Saints Barsanuphius And John Questions And Answers:

The Letters of Barsanuphius and John John Chryssavgis, 2022-06-02 Revealing unexpected truths about early desert spirituality this volume argues that the lives of Barsanuphius and John relate closely to contemporary urban communities and how clergy tackle social challenges The early Desert Fathers and Mothers have exercised a particular charm and appeal in recent years but they have often been portrayed as inaccessible and eccentric figures in the history of monastic spirituality John Chryssavgis argues that the elders have an unusual capacity to reach into the depths of the heart to reveal the extraordinary in the very ordinary and that the correspondence between Barsanuphius and John offers an unparalleled glimpse into the sixth century religious political and secular world It opens with an exploration into the historical context of Palestinian monasticism followed by an evaluation of the fundamental principles and practices of Barsanuphius and John

The Monastic School of Gaza Brouria Bitton-Ashkelony, Aryeh Kofsky, 2006-02-01 This book studies one of the most striking chapters in the history of late antique monastic culture provided by the monastic legacy of Gaza A monastic intellectual community flourished in the region of Gaza from the fourth to the seventh century producing a wealth of literary works In this diverse and exciting literary corpus especially in the unique correspondence between spiritual leaders and their clientele matters that are usually only hinted at in monastic sources are vividly portrayed Distinct from the dry and matter of fact monastic instructions and the stereotypes

of hagiography this corpus exposes the psychological tensions moods frustrations and elations in the daily existence of the monks revealing them as creatures of flesh and blood This book seeks to frame the historical development of this community and endeavours to analyze the spiritual and intellectual context of what may be termed the monastic school of Gaza The legacy of this complex and thriving centre cuts across theological differences and boundaries Shedding light on these neglected educated circles enhances and somewhat balances the overall historical picture of late antique ascetic culture and Palestinian Christianity

work traces this transition with a twofold aim to deemphasize the reign of the emperor Constantine which has traditionally been regarded as a watershed in the development of the Church as an institution and to bring to the fore the continued importance of the religious underpinnings of the bishop's role as civic leader Rapp rejects Max Weber's categories of charismatic versus institutional authority that have traditionally been used to distinguish the nature of episcopal authority from that of the ascetic and holy man Instead she proposes a model of spiritual authority ascetic authority and pragmatic authority in which a bishop's visible asceticism is taken as evidence of his spiritual powers and at the same time provides the justification for his public role In clear and graceful prose Rapp provides a wholly fresh analysis of the changing dynamics of social mobility as played out in episcopal appointments
