 quintessence of isolation epitomizing both remoteness and severity of environment unlike any other place on the face of the
 earth Replete with myths and fictions it is a wild land dotted with oases and camel trains trudging through sand dunes that
 roll like the waves on a sea as far as the distant horizon But this is just part of the picture The largest desert in the world the

 , 1961 Stripping Las Vegas Karin Jaschke, Silke Ötsch, 2003 *Desert Imaginations* Brahim El Guabli, 2025-11-04 Desert
 Imaginations traces the cultural and intellectual histories that have informed the prevalent ideas of deserts across the globe
 The book argues that Saharanism a globalizing imaginary that perceives desert spaces as empty exploitable and dangerous
 has been at the center of all desert focused enterprises Encompassing spiritual practices military thinking sexual fantasies
 experiential quests extractive economies and experimental schemes among other projects Saharanism has shaped the way
 deserts not only are constructed intellectually but are acted upon From nuclear testing to border walls and much more

Brahim El Guabli articulates some of Saharanism's consequential manifestations across different deserts. *Desert Imaginations* draws on the abundant historical literature and cultural output in multiple languages and across disciplines to delineate the parameters of Saharanism. Against Saharanism's powerful and reductive vision of deserts, the book rehabilitates a tradition of desert eco-care that has been at work in desert Indigenous people's literary, artistic, scholarly, and ritualistic practices.

Decisions of the World Court Relevant to the UN Convention on the Law of the Sea Barbara Kwiatkowska, 2010-04-27

This pioneering publication provides a Reference Guide to the significant contributions of decisions of the World Court as the principal judicial organ of the United Nations and the world's most senior Court with the broadest material jurisdiction to the development of the law of the sea as a part of the global system of peace and security. The Guide is dedicated to the Court's former President Stephen M. Schwebel in appreciation of his belief that it is important for the Court to further explore its pre-eminently unique role throughout the Third Millennium. Whereas the format of specific entries covered by this Reference Guide largely corresponds to the Parts and Annexes of the 1982 UN Law of the Sea Convention (UNCLOS) and the 1994 Part XI Agreement, the heading of each entry also contains as appropriate references to the 1930 League of Nations Hague Draft, the four 1958 UN Geneva Conventions and the 1995 UN Straddling Stocks Agreement as well as to the 1972 UN Stockholm, the 1992 Rio UNCED and the 2002 Johannesburg instruments. This will enable the reader to relate the Court's decisions to the respective UNCLOS provisions as originated from and as implemented by these global framework instruments at various stages of codification and progressive development of the law of the sea. The entries cover principally Judgments and Orders including the related pleadings of the PCIJ and the ICJ and those decisions of Arbitral Tribunals and other third party fora as well as national courts which have been relied upon in the Court's jurisprudence. In addition, the recent decisions of the ITLOS and some other fora such as the Annex VII Southern Bluefin Tuna, Singapore v Malaysia, Barbados, Trinidad and Tobago, Guyana, Suriname and the Mox Plant Arbitral Tribunals as well as references to treaties are also listed under specific entries as appropriate. Tables of Cases and Treaties will importantly facilitate the use of this Reference Guide. It has proven to be an indispensable tool for the Judges and governmental and other practitioners in furthering the coherent development of the law of the sea by international courts and tribunals on the one hand and for international community of academics in the adequate assessing of this development on the other hand.
