Shakespeare's Mystery Play A Study Of The Tempest:

Shakespeare's Mystery Play Colin Still,1921 **Shakespeare's Mystery Play** Colin Still,1968 The Tempest Brinda Charry,2022-01-13 The Tempest Critical Tradition increases our knowledge of how Shakespeare's plays were received and understood by critics editors and general readers The volume offers in separate sections both critical opinions about the play across the centuries and an evaluation of their positions within and their impact on the reception of the play The volume features criticism from key literary figures such as Ben Jonson Samuel Taylor Coleridge John Dryden John Ruskin and Edward Malone The chronological arrangement of the text excerpts engages the readers in a direct and unbiased dialogue whereas the introduction offers a critical evaluation from a current stance including modern theories and methods Thus the volume makes a major contribution to our understanding of the play and of the traditions of Shakespearean criticism surrounding it as they have developed from century to century Shakespeare's Last Plays Stephen W. Smith,Travis Curtright,2002-01-01 What were Shakespeare's final thoughts on history tragedy and comedy Shakespeare's Last Plays focuses much needed scholarly attention on Shakespeare's Late Romances The work a collection of newly commissioned essays by leading scholars of classical political philosophy and literature offers careful textual analysis of Pericles Prince of Tyre Cymbeline The Winter's Tale The Tempest All is True and The Two Noble Kinsmen The essays reveal how Shakespeare's thought in these final works compliments challenges fulfills or transforms previously held conceptions of the playwright and his political philosophical views **Study Guide to The Tempest by William Shakespeare** Intelligent Education,2020-03-27 A comprehensive study guide offering in depth explanation essay and test prep for William Shakespeare's The Tempest speculated to be one of the last plays he ever wrote as well as the most compressed As a dramatic work of the early seventeenth century it has heavy elements of masque which includes singing dancing supernatural machinery and a general feeling of unreality Moreover The Tempest covers themes regarding the soul and the human spirit's capacity for growth This Bright Notes Study Guide explores the context and history of Shakespeare's classic work helping students to thoroughly explore the reasons it has stood the literary test of time Each Bright Notes Study Guide contains Introductions to the Author and the Work Character Summaries Plot Guides Section and Chapter Overviews Test Essay and Study Q As The Bright Notes Study Guide series offers an in depth tour of more than 275 classic works of literature exploring characters critical commentary historical background plots and themes This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research *Northrop Frye's Writings on Shakespeare and the Renaissance* Northrop Frye,2018-08-08 This collection of Northrop Frye's writings on Shakespeare and the Renaissance spans forty years of his career as a university teacher public critic and major theorist of literature and its cultural functions Extensive annotations and an in depth critical introduction demonstrate Frye's wide ranging knowledge of Renaissance culture the pivotal place of the Renaissance in his

oeuvre his impact on Renaissance criticism and on the Stratford Festival and his continuing importance as a literary theorist This volume brings together Frye s extensive writings on Shakespeare and other Renaissance writers excluding Milton who is featured in other volumes and includes major articles introductions public lectures and four previously published books on Shakespeare Frye s insightful analyses offer not just a formidable knowledge of Renaissance culture but also a transformative experience moving the reader imaginatively towards an experience of created reality *Routledge Library Editions: Study of Shakespeare* Various,2021-11-01 This 14 volume set contains titles originally published between 1926 and 1992 An eclectic mix this collection examines Shakespeare s work from a number of different perspectives looking at history language performance and more it includes references to many of his plays as well as his sonnets *T.S.Eliot and Mysticism* Paul Murray,1991-01-01 At last we have a study that tackles these questions and does so with a wealth of learning a poet s sensibility and a thorough theological literacy Murray has given us a superb study Rowan Williams Doctrine and Life His point of view is always that of someone practised in meditation and his book is in consequence one of the half dozen really valuable guides to Eliot s poetry Stephen Medcalf Times Literary Supplement The story of the composition of Four Quartets in relation to mysticism constitutes one of the most interesting pages in modern literary history T S Eliot drew his inspiration not only from the literature of orthodox Christian mysticism and from a variety of Hindu and Buddhist sources but also from the literature of the occult and from several unexpected and so far unacknowledged sources such as the mystical symbolism of Shakespeare s later plays and the visionary poetry of Rudyard Kipling But the primary concern of this study is not with sources as such nor with an area somewhere behind the work but rather with that point in Four Quartets where Eliot s own mystical attitude and his poetry unite and intersect **T. S. Eliot and the Dynamic Imagination** Sarah Kennedy,2018-04-05 How is a poem made From what constellation of inner and outer worlds does it issue forth Sarah Kennedy s study of Eliot s poetics seeks out those images most striking in their resonance and recurrence the sea change the light invisible and the dark ghost She makes the case for these sustained metaphors as constitutive of the poet s imagination and art Eliot was haunted by recurrence His work is full of moments of luminous recognitions moments in which a writer discovers both subject and appropriate image This book examines such moments of recognition and invocation by reference to three clusters of imagery drawing on the contemporary languages of literary criticism psychology physics and anthropology Eliot s transposition of these registers at turns wary and beguiled interweaves modern understandings of originary processes in the human and natural world with a poet s preoccupation with language The metaphors arising from these intersections generate the imaginative logic of Eliot s poetry **The Imperial Theme** G. Wilson Knight,2013-10-08 First Published in 2002 This is a collection of essays and commentary on the later Shakespearian tragedies of Julius Caesar Hamlet Macbeth Coriolanus Anthony and Cleopatra and Richard II *The Imperial Theme* George Wilson Knight,2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company **Renaissance psychologies** Robert

