**Islamic Reforms** Ousman Kobo,2012-08-27 In this book Ousman Kobo analyzes the origins of Wahhabi inclined reform movements in two West African countries Commonly associated with recent Middle Eastern influences reform movements in Ghana and Burkina Faso actually began during the twilight of European colonial rule in the 1950s and developed from local doctrinal contests over Islamic orthodoxy These early movements in turn gradually evolved in ways sympathetic to Wahhabi ideas Kobo also illustrates the modernism of this style of Islamic reform The decisive factor for most of the movements was the alliance of secularly educated Muslim elites with Islamic scholars to promote a self consciously modern religiosity rooted in the Prophet Muhammad s traditions This book therefore provides a fresh understanding of the indigenous origins of Wahhabism **Improving the Pedagogy of Islamic Religious Education in Secondary Schools** Ayse Demirel

Religious Education Chapters identify discrete pedagogical issues that arise in the confessional and constructivist approaches to Islamic Education such as students difficulties in relating to concept of Islam and progressive approaches taken in public schools In addressing these the text proposes a new theoretical and pedagogical approach to the teaching of Islam which draws on the philosophy of Critical Realism the theories of Critical Religious Education and Variation Theory This book will be of great interest to postgraduate students researcher scholars and academics in the fields of religion and education and Islamic studies In addition it will be of interest to social equity professionals and public policy decision makers

**Beyond Regionalism?** Matteo Legrenzi, 2016-04-15 Regional cooperation regionalism and regionalization in the Middle East are usually considered to be weak and rather ceremonial However since September 11 2001 a new regional order is emerging and the impact of geostrategic changes in the international environment has yet to be satisfactorily studied With older regional organizations suffering from weaknesses new forms appear to be developing and flourishing due either to European support or growing sub regional identities This volume offers refined theoretical models and approaches which are attuned to the new dynamics and contradictions of a wide range of regionalist projects in the contemporary Middle East Case studies of the most important regional organizations in different policy fields offer comprehensive overviews of the main actors institutions historical development and current issues *Islam in Liberalism* Joseph A. Massad, 2015-01-06 Demonstrates that Western liberal democracy portrayed as foreign to Islam necessarily serves an imperial project timely and controversial Politics Religion Ideology Islam is often associated with words like oppression totalitarianism intolerance cruelty misogyny and homophobia while its presumed antonyms are Christianity the West liberalism individualism freedom citizenship and democracy In the most alarmist views the West s most cherished values freedom equality and tolerance are said to be endangered by Islam worldwide Joseph Massad s *Islam in Liberalism* explores what Islam has become in today s world He seeks to understand how anxieties about tyranny intolerance misogyny and homophobia seen in the politics of the Middle East are projected onto Islam itself Massad shows that through this projection Europe emerges as democratic and tolerant feminist and pro LGBT rights or in short Islam free Massad documents the Christian and liberal idea that we should missionize democracy women s rights sexual rights tolerance equality and even therapies to cure Muslims of their un European un Christian and illiberal ways Along the way he sheds light on a variety of controversial topics including the meanings of democracy and the ideological assumption that Islam is not compatible with it while Christianity is *Islam in Liberalism* is an unflinching critique of Western assumptions and of the liberalism that Europe and America present as salvation to Islam Essential reading for all scholars of Islam and Middle East politics Cambridge Review of International Affairs Reminds us that in order to move beyond scholarship revolving around a simplistic binarism between West and non West we must never forget how this opposition has shaped and continues to actively influence scholarship today Los Angeles Review of Books *Intimate Relations* Krupa Shandilya, 2017-01-15 *Intimate Relations* remaps the discussion on gender and

the nation in South Asia through a close study of the domestic novel as a literary genre and a tool for social reform As a product of the intersection of literary and social reform movements in the late nineteenth century the domestic novel became a site for literary innovation and also for rethinking women's roles in society and politics Krupa Shandilya focuses primarily on social reform movements that negotiated the intimate relations between men and women in Hindu and Muslim society namely the widow remarriage act in Bengal 1856 and the education of women promoted by the Aligarh movement 1858 1900 Both movements were invested in recovering woman as a respectable subject for the Hindu and Muslim nation where respectability connoted asexual spirituality While most South Asian literary scholarship has focused on a normative Hindu woman Intimate Relations couples discussion of the representation of the widow in bhadralok upper caste middle class society with that of the courtesan of sharif upper class Muslim feudal society in Bengali and Urdu novels from the 1880s to the 1920s By drawing together their disparate histories in the context of contemporaneous social reform movements Shandilya reflects on the similarities of Hindu and Islamic constructions of the gendered nation Politically Incorrect Guide to Jihad William Kilpatrick, 2016-09-26 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country **Shi'ism Revisited** Liyakatali Takim, 2022 How should contemporary Muslims define the relationship between normative Islamic jurisprudence worked out by classical jurists over the course of centuries and the reality that confronts them in their everyday lives Is there a need for reformation in Islam If so where should it begin and how should it proceed So far these challenging questions have received little attention from Western scholars Shi'ism Revisited will address this gap **The Challenge of Modernizing Islam** Christine Douglass-Williams, 2019-01-15 The entire foreign policy and much of the domestic policy of the United States and other Western governments is based on the proposition that the vast majority of Muslims are moderate and peaceful including those who are emigrating in large numbers to Europe and North America But as Islamist groups and many mosques radicalize peaceful Muslims and appeal to the teachings of the Koran Hadith and Sunnah it is imperative for moderates and reformists to articulate a vision of Islam and an exegesis of Islamic texts that can withstand the challenge of Islamists and the ulema who have declared the sanctity and immutability of the text Instead they must reestablish a firm foundation of Islam that is modernized genuinely peaceful tolerant pluralistic and compatible with secular governance the freedom of speech human rights and equality The Challenge of Modernizing Islam is the first major effort to provide that foundation Veteran journalist Christine Douglass Williams interviews foremost moderate and reformist Muslims in the Western world She asks them tough questions about how they deal with problematic Koran passages how they intend to get their message across to the Muslim world and more Their answers are revelatory even in the ways in which they disagree with one another Douglass Williams has captured the Islamic Reformist movement in its full intellectual ferment laying bare the tensions and triumphs of the Reformers In the book's second half she adds a crucial series of searingly honest and illuminating reflections on the

challenges the reformers face the chances they have of succeeding and the implications of their struggle for the future of the Western world and of all free people Illuminating engaging and thought provoking *The Challenge of Modernizing Islam* is an essential text for understanding the future of the United States and the West and the implications of Muslim moderates struggle for the free world *The Muslim Brotherhood in Kuwait* Ali A.
