Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation

Jack S. Levy, William R. Thompson

Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation:

Shame and Humiliation Blema S. Steinberg,1996 Blema Steinberg adopts a psychoanalytical approach in her examination of the decision making of Lyndon Johnson Richard Nixon and Dwight Eisenhower during the Vietnam War She argues that personality traits such as narcissism influenced critical decisions they made about U S intervention in Vietnam

Psychoanalysis, International Relations, and Diplomacy Vamik D. Volkan,2018-05-15 The author has three goals in writing this book The first is to explore large group identity such as ethnic identity diplomacy political propaganda terrorism and the role of leaders in international affairs The second goal is to describe societal and political responses to trauma at the hands of the Other large group mourning and the appearance of the history of ancestors and its consequences The third goal is to expand theories of large group psychology in its own right and define concepts illustrating what happens when tens of thousands or millions of people share similar psychological journeys The author is a psychoanalyst who has been involved in unofficial diplomacy for thirty five years His interdisciplinary team has brought enemy representatives such as Israelis and Arabs Russians and Estonians Georgians and South Ossetians together for dialogue He has spent time in refugee camps and met many world leaders

Shame and Humiliation Blema S. Steinberg,1996 Blema Steinberg adopts a psychoanalytical approach in her examination of the decision making of Lyndon Johnson Richard Nixon and Dwight Eisenhower during the Vietnam War She argues that personality traits such as narcissism influenced critical decisions they made about U S intervention in Vietnam

US Foreign Policy in the Post-Cold War Era T. Onea,2013-10-17 Why has the US proven unable to enact a foreign policy of restraint in the post Cold War era For all but a brief period in the 1990s US foreign policy is marked by an assertive appearance despite relative hegemony This book examines the causes and impact of US foreign policy measuring its successes pitfalls and what the future has in store

American Book Publishing Record ,1996-05 **Psychoanalytic Technique Expanded** Vamik Volkan,2014-07-01 In this pioneering textbook a master psychoanalyst makes his innovative field work teaching technique available to seasoned practitioners and budding students alike They can figuratively sit outside the one way mirror to watch Dr Volkan treat patients with neurotic borderline and narcissistic personalities from start to finish using both modern and classical psychoanalytic techniques Dr Volkan not only explains what he is doing while he is doing it but he also asks and answers the perennial questions so common to analytic work what am I treating what do I say and why does it work Fascinating and

extraordinarily illuminating Psychoanalytic Technique Expanded is unique in offering an intimate view of updated analytic treatment for an array of disorders With an engaging narrative style that takes the reader into the depths of analytic work this textbook can be effectively incorporated into psychiatry and psychology training programs as well as into advanced psychotherapy training programs and beginning technique courses for psychoanalytic candidates

Who Fights for Reputation Keren Yarhi-Milo, 2018 How psychology explains why a leader is willing to use military force to protect or salvage reputation In *Who Fights for Reputation* Keren Yarhi Milo provides an original framework based on insights from psychology to explain why some political leaders are more willing to use military force to defend their reputation than others Rather than focusing on a leader's background beliefs bargaining skills or biases Yarhi Milo draws a systematic link between a trait called self monitoring and foreign policy behavior She examines self monitoring among national leaders and advisers and shows that while high self monitors modify their behavior strategically to cultivate image enhancing status low self monitors are less likely to change their behavior in response to reputation concerns Exploring self monitoring through case studies of foreign policy crises during the terms of U S presidents Carter Reagan and Clinton Yarhi Milo disproves the notion that hawks are always more likely than doves to fight for reputation Instead Yarhi Milo demonstrates that a decision maker's propensity for impression management is directly associated with the use of force to restore a reputation for resolve on the international stage *Who Fights for Reputation* offers a brand new understanding of the pivotal influence that psychological factors have on political leadership military engagement and the protection of public prestige

Passion, Politics, and the Past Vladimir Donskoi, 2008 This book shows that foreign policy decision making is not as cool minded as it is deemed to be It analyses how the lessons of history influence decision making and argues that during crises a decision maker's affect anger and fear can bias him towards straightforward responses of the fight or flight type This insight also prompts a fresh answer to the question what analogies are likely to be picked from the vast pool of historical events a behaviourally straightforward analogies with forceful imagery and clear cut affective connotations b analogies that are already established in the political discourse c exceedingly grave analogies d many different analogies with congruent inferences Thus politicians tend to draw analogies that are affectively salient e g between Saddam Hussein and Hitler rather than factually accurate and this explains why such analogies are often farfetched The case on which the model is then tested is the U S decision making during 1st week of the Korean War This book will be especially interesting for scholars and practitioners in the field of politics as well as for everyone who wants to understand how emotions influence decisions

Blind Trust Vamik Volkan, 2014-07-01 Blind Trust is the culmination of more than three decades of profound immersion in the most pressing sociopolitical conflicts of our time by the psychoanalyst with probably the most direct experience with such issues of any in the world Author Vamik Volkan applies his knowledge of depth psychology to the turbulent and destructive human experiences in the current cauldrons of the greatest unrest and disaster throughout Europe Asia and the Middle East Illuminating the etiologic bases of war

revolution massacres and terror as these have disturbed the world from ancient times to modern civilization his voice speaks for the imperative of reason and the application of modern analytic knowledge for conflict resolution at the highest levels The subjects are large groups and their leaders windows into the lives of the Prophet Muhammad Stalin Milosevic Osama Bin Laden and David Koresh are interspersed with examinations of religion and fundamentalism and a sober study of suicide attackers Volkan s detailed and scholarly description of regressive movements in large group identities complemented by an equal attention to progressive and creative reparative forces represents a significant expansion of our understanding of group psychology

