Many ancient cultures around the world believe that our forefathers came from the stars These include the Aztecs Mayans
Egyptians Hindus and the Chinese to name but a few Even in the Middle East the Syrians talk of an alien race known as the
Epoch Several Native American tribes believe that man did not descend from the stars but arose from the earth The
American Indians tell of races such as the ant people lizard people and the Sasquatch Bigfoot living among humans Lesser
known is the legend of the mole people not referring to the homeless people living in the sewers of New York City The Native
Americans tell tales of man sized squirrels and of talking chipmunks Go online and you may come across an article written on
August 1 2009 in the Weekly World News It tells of a story of mole people living twenty miles beneath the earth twenty miles
Were not talking sewers here A tunnel was discovered in Washington State Apparently NASA discovered the tunnel and is
doing a cover up President Bush handled the situation though communication was very difficult with the race of mole people
for they can only speak an old Navajo dialect Chipmunk Girl Last of the Mole People is a story of the mole people exiling two
of their own to the surface world and the sole survivor their daughter Whether this book is just another fun filled fantasy or a
story based on actual real life events Ill let you decide But let me ask you this question what if the legends and stories are
true what if Thorpe E Wright V author and illustrator tells the Legend of Chipmunk Girl Last of the Mole People Please
Release Me Rhoda Baxter, 2015-09-10 A deeper more mature love story written with the deft characterization and emotional

richness which are already a hallmark of Ms Baxter's books *Home on Deranged Sally Cummings* has had it tougher than most but if nothing else it's taught her to grab opportunity with both hands And when she stands looking into the eyes of her new husband Peter on her perfect wedding day it seems her life is finally on the up That is until a car crash puts her in a coma and throws her entire future into question In the following months a small part of Sally's consciousness begins to return allowing her to listen in on the world around her although she has no way to communicate But Sally was never going to let a little thing like a coma get in the way of her happily ever after This story has twist and turns lies and truth reality and possibility all messed up in a delightful tale A unique love story that will stay with you long after the final page Keeper Bookshelf Absolutely wonderful writing highly readable really enjoyable and I was quite blown away by the story unmissable Being Anne The story has just the right amount of conflict love and remorse and these all come together to make a wonderful read A richness of characters and plot which are seldom found in a contemporary romance Long and Short Reviews *The Lost Starship* Robert A.V. Jacobs, 2019-06-28 Enjoy this light hearted tongue in cheek Science Fiction story for Young Adults and Adults Even though Daisy Weal herself does not appear in this story it is still part of the series falling between Daisy Weal and the Last Crenian and The Star Queen and is the fifth book in the series The flagship of the Star Fleet HMSS The Daisy Weal named in memory of her was heading towards the desolate planet of Cren to deliver an archaeological and survey team When passing through a binary system an accident happened and a beam of energy from an unknown source penetrated the ship killing all passengers and crew instantly The ship's semi sentient bio processor took evasive action and escaping on emergency thrust it inadvertently twisted space and performed an unintended and previously thought impossible hyper jump As a result it ended up completely lost but finds that it has been programmed with an overpowering urge to find a way home
