**Love and Spirit Medicine** Shonagh Home, 2013-04-30 Love and Spirit Medicine chronicles the author's mystical journey through the end of her marriage and into a focused shamanic exploration of entheogenic mushrooms. A love relationship unfolded during that time sending her into a dark night of the soul. Shonagh continued her shamanic explorations with the plant medicine and discovered a well of resources. Using the mushrooms as a portal to the spirit worlds, Shonagh experienced a profound transformation of consciousness. She realized that the ceremonial use of sacred mushrooms offered a powerful path in her spiritual exploration. Each journey brought her into direct connection with the realms of the sacred. Through these journeys, she cultivated relationships with otherworldly beings that nourished her on a soul level. Through her desire to know Spirit and experience deep connection, she ultimately discovered her own divinity and her connection to the All. Ultimately, this is the story of my journey into Self. It became necessary for me to fall in love with the mystery of my own being. My experiences with the mushroom medicine have cultivated an intimate relationship with Mother Earth and a coterie of spirit beings. Through the use of sacred mushrooms, I have experienced an expansion of consciousness I never thought possible. It has deepened my sense of belonging within a vast universe of countless realms. This medicine is a potent portal into the world of the spirits, she writes in the introduction. Shonagh forms a unique relationship with the spirit world that has been made possible through her mushroom journeys. Like many traditional shamans through the ages, she finds herself to be a conduit for Spirit, thereby bringing through wisdom and guidance for herself and her community. She is eventually led into a very ancient practice as a medicine oracle, and her life is forever changed. Love and Spirit Medicine is an unusual love story, a tale that exemplifies what is possible through the reverent use of plant medicine for healing and transcendence on every level of our being. It's the story of a woman who ultimately discovers her journey is not about finding a soul mate but coming to know and love her own soul.

**Acorns: Windows High-Tide Foghat** Joshua Morris, 2013-01-23 Acorns delineates the future of humanity as a reunification of intellect with the Deep Self. Having chosen to focus upon ego established securely by the time of Christ, much more beta brain wave development will destroy our species and others, which process has already begun. We create our own realities through beliefs, intents, and desires, and we are in and out of probabilities constantly. Feelings follow beliefs, not the other way around.

**Health and Religious Rituals in South Asia** Fabrizio Ferrari, 2011-03-07 Drawing on original fieldwork, this book develops a fresh methodological approach to the study of indigenous understandings of disease as possession and looks at healing rituals in different South Asian cultural contexts. Contributors discuss the meaning of disease possession and healing in relation to South Asian religions including Hinduism, Islam, Buddhism, and Sikhism, and how South Asians deal with the divine in order to negotiate health and wellbeing. The book goes on to look at goddesses, gods, and spirits as a cause and remedy of a variety of diseases, a study that has proved significant to the ethics and politics of responding to health issues. It contributes to a consolidation and promotion of indigenous ways as a method of understanding physical and mental imbalances through diverse conceptions of the divine. Chapters offer a fascinating
