Saga of Cnac #53 Fletcher Hanks,2004-09-01 The stories of the army flying the dangerous Hump between India and China during WWII have been told Now for the first time you can read the stories of how the civilian pilots flew it and the lives they led two weeks a month as the highest paid pilots in the world while living in Calcutta India one of the poorest places in the world Dangerous flying led to protracted life spans and an overindulgence in the pleasures of the Orient The highest death rate of transport captains ever in the history of aviation developed boys into men in an unbelievable short period of time Flying the Hump didn't produce cripples it was being blown away completely with only a toast and an empty chair where he ate his last meal marked the finish No taps no ceremony no grave no grave stone only memories but memories without tears as we climbed in the transports in the middle of the night and took off in a blinding monsoon rain storm without a crew a professional pilot who knows no fear flying alone in the vastness of the Himalayas

The Hump John D. Plating,2011-02-08 Chronicling the most ambitious airlift in history Carried out over arguably the world s most rugged terrain in its most inhospitable weather system and under the constant threat of enemy attack the trans Himalayan airlift of World War II delivered nearly 740 000 tons of cargo to China making it possible for Chinese forces to wage war against Japan This operation dwarfed the supply delivery by land over the Burma and Ledo Roads and represented the fullest expression of the U S government s commitment to China In this groundbreaking work the first concentrated historical study of the world s first sustained combat airlift operation John D Plating argues that the Hump airlift was initially undertaken to serve as a display of American support for its Chinese ally which had been at war with Japan since 1937 However by 1944 with the airlift s capability gaining momentum American strategists shifted the purpose of air operations to focus on supplying American forces in China in preparation for the U S s

final assault on Japan From the standpoint of war materiel the airlift was the precondition that made possible all other allied military action in the China Burma India theater where Allied troops were most commonly inserted supplied and extracted by air Drawing on extensive research that includes Chinese and Japanese archives Plating tells a spellbinding story in a context that relates it to the larger movements of the war and reveals its significance in terms of the development of military air power The Hump demonstrates the operation s far reaching legacy as it became the example and prototype of the Berlin Airlift the first air battle of the Cold War The Hump operation also bore significantly on the initial moves of the Chinese Civil War when Air Transport Command aircraft moved entire armies of Nationalist troops hundreds of miles in mere days in order to prevent Communist forces from being the ones to accept the Japanese surrender *Pan Am Pioneer* Sanford B.
