Saint Bernard of Clairvaux Tim Davis, 1998 **Chivalry and Violence in Medieval Europe** Richard W. Kaeuper, 2001

Rayborn,2013-03-18 The notion of Christianity as a religion of peace was severely tested during the Middle Ages when killing in the name of God became a sanctified act In this book Tim Rayborn traces the development of the early Crusades Christian views of war and violence and its attitudes toward Islam primarily during the turbulent period of the 11th and 12th centuries with some attention to earlier centuries A marked shift in Christian perceptions of its own identity coincided with a considerably more martial and aggressive approach to nonbelievers both inside and outside of Europe This wide ranging study includes such topics as the background to the First Crusade the Knights Templar Bernard of Clairvaux the Cistercian Order the works of Peter the Venerable apocalyptic hopes and fears and martyrdom in the context of Christian conflicts with Islam Focusing on French monastic writings the book also examines papal documents Spanish polemics crusade chronicles and other works This is a survey of research on these important subjects and serves as both a reference work and a point of departure for further study *Medieval Monastic Preaching* Carolyn Muessig,1998 This book demonstrates that monastic preaching was a diverse activity which included preaching by monks nuns and heretics The study offers a preliminary step in understanding how preaching shaped monastic identity in the Middle Ages The Nave Sculpture of Vézelay Kirk

Ambrose,2006 This scholarly work fundamentally changes the way we think about the monastic church of Vezelay and its sculptures Kirk Ambrose provides a new account of the celebrated sculptural ensemble at this important French Romanesque monastic church Whereas scholarly attention in the past has focused almost exclusively on the Pentecostal portal Ambrose devotes most of his analysis to the nave capitals He considers how these works intersect with various aspects of monastic culture from poetry to a sign language used during observed periods of silence From this study it emerges how many of the sculptures resonated with communal practices and with interpretive modes in use at the site Deeming the attempt to uncover an underlying or unifying program to be an anachronistic project Ambrose explores historically specific ways this ensemble cohered for medieval viewers Covering a range of themes including hagiography ornament and violence he develops alternative approaches for the examination of serial imagery As a result this book has broad implications for the study of eleventh and twelfth century art in the West BOOK JACKET **Virtuosity, Charisma and Social Order** Ilana

Friedrich-Silber,1995-04-28 This book is a comparative macrosociological study of the interaction between religious virtuosos and society in two civilizations traditional Theravada Buddhism and Medieval Catholicism Merging Weberian sociology with the Maussian tradition of gift analysis and criticizing the neglect of meaning in current comparative historical sociology the

author also argues the need for a multidimensional approach capable of addressing the part played by religious orientations in shaping the institutional strength and ideological power of religious elites in the historical framework of the Great Traditions Routledge Revivals: Medieval France (1995) William W. The "Things of Greater Importance" Conrad Rudolph, 2016-11-11 The Things of Greater Importance provides a close look into the social and cultural context of medieval art primarily as expressed in Bernard of Clairvaux's Apologia the central document in the greatest artistic controversy to occur in the West prior to the Reformation and the most important source we have for understanding medieval attitudes toward art Bernard wrote the Apologia during the medieval efflorescence of monumental sculpture and stained glass of advanced architecture of pilgrimage art of high Romanesque and of the origins of Gothic art Rudolph places the Apologia traditionally seen as a condemnation either of all religious art or of all monastic art in a broader context using it to explore the role of art in medieval society He shows that Bernard was interested in the impact of art on contemporary monasticism in a more complex way than previously believed The book offers the most thorough study available of the theoretical basis of medieval art as it functioned in society and its implications for the art of both the Romanesque and Gothic periods which were spanned by Bernard's life are significant Medieval Studies Bat-Sheva Albert, Yvonne Friedman, Simon Schwarzfuchs, 1995 **Dante's**

Vision and the Circle of Knowledge Giuseppe Mazzotta, 2014-07-14 In a masterly synthesis of historical and literary analysis Giuseppe Mazzotta shows how medieval knowledge systems the cycle of the liberal arts ethics politics and theology interacted with poetry and elevated the Divine Comedy to a central position in shaping all other forms of discursive knowledge To trace the circle of Dante's intellectual concerns Mazzotta examines the structure and aims of medieval encyclopedias especially in the twelfth and thirteenth centuries the medieval classification of knowledge the battle of the arts the role of the imagination the tension between knowledge and vision and Dante's theological speculations in his constitution of what Mazzotta calls aesthetic ludic theology As a poet Dante puts himself at the center of intellectual debates of his time and radically redefines their configuration In this book Mazzotta offers powerful new readings of a poet who stands amid his culture's crisis and fragmentation one who responds to and counters them in his work In a critical gesture that enacts Dante

Life ,1997 Evil Andrew P. Chignell,2019-04-16 The code of conduct for a leading tech company famously says Don t Be Evil But what exactly is evil Is it just badness by another name the shadow side of good Or is it something more substantive a malevolent force or power at work in the universe These are some of the ontological questions that philosophers have grappled with for centuries But evil also raises perplexing epistemic and psychological questions Can we really know evil Does a victim know evil differently than a perpetrator or witness What motivates evil doers Satan s rebellion Iago s machinations and Stalin s genocides may be hard to understand in terms of ordinary reasons intentions beliefs and desires But what about the more banal evils performed by technocrats in a collective how do we make sense of Adolf Eichmann s self conception as just an effective bureaucrat deserving of a promotion Evil A History collects thirteen essays that tell the story of evil in western thought starting with its origins in ancient Hebrew wisdom literature and classical Greek drama all the way to Darwinism and Holocaust theory Thirteen interspersed reflections contextualize philosophical developments by looking at

evil through the eyes of animals poets mystics witches librettists film directors and even a tech product manager Evil A History will enlighten readers about one of the most alluring and difficult topics in philosophy and intellectual life and will challenge their assumptions about the very nature of evil **Genealogies of Religion** Talal Asad,1993-08-18 In Genealogies of Religion Talal Asad explores how religion as a historical category emerged in the West and has come to be applied as a universal concept The idea that religion has undergone a radical change since the Christian Reformation from totalitarian and socially repressive to private and relatively benign is a familiar part of the story of secularization It is often invoked to explain and justify the liberal politics and world view of modernity And it leads to the view that politicized religions threaten both reason and liberty Asad s essays explore and question all these assumptions He argues that religion is a construction of European modernity a construction that authorizes for Westerners and non Westerners alike particular forms of history making **RACAR, Revue D'art Canadienne** ,1998
