tempered He is described as red haired freckled and broad around the eyes But he is also courageous He takes on and defeats a draugr a walking corpse or Norse equivalent of a zombie But in doing so he is cursed and this is thought to be the cause of his later misfortunes At times Grettir falls into the role of a bona fide hero but he is blamed for setting fire to a hall killing many men and is condemned by the Thing assembly to outlawry although many suspect the validity of this sentence This means that anyone may attempt to kill him without legal penalty and citizens are forbidden to help in any way Many attempts are made but none succeed This is not dissimilar to the Saga of Gisli Grettir eventually becomes the longest surviving outlaw in Icelandic history When he has completed nearly 20 years as an outlaw his friends and family ask for his outlawry to be lifted arguing that a man may not spend more than 20 years as an outlaw in reality there was no such law in medieval Iceland After a debate at the assembly it is decided that the outlawry will be lifted when he has truly completed the 20 years but not before His enemies make one last effort using sorcery causing him to wound himself and finally defeat him in the lonely fortress like Drangey off the northern tip of Iceland where he was staying with his brother Illugi and slave Glaumur Later in Constantinople where the Norse served as the Varangian Guard to the Emperor Grettir's half brother Thorsteinn of Dromund avenges his murder 33% of the net profit from the sale of this book will be donated to charity

Landscape, Religion, and the Supernatural Matthias Egeler, 2024 This book is the first study to tackle the relationship between landscape and religion in depth Author Matthias Egeler overviews previous theories of the relationship between landscape and religion and then pushes this theorizing further with a rich case study the supernatural landscape of the Icelandic Westfjords There religion and the supernatural from churches to elf hills are ubiquitous in the landscape and as Egeler shows this example sheds entirely new light on core aspects of the relationship between landscape religion and the supernatural The Saga of Grettir the Strong, 2005-05-26 Composed at the end of the fourteenth century by an unknown author The Saga of Grettir the Strong is one of the last great Icelandic sagas It relates the tale of Grettir an eleventh century warrior struggling to hold on to the values of a heroic age becoming eclipsed by Christianity and a more pastoral lifestyle Unable to settle into a community of farmers Grettir becomes the aggressive scourge of both honest men and evil monsters until following a battle with the sinister ghost Glam he is cursed to endure a life of tortured loneliness away from civilisation fighting giants trolls and berserks A mesmerising combination of pagan ideals and Christian faith this is a profoundly moving conclusion to the Golden Age of the saga writing **Routledge Revivals: Medieval Scandinavia (1993)** Phillip Pulsiano, Kirsten Wolf, 2017-07-05 First published in 1993 *Medieval Scandinavia: An Encyclopedia* covers every aspect of the region during the Middle Ages including rulers and saints overviews of the countries religion education politics and law culture and material life history literature and art Written by a team of expert contributors the encyclopedia offers those who lack command of the various Scandinavian languages a basic tool for the study of Medieval Scandinavia from roughly the Migration Period to the Reformation With full page maps useful supplementary photos cross references and a comprehensive
