Solidarity David Featherstone, 2012-07-12 Despite the frequency with which the word solidarity is invoked the concept itself has rarely been subjected to close scrutiny In this original and stereotype busting work

David Featherstone helps redress this imbalance through an innovative combination of archival research activist testimonies and first hand involvement with political movements Presenting a variety of case studies from anti slavery and anti fascist organizing to climate change activism and the boycotts of Coca Cola Featherstone unearths international forms of solidarity that are all too often marginalized by nation centred histories of the left and social movements Timely and wide ranging this is a fascinating investigation of an increasingly vital subject **Fodor's See It** Fodor's Travel Publications, Inc.
