Catholic and Reformed Anthony Milton, 2002-05-09 Religious controversy was central to political conflict in the years before the English Civil War Where earlier historians have focused more narrowly on the doctrine of predestination Dr Milton analyses the broader attitudes

which underlay notions of religious orthodoxy Through the first comprehensive analysis of how contemporaries viewed the Roman and foreign Reformed churches in the early Stuart period Milton demonstrates the way in which an author's choice of a particular style of religious discourse could be used either to mediate or to provoke religious conflict This study challenges many current historical orthodoxies It identifies the theological novelty of Laudianism but also exposes areas of ideological tension within the Jacobean Church Its wide ranging conclusions will be of vital concern to students of early Stuart religion and the origins of the English Civil War *Fifty Motives for Being a Reformed Catholic, and for Not Being a Roman Catholic, Suggested by the Duke of Brunswick's Fifty Reasons for Being a Roman Catholic. Swain, 2015-01-13 Can Christians and churches be both catholic and Reformed In this volume two accomplished young theologians argue that to be Reformed means to go deeper into true catholicity rather than away from it Their manifesto for a catholic and Reformed approach to dogmatics seeks theological renewal through retrieval of the rich resources of the historic Christian tradition The book provides a survey of recent approaches toward theological retrieval and offers a renewed exploration of the doctrine of sola scriptura It includes a substantive afterword by J Todd Billings **A Reformed, Evangelical, Catholic Theology** Alan P.F. Sell, 1998-05-13 The story of twentieth century theology remains incomplete writes author Sell if due attention is not paid to the Christian ecumenical bodies and their theological work He has therefore compiled this theological history of the World Alliance of Churches the first detailed analysis of the theological contribution of any major Christian world communions Catholic and Reformed Charles Yrigoyen, George H. Bricker, 1978-01-01 The place of the Mercersburg Theology in American religious history has been widely recognized It is usually viewed as one of the unique movements in 19th century American Protestantism principally because it challenged many of the prevailing theological ideas and practices of the time Two surveys of American religious history have described it as a theologically and liturgically creative high church movement Robert T Handy and as the most creative manifestation of the Catholic tendency Sydney E Ahlstrom among 19th century American Protestants Catholic and Ecumenical Frederick M. Bliss, 2007-04-18 Ecumenical consciousness has not always been part of the Catholic experience Frederick M Bliss S M traces how the concern for ecumenism came about from uneasy tension to confidence in the true grace of catholicity This new edition follows significant developments in dialogues with the Catholic Church up to 2006 and suggests likely trends of continuing change It studies the forces that had an impact on the Second Vatican Council forces that continue to steer the church into relationships with other Christian communities other religions and the world The New Cambridge Companion to Christian Doctrine Michael Allen, 2022-11-17 What is Christian Doctrine This Companion guides students and scholars through the key issues in the contemporary practice of Christian theology Including twenty one essays specially commissioned from an international team of leading theologians the

In the second part essays address the most significant movements that are reshaping approaches to multiple topics across disciplinary as well as denominational and ecclesiastical borders. **John Calvin and Roman Catholicism** Randall C. Zachman, 2008-09. Protestant and Catholic scholars examine the relationship of John Calvin to Roman Catholicism offering historical essays on sixteenth and seventeenth century interactions and contemporary assessments.

**The Mercersburg Theology and the Quest for Reformed Catholicity** W. Bradford Littlejohn, 2009-07-01. In the mid nineteenth century Reformed churchmen John Nevin and Philip Schaff launched a fierce attack on the reigning subjectivist and rationalist Protestantism of their day giving birth to what is known as the Mercersburg Theology. Their attempt to recover a high doctrine of the sacraments and the visible Church among other things led them into bitter controversy with Charles Hodge of Princeton Seminary as well as several other prominent contemporaries. This book examines the contours of the disagreement between Mercersburg and Hodge focusing on four loci in particular: Christology, ecclesiology, sacramentology and church history. W. Bradford Littlejohn argues that despite certain weaknesses in their theological method the Mercersburg men offered a more robust and historically grounded paradigm for the Reformed faith than did Hodge. In the second part of the book Littlejohn explores the value of the Mercersburg Theology as a bridgehead for ecumenical dialogue uncovering parallels between Nevin's thought and prominent themes in Anglican, Catholic and Orthodox theology as well as recent debates within Reformed theology. This thorough study of one of the most creative movements in American theology offers an alluring vision of the quest for Reformed catholicity that is more relevant today than ever.

Aspects of Anglican Identity Colin Podmore, 2005. A collection of essays exploring the underlying issues facing the Anglican Communion and setting them in their historical context including the roles of synods, bishops and primates, the ministry of the Archbishop of Canterbury, being in and out of communion and the significance of diocesan boundaries in an age of globalization.
