are discussed and

evaluated in the light of Sullivan's own and other Canadian critical theories. The bibliography provides a convenient listing of Sullivan's book-length publications. The volume will be of value to students of literature but will also appeal to anyone interested in Canadian life and culture.

**Canadian Journal of Earth Sciences**, 2011      **Reflecting on Our Past and Embracing Our Future** Serge Joyal, Judith Seidman, 2019-03-04

Since 1967 the centennial of Confederation numerous political crises, economic challenges and international events have helped to transform Canadian society and will continue to shape its future. Taking these various challenges and opportunities of the past into account, how does the future look for Canada? In *Reflecting on Our Past and Embracing Our Future*, diplomats, politicians, scientists and human rights leaders including Phil Fontaine, Michèle Jean, Ellen Gabriel, Paul Heinbecker, Bob Rae, Jean Charest and David Suzuki have come together to share their wisdom and experience of events that have marked the country over the last fifty years. Reflecting on the role of the Senate in Canada as complementary to the House of Commons, they consider central issues such as the condition of indigenous peoples, the obligations of the Charter of Rights and Freedoms, the recognition of two official languages and the national unity referendums. Contributors also discuss the transformation of the economy in a globalized and digital world, the role of Canada on the world stage at a time of growing tension and an increasing flow of refugees, climate change and the uncertain future of the Arctic, scientific and cultural competitions on the international market and the future of parliamentary democracy. Correcting misconceptions about the contemporary role of the Senate and providing a counterargument for radical Senate reform, *Reflecting on Our Past and Embracing Our Future* offers rich perspectives and fascinating insights about Canada's likely development in the coming years.
