Saint Oscar And Other Plays:

Saint Oscar Terry Eagleton,1990 Irish Drama and Wars in the Twentieth Century Wei H. Kao,2022-09-08 This book delves into how playwrights whether canonical or less frequently discussed in the academic sphere have critically and creatively engaged with the Anglo Irish War the Irish Civil War the Easter Rising the Northern Ireland Troubles and other conflicts It not only approaches their plays some of which have not been subject to much study in relevant historical contexts but also explores how Irish dramatists have observed humanity and resilience in war and given their insights into republican unionist and denominational divides It also reveals the dynamic mechanism connecting playwrights performing venues critics and audience members As a whole this book will be of interest to Irish studies scholars theatre practitioners and historians and people who would like to have a systematic understanding of twentieth century Irish drama focusing on nation formation war revolution and humanity **Oscar Wilde's Society Plays** Michael Y. Bennett,2016-01-12 As the first collection of essays about Oscar Wilde s comedies the contributors re evaluate Oscar Wilde s society plays as comedies of manners to see whether this is actually an apt way to read Wilde s most emblematic plays Focusing on both the context and the texts the collection locates Wilde both in his social and literary contexts **A Dictionary of Writers and their Works** Christopher Riches,Michael Cox,2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer s nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication Provocation and Negotiation Gesche Ipsen,Timothy Mathews,Dragana Obradovic,2013 This collection of essays takes on two of the most pressing questions that face the discipline of Comparative Literature today Why compare and Where do we go from here At a difficult economic time when universities all over the world once again have to justify the social as well as academic value of their work it is crucial that we consider the function of comparison itself in reaching across disciplinary and cultural boundaries The essays written for this book are by researchers from all over the world and range in topic from the problem of translating biblical Hebrew to modern atheism from Freud to Marlene van Niekerk from the formation of one person s identity to experiences of globalisation and the relation of history to fiction Together they display the ground breaking ideas which lie at the heart of an act as deceptively simple as comparing one piece of writing to another **The Secret Gospel of Mark Unveiled** Peter Jeffery,2007-01-01 In 1958 Bible scholar Morton Smith announced the discovery of a sensational manuscript a second century letter written by St Clement of Alexandria who quotes an unknown longer version of the Gospel of Mark When Smith published the letter in 1973 he set off a firestorm of controversy that has raged ever since Is the text

authentic or a hoax Is Smith's interpretation correct Did Jesus really practice magic or homosexuality And if the letter is a forgery why Through close examination of the discovered manuscript's text Peter Jeffery unravels the answers to the mystery and tells the tragic tale of an estranged Episcopalian priest who forged an ancient gospel and fooled many of the best biblical scholars of his time Jeffery shows convincingly that Smith's Secret Gospel is steeped in anachronisms and that its construction was influenced by Oscar Wilde's Salom twentieth century misunderstandings of early Christian liturgy and Smith's personal struggles with Christian sexual morality

"Clearing the Ground" Carmen Szabo, 2009-03-26 Clearing the Ground The Field Day Theatre Company and the Construction of Irish Identities studies the Field Day Theatre Company with special focus on the plays that they put on stage between 1980 and 1995 it attempts to dissect their policy and observe the way in which this policy influences the discourse of the theatrical productions Was Field Day simply the cultural wing of Sinn Féin and the IRA or did they try to give voice to a new critical discourse challenging the traditional frames of representation This book focuses on a thorough analysis of the way in which Field Day applied the concepts of postcolonial discourse to their own needs of creating a foundation for the ideological manifesto of the company This study is a critique of

the successes and failures of a theatre company that in a period of political and cultural crisis engaged in innovative ways of discussing the sensitive issues of identity memory and history in Northern Ireland and the Republic of Ireland Art, Politics and Society in Britain (1880-1914) Trevor Harris, 2009-10-02 The oldest word in politics is new The oldest word in the writing of history may well be modern it is without doubt one of the most overworked adjectives in the English language But the indeterminacy is perhaps just another way of saying that the difficulties raised are of a kind which simply will not go away This collection of eight essays on aspects of modernity and modernism takes up the challenge of examining the complex but fascinating convergence of aesthetics politics and a quasi spiritual dimension which is perhaps typical of British modernist thinking about modernity This may have produced figures whom we now dismiss as eccentrics or aesthetes it none the less produced figures whom many still think of as in some sense embodying the national identity what after all could be more English than a William Morris wallpaper design Rather than towards socialism in any of its scientific guises what the British modernist approach to modernity may have been pushing at was yet another mutation of liberalism a libertarian humanitarian hybrid in which indigenous radical and Evangelical legacies keep scientific socialism in check where fellowship and domesticity edge out a larger scale more abstract fraternity and where citizenry or civisme give way to what George Orwell was later to define simply as decency

The Task of the Critic Terry Eagleton, 2020-05-05 Terry Eagleton occupies a unique position in the English speaking world today He is not only a productive literary theorist but also a novelist and playwright He remains a committed socialist deeply hostile to the zeitgeist Over the last forty years his public interventions have enlivened an otherwise bland and conformist culture His pen as many colleagues in the academy including Harold Bloom Gayatri Spivak and Homi Bhabha have learned is merciless and unsparing As a critic Eagleton has not shied away from confronting the high priests of native conformity as highlighted by his coruscating polemic against Martin Amis on the issue of civil liberties and religion This comprehensive volume of interviews covers both his life and the development of his thought and politics Lively and insightful they will appeal not only to those with an interest in Eagleton himself but to all those interested in the evolution of radical politics modernism cultural theory the history of ideas sociology semantic inquiry and the state of Marxist theory Acting Gay John M. Clum, 1992 Clum English and theater Duke U examines 20th century American and British plays that revolve around gay men including those by Noel Coward Arthur Miller Tennessee Williams Edward Albee Harold Pinter and Peter Shaffer He considers the representation of bodies and acts the closet dramas between 1930 and 1968 and recent works portraying a culture that has to do with more than sex Annotation Book News Inc Portland Ore

Critical Practice Martin McQuillan, 2019-02-21 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com What is the relationship between theory and practice in the creative arts today In Critical Practice Martin McQuillan offers a critical interrogation of the idea of practice led research He goes beyond the recent vocabulary of research management to consider the more interesting question of the

emergence of a cultural space in which philosophy theory history and practice are becoming indistinguishable McQuillan considers the work of a number of writers and thinkers who cross the divide between theoretical and creative practice including Alain Badiou and Terry Eagleton and the longer tradition of theory writing that runs through the work of Hélène Cixous Roland Barthes and Louis Althusser His aim is to elucidate the contemporary ramifications of a relationship that has been contested throughout the long history of philosophy from Plato's dialogues to Derrida's *Envois* *Terry Eagleton* David Alderson, 2017-03-14 Terry Eagleton is the foremost Marxist cultural theorist of our time In the first book length study of this highly influential figure David Alderson provides detailed discussions of Eagleton's Marxism and his engagements with postmodernism as well as an evaluation of his interventions in Irish Studies Each of the chapters in this important intervention in current theoretical debates offers accessible contextualization of the key issues and provides detailed analyses of Eagleton's literary criticism Alderson shows that the complex relations between nature culture and ideology body subjectivity and authority are at the heart of Eagleton's ethical and political concerns He goes on to demonstrate that these relations inform the theorist's critical examinations of such literary works as *Wuthering Heights* and *The Merchant of Venice* and his treatment of W B Yeats and Oscar Wilde
