St Augustine: The Literal Meaning of Genesis , 1982      *Augustine's Manichaean Dilemma, Volume 1* Jason BeDuhn, 2010 Jason David BeDuhn reconstructs Augustine's decade long adherence to Manichaeism apostasy from it and subsequent conversion to Nicene Christianity      The Works of Saint Augustine (4th Release). Electronic Edition. On Genesis. Volume I/13 Saint Augustine (Bishop of Hippo.), 2009 The Past Masters fourth release of The Works of Saint Augustine full text database contains forty one volumes of the printed series      Augustine's Manichaean Dilemma, Volume 2 Jason David BeDuhn, 2013-06-07 By 388 C E Augustine had broken with the Manichaeism of his early adulthood and wholeheartedly embraced Nicene Christianity as the tradition with which he would identify and within which he would find meaning Yet conversion rarely if ever represents a clean and total break from the past As Augustine defined and became a Catholic self he also intently engaged with Manichaeism as a rival religious system This second volume of Jason David BeDuhn's detailed reconsideration of Augustine's life and letters explores the significance of the fact that these two processes unfolded together BeDuhn identifies the Manichaean subtext to be found in nearly every work written by Augustine between 388 and 401 and demonstrates Augustine's concern with refuting his former beliefs without alienating the Manichaeans he wished to win over To achieve these ends Augustine modified and developed his received Nicene Christian faith strengthening it where it was vulnerable to Manichaean critique and taking it in new directions where he found room within an orthodox frame of reference to accommodate Manichaean perspectives and concerns Against this

background BeDuhn is able to shed new light on the complex circumstances and purposes of Augustine's most famous work *The Confessions* as well as his distinctive reading of Paul and his revolutionary concept of grace Augustine's *Manichaean Dilemma* Volume 2 demonstrates the close interplay between Augustine's efforts to work out his own Catholic persona and the theological positions associated with his name between the sometimes dramatic twists and turns of his own personal life and his theoretical thinking **Augustine's Manichaean Dilemma, Volume 2** Jason BeDuhn, 2013-05-31 A volume in the *Divinations Rereading Late Ancient Religion* series *The Creation of Eve and Renaissance Naturalism* Jack M. Greenstein, 2016-08-23 Depicting the Creation of Woman presented a special problem for Renaissance artists The medieval iconography of Eve rising half formed from Adam's side was hardly compatible with their commitment to the naturalistic representation of the human figure At the same time the story of God constructing the first woman from a rib did not offer the kind of dignified affective pictorial narrative that artists patrons and the public prized Jack M Greenstein takes this artistic problem as the point of departure for an iconographic study of this central theme of Christian culture His book shows how the meaning changed along with the form when Lorenzo Ghiberti Andrea Pisano and other Italian sculptors of the fourteenth and fifteenth centuries revised the traditional composition to accommodate a naturalistically depicted Eve At stake Greenstein argues is the role of the artist and the power of image making in reshaping Renaissance culture and religious thought **The Inspiration and Interpretation of Scripture** Michael Graves, 2014-02-15 What is true of Scripture as a result of being inspired What should divine inspiration cause us to expect from it The answers to these questions in the early church related not just to the nature of Scripture's truth claims but to the manner in which Scripture was to be interpreted In this book Michael Graves delves into what Christians in the first five centuries believed about the inspiration of Scripture identifying the ideas that early Christians considered to be logical implications of biblical inspiration Many books presume to discuss how some current trend relates to the traditional view of biblical inspiration this one actually describes in a detailed and nuanced way what the traditional view is and explores the differences between ancient and modern assumptions on the topic Accessible and engaging *The Inspiration and Interpretation of Scripture* presents a rich network of theological ideas about the Bible together with critical engagement with the biblical text *Medicine and Western Civilization* David J. Rothman, Steven Marcus, Stephanie A. Kiceluk, 1995 This fabulous anthology is sure to be a core text for history of medicine and social science classes in colleges across the country In order to demonstrate how medical research has influenced Western cultural perspectives the editors have collected original works from 61 different authors around nine major themes among them Anatomy and Destiny Psyche and Soma and The Construction of Pain Suffering and Death The authors range from Aristotle the Bible and Louis Pasteur to Masters and Johnson Ernest Hemingway and Simone de Beauvoir The primary sources selected to illustrate the themes are well chosen and contrast with each other nicely However the brief background material for the selections center around the authors and offer little or no discussion about

the selections relevance to the topics at hand This book would be best read in a class or group where the texts meaning in relation to each other can be discussed but the book can stand alone if the reader is prepared to do some critical thinking

**Recruiting the Ancients for the Creation Debate** Andrew J. Brown, 2023-10-05 A careful and unbiased analysis of how thinkers from church history interpreted the creation narrative in Genesis How literally are we meant to take the creation week of Genesis 1 In this polarizing debate contemporary interpreters invoke great theologians from history to support their own side whether that be a young Earth theistic evolution or any other view The problem lies in trying to force ancient authors into contemporary boxes as Andrew J Brown shows in this thought provoking volume Covering Philo Basil Augustine Thomas Aquinas Martin Luther John Calvin John Wesley and more Brown carefully interprets great thinkers readings of Genesis 1 in their intellectual contexts He then assesses how these authors have been subject to cherry picking and misappropriation in the trenches of the modern creation debate By studying the intellectual history of the church in this way to revisit rather than recruit the ancients we can enrich our own biblical interpretation Irenic and magisterial Brown s guide will interest both scholars of historical theology and anyone invested in the creation debate

**Nature and Scripture in the Abrahamic Religions: Up to 1700 (2 vols)** Scott Mandelbrote, Jitse van der Meer, 2009-01-31 The four companion volumes of Nature and Scripture in the Abrahamic Religions contribute to a contextual evaluation of the mutual influences between scriptural exegesis and hermeneutics on the one hand and practices or techniques of interpretation in natural philosophy and the natural sciences on the other We seek to raise the low profile this theme has had both in the history of science and in the history of biblical interpretation Furthermore questions about the interpretation of scripture continue to be provoked by current theological reflection on scientific theories We also seek to provide a historical context for renewed reflection on the role of the hermeneutics of scripture in the development of theological doctrines that interact with the natural sciences Contributors are Peter Barker Paul M Blowers James J Bono Pamela Bright William E Carroll Kathleen M Crowther Maurice A Finocchiaro Carlos Fraenkel Miguel A Granada Peter Harrison Kenneth J Howell Eric Jorink Kerry V Magruder Scott Mandelbrote Charlotte Methuen Robert Morrison Richard J Oosterhoff Volker R Remmert T M Rudavsky Stephen D Snobelen Jitse M van der Meer and Rienk H Vermij