Lanier Reid, 2017-01-06 A thorough and scholarly study of Spenser and Shakespeare and their contrary artistry covering themes of theology psychology the depictions of passion and intellect moral counsel family hierarchy self love temptation folly allegory female heroism the supernatural and much more Renaissance psychologies examines the distinct and polarised emphasis of these two towering intellects and writers of the early modern period It demonstrates how pervasive was the influence of Spenser on Shakespeare as in the playful metamorphosis of Gloriana into Titania in A Midsummer Night's Dream and its return from Spenser's moralizing allegory to the Ovidian spirit of Shakespeare's comedy It will appeal to students and lecturers in Spenser studies Renaissance poetry and the wider fields of British literature social and cultural history ethics and theology

Macbeth Samuel Schoenbaum, 2015-04-10 Originally published in 1991 Collecting together commentary and critique on the Scottish play this book showcases varied discussions of the text and the theatrical productions From Samuel Johnson's brief 1765 comment to the editor's own piece on the Porter's scene the texts included here are popular important accounts of thoughts and scholarship on the play over the years Some pieces address the most famous early Lady Macbeth Mrs Siddons while others look at a theme or specific issue such as Lady Macbeth's children This is a great sample of the voluminous body of work looking at the tragedy considering its images symbols meanings and its challenges for the stage

Northrop Frye and Others Robert D. Denham, 2015-08-20 Eminent Frye scholar Robert D Denham explores the connection between Frye and writers who influenced his thinking but about whom he never wrote anything extensive Aristotle Longinus Joachim of Floris Giordano Bruno Henry Reynolds Robert Burton Kierkegaard Lewis Carroll Staphan Mallarm Colin Still Paul Tillich and Frances A Yates

Shakespearean Stage Production Cécile de Banke, 2014-08-13 An absorbing and original addition to Shakespeareana this handbook of production is for all lovers of Shakespeare whether producer player scholar or spectator In four sections Staging Actors and Acting Costume Music and Dance it traces Shakespearean production from Elizabethan times to the 1950s when the book was originally published This book suggests that Shakespeare should be performed today on the type of stage for which his plays were written It analyses the development of the Elizabethan stage from crude inn yard performances to the building and use of the famous Globe Since the Globe saw the enactment of some of the Bard's greatest dramas its construction properties stage devices and sound effects are reviewed in detail with suggestions on how a producer can create the same effects on a modern or reconstructed Elizabethan stage Shakespeare's plays were written to fit particular groups of actors The book gives descriptions of the men who formed the acting companies of Elizabethan London and of the actors of Shakespeare's own company giving insights into the training and acting that Shakespeare advocated With full descriptions and pages of reproductions the costume section shows the types of dress

necessary for each play along with accessories and trimmings A table of Elizabethan fabrics and colours is included The final section explores the little known and interesting story of the integral part of music and dance in Shakespeare s works Scene by scene the section discusses appropriate music or song for each play and supplies substitute ideas for Elizabethan instruments Various dances are described among them the pavan gailliard canary and courante This book is an invaluable wealth of research with extensive bibliographies and extra information **The Waste Land** Grover Smith, 2020-10-07 In this study first published in 1983 Professor Smith makes the argument that although The Waste Land is analogous in form to a musical composition that it is actually made of its literary echoes He calls these a music of allusions and shows the resemblance of this music in its evocativeness to the technique of Mallarm and the French symbolists Smith also comments extensively on Eliot s critical theories as they bear on The Waste Land and traces the development of Eliot s allusive and transformational poetic form from its genesis in early work This title will be of interest to students of literature
