Sail In A Day:

Sail the World? David Rich, 2021-12-27 Have you wondered how it d be like to dump the rat race to sail around the world Here s how that worked out for the author a gripping constantly on the edge of disaster sailing adventure punctuated by the unique and wacky characters from the worldwide cruising community all with the same wild and crazy dream My 35 foot Erickson sloop Grendel was sinking in the Pacific Ocean I d bragged about sailing around the world but two hours after I began it was a disaster I was slip sliding around Grendel searching for leaks enveloped in an eerie blanket of fog with zero visibility surrounded by invisible hazards Glub glub So it didn t go exactly as planned a reality like nothing you could envision a comedy of errors on land and at sea An absurdly true story and prequel to RV the World *The Adventure Brothers - Sailing Day* Wais Kind, 2023-11-10 In *The Adventure Brothers* dive into a heartwarming tale of a family whose bond is unbreakable As they embark on their adventures they not only cherish each other s company but also showcase the true essence of teamwork Faced with challenges they rally together drawing strength from their unity and deep care for one another This story is a testament to the enduring spirit of family and the incredible feats they can achieve when they stand together *Skipper Tips for Every Day* Fridtjof Gunkel, 2020-10-01 Give this book a year and it will improve your sailing and that s if you read only one tip a day No fewer than 365 experienced sailors share the wisdom of their experience revealing invaluable suggestions you won t get taught on many sailing courses Their tips include smart advice time and money saving cheats and ingenious solutions across a wide range of sailing issues from boat handling including rigging and sails as well as anchoring and mooring to living aboard including cooking and your water supply along with thrifty hints for simple maintenance and repair plus winterising and customising your boat to suit your needs Ideal for swotting up on a specific topic or dipping into when needed there is something for everyone from new sailors to Day Skipper students and beyond This isn t a book of secret knowledge so all sailors at any level will benefit from learning from something new from the experience of others *A Woman's Guide to the Sailing Lifestyle* Thomas Desrosiers, 2015-09-18 A chance sailing trip with a friend from work led me to wonder if I could learn to sail After all Im a woman and the sailing world seems to favor men I am not athletic I didnt grow up in a family where we learned about boating I would be starting late since I was in my thirties and I suffer from seasickness What I discovered over the next twenty five years is that I could indeed learn to be a competent sailor But I didnt expect to be an expert overnight Instead as a novice I layered on new knowledge slowly over time through experiential learning This book describes the process whereby this happened Using examples from trips along the coast of Maine New Hampshire and Massachusetts it reviews the essential knowledge needed to be a sailor as well as explanations about the parts of a sailboat major boat systems and tasks associated with maintaining a sailboat It also discusses some Zen like attitudes that lead to successful and fun sailing such as focusing the no blame rule and stripping down to the essentials Unlike some other sailing guides this book points out that sailing can be a lifestyle that includes many dimensions Its not just

about getting a boat to sail Traveling by boat is a unique experience and visiting small coastal New England communities is an adventure Learning about history art ecology star constellations technology and birds are only a few of the kinds of activities that can be built into a rich and rewarding sailing experience This book will be helpful for people who would like to learn to sail but who are intimidated by the process particularly women fledgling sailors just starting out and families with children

Spa Day - Be Careful What You Ask For Anne Marie Gurnick, 2024-01-05 Caroline Chandler and her best friend Abby spend a Sunday afternoon at their favorite Day Spa They leave the spa relaxed refreshed and rejuvenated but Carli soon discovers an unexpected result from that spa visit A microchip capable of two way communication has been implanted behind her right ear When it is activated it instructs Carli to perform private courier tasks The tasks are simple pickup and delivery of anonymous items on behalf of anonymous clients Over the next several months Carli searches for the source of the unintended technology that is now taking over her life Her search quickly takes her into the world of high value art and antiques The more information she uncovers the more confused she becomes as to the source of the system Are the tasks legal Are the tasks safe The rewards are great but at what personal cost How far will she go without compromising her own integrity Who will she trust in her search for answers Caroline has worked in the Harvard hospitals of Boston for most of her career She has had an interesting life of work related travel and has met an array of scientists and researchers But none of her experiences could have prepared her for what she is being asked to do

Spa Day is set in the present day amid the historical sites of Boston and the Massachusetts shore just coming out of a pandemic The main characters are based on actual people their experiences and their expertise The people that Carli meets along this journey change her life forever Her story begs the question What would you do
