or that the Mediterranean Sea would become their graveyard Today more than half of the Syrian population has been displaced a phenomenon almost without precedent in human history Images of starving civilians trapped in besieged cities have outraged the human conscience Thousands of children have been slain by barrel bombs landmines and chlorine gas More than a quarter million Syrians have perished These numbers are a shameful indictment on humanity Yet there is hope Each day in refugee camps across the Middle East aid workers seeking neither recognition nor reward sacrifice their comfort to bring Syrian refugees relief Entrepreneurs setting aside the pursuit of profits lend pro bono assistance to innovatively address refugee needs Volunteers risk their lives to give Syrian refugees hope and a future This book tracks the author's travels to Syrian refugee camps and informal tented settlements in Lebanon Jordan and Iraq Relying on his legal background he offers an unfiltered account of the plight of Syrian refugees from a legal political and humanitarian perspective Yet this book is more than just an account of the lives of Syrian refugees it answers that burning question on so many people's minds How can I help In discussing corporate partnerships with aid organizations civil society initiatives humanitarian missions volunteering and fundraising the author shows that there is a role anyone can play in making a lasting positive impact on Syrian refugees and restoring dignity to their lives

The Refugee Definition in International Law Hugo
