Sallustius Concerning the Gods and the Universe Sallustius,1926 **Concerning the Gods and the Universe.**
Edited with Prolegomena and Translation by Arthur Darby Nock,... Salluste le philosophe,Sallustius,1926

Sallustius Arthur Darby Nock,2013-10-17 Originally published in 1926 this book contains the ancient Greek text of the fourth century treatise Concerning the Gods and the Universe by Sallustius Nock provides an English translation on each facing page as well as a critical apparatus and a detailed set of prolegomena on the historical background sources style and transmission of the philosophical essay This book will be of value to anyone with an interest in late Roman philosophy and in the pagan response to early Christianity Christianity, Philosophy, and Roman Power Lea Niccolai,2023-06-01 This book rethinks the Christianisation of the late Roman empire as a crisis of knowledge pointing to competitive cultural re assessment as a major driving force in the making of the Constantinian and post Constantinian state Emperor Julian s writings are re assessed as key to accessing the rise and consolidation of a Christian politics of interpretation that relied on exegesis as a self legitimising device to secure control over Roman history via claims to Christianity s control of paideia This reconstruction infuses Julian s reaction with contextual significance His literary and political project emerges as a response to contemporary reconfigurations of Christian hermeneutics as controlling the meaning of Rome s culture and history At the same time understanding Julian as a participant in a larger debate re qualifies all fourth century political and episcopal discourse as a long knock on effect reacting to the imperial mobilisation of Christian debates over the link between power and culture

In Praise of Constantius Alan J. Ross,Associate Professor of Classics Alan J Ross,2025-10-30 In Praise of Constantius argues that prominent pagan orators in Late Antiquity used the performance of speeches of praise to control and respond to significant shifts in their own careers and in imperial policy during the early decades of Roman Christian monarchy Combining literary and historical analysis the book charts the development of Greek prose literature beyond the early centuries of Roman control of the eastern Mediterranean **Alexander of Aphrodisias on the Cosmos**

Genequand,2021-08-04 This volume contains the Arabic translations of a lost treatise by Alexander of Aphrodisias c AD 200 On the Principles of the Universe with English translation introduction and commentary It also includes an Arabic and Syriac glossary The introduction and commentary deal in detail with the manuscripts the translators and the exegetical tendencies of the text as well as with its reception in Arabic philosophy The main theme of the work is the motion of the heavenly bodies and their influence on the physical world *A Handbook of Greek Mythology* H. J. Rose,2004-08-02 In this new and substantially revised edition of H J Rose s classic survey and analysis of the evolution and tradition of Greek myth Robin Hard adds various features which bring the work up to date with contemporary scholarship and address the needs of students a new preface analysing and contextualising H J Rose s attitude to myth a new chapter devoted to the epic and other poetic sources of the myths narrative prose mythography and the various forms of rationalisation a new chapter examining the

relationship between the different myths of Gods and heroes with genealogical tables Robin Hard shows how the myths of individual families and distinct locations hold together to form a coherent pseudo historical pattern extensively revises and simplifies notes a new annotated bibliography A Handbook of Greek Mythology presents a invaluable and user friendly guide to the myths and legends of ancient Greece their genesis sources development and significance *A History of Greek Literature* Moses Hadas,1950-03-22 A History of Greek Literature **Decline and Change in Late Antiquity** J.H.W.G. Liebeschuetz,2024-10-28 The essays in this second collection of articles by Professor Liebeschuetz deal with several aspects of the history of Late Antiquity One theme is the prehistory of Late Antique ethical monotheism which is illustrated by studies of pagan cults Mithraism and Judaism Several essays discuss the nature of the people who took over large areas of the Western Roman Empire especially the Visigoths and the Vandals The author insists that the continuing ethnogenesis of these groups was made possible by customs and traditions some of them going back before the entry of these peoples into the Empire It is argued that the fact that formal possession of Roman citizenship became unimportant helped the barbarian settlers to expand their groups and to consolidate their ethnic solidarity Other papers deal with the historiography of Late Antiquity and more generally with the writings of historians from Thucydides to A H M Jones and Peter Brown The anxiety of today s historians to reject the concept of decline is linked to current political concerns especially to the ideology of multiculturalism A recurring theme is the relationship between the historian s own background and his or her writing

Sacrifice in Pagan and Christian Antiquity Robert J. Daly,2019-08-22 Robert J Daly S J examines the concept of sacrifice in the ancient Mediterranean world and discusses how the rise of bloodless Christian sacrifice and the use of sacrificial language in reference to highly spiritualized Christian lives would have seemed unsettling and radically challenging to the pagan mind Acknowledging the difficulties posed by an overwhelmingly Christian scholarly narrative around the topic of sacrifice Daly specifically sets out to tell the non Christian side of this story He first outlines the pagan trajectory and then the Jewish Christian trajectory before concluding with a representative series of comparisons and contrasts Covering the concept of sacrifice in relation to prayer ethics and morality the rhetoric and economics of sacrificial ceremonies and heroes and saints Daly finishes with an estimation of how this study might inform further study of sacrifice