Psicología de las sociedades en conflicto Vamik Volkan,2018-03-11 A lo largo de la historia se han producido innumerables conflictos entre grupos tribales étnicos nacionales religiosos y político ideológicos ya sea a nivel territorial o extraterritorial Asimismo día tras día presenciamos enfrentamientos sociales o nos llegan noticias de maltratos y asesinatos masivos Ante tal horror debemos preguntarnos por los orígenes y entramados de la irracionalidad en los grupos grandes para así poder intervenir e intentar resolver estos conflictos El presente libro aporta desde la perspectiva del psicoanálisis una exploración de la identidad las representaciones y los efectos inconscientes y reprimidos de estos grupos y de sus líderes para obtener un efectivo entendimiento de sus acciones Gracias a su gran experiencia como psicoanalista y asesor diplomático Vamik D Volkan integra a partir de ejemplos bien definidos el profundo conocimiento de la mente humana en los conceptos de etnicidad ideología y religión para así conseguir explicar la psicodinámica del inconsciente de los grupos grandes en escenarios de confrontación Tanto el lector especializado diplomáticos científicos políticos historiadores y psicoanalistas como cualquier persona interesada por la actualidad social en general encontrar en esta obra las claves para poder afrontar los conflictos entre comunidades y por ende obtener una comprensión global de la situación político social contemporánea

International Politics and Inner Worlds Kurt Jacobsen,2017-06-28 This book takes radical aim at the conventional conduct of international relations analysis It reexamines the role of ideas the usefulness of psychoanalysis the rage for and at rational choice the influence of the public on foreign policy counterinsurgency evangelism and development orthodoxies at the national and genetic levels Drawing a bead on conceptual blind spots prevalent both inside and outside the academy the book urges scholars to reflect on how inner worlds shape the actions of their subjects and their own research analyses as well

Causes of War Jack S. Levy,William R. Thompson,2011-09-15 Written by leading scholars in the field *Causes of War* provides the first comprehensive analysis of the leading theories relating to the origins of both interstate and civil wars Utilizes historical examples to illustrate individual theories throughout Includes an analysis of theories of civil wars as well as interstate wars one of the only texts to do both Written by two former International Studies Association Presidents

Islamic Terror Avner Falk,2008-07-30 Independent scholar Falk analyzes the genesis of Islamic terror from many standpoints including religious cultural historical political social economic and above all psychological Drawing on his training as a clinical psychologist Falk s writings specialize in psychohistory and political psychology Here he examines

topics including infantile experience and adult terrorism the meaning of terror terrorists and their mothers narcissistic rage and Islamic terror and whether terrorists are normal people as some scholars claim He also describes the infantile development of terrorist pathology non psychoanalytic theories of terrorism globalization s effect on terrorism and the notion of the clash of civilizations Other topics addressed in this reader friendly analysis include history s first Islamic terrorists and three important cases two recent deadly terrorists and a primary figure in our current war on terror Independent scholar Falk analyzes the genesis of Islamic terror from many standpoints including religious cultural historical political social economic and above all psychological Drawing on his training as a clinical psychologist Falk s writings specialize in psychohistory and political psychology Here he examines topics including infantile experience and adult terrorism the meaning of terror terrorists and their mothers narcissistic rage and Islamic terror and whether terrorists are normal people as some scholars claim He also describes the infantile development of terrorist pathology non psychoanalytic theories of terrorism globalization s effect on terrorism and the notion of the clash of civilizations Examining the emotional structure of traditional Muslim families Falk shows us the Muslim child s ambivalence toward his or her parents ways in which Muslims abuse women and children and the roots of Muslim rage and why all of that plays into the development of future terrorism Other topics addressed in this reader friendly analysis include history s first Islamic terrorists and three important cases two recent deadly terrorists and a primary figure in our current war on terror The central idea throughout the book is that a person s attitude toward terror and terrorism as well as whether he or she becomes a murderous terrorist or even who wages a global war on terror has much to do with that person s own terrifying experiences in infancy and childhood Such terror usually experienced first in the earliest interactions with the mother is symbolically expressed as Falk shows in fairy tales and myths about terrifying witches and female monsters Further terror may be experienced in the relationship with the father and also in various other traumatic ways It is these early terrors when extreme and uncontrollable that most often produce terrorists and wars on terror Falk argues Thus his book focuses on the conscious but also on the irrational and unconscious causes of terrorism

Perception and Misperception in International Politics Robert Jervis, 2017-05-02

Since its original publication in 1976 *Perception and Misperception in International Politics* has become a landmark book in its field hailed by the New York Times as the seminal statement of principles underlying political psychology This new edition includes an extensive preface by the author reflecting on the book s lasting impact and legacy particularly in the application of cognitive psychology to political decision making and brings that analysis up to date by discussing the relevant psychological research over the past forty years Jervis describes the process of perception for example how decision makers learn from history and then explores common forms of misperception such as overestimating one s influence He then tests his ideas through a number of important events in international relations from nineteenth and twentieth century European history *Perception and Misperception in International Politics* is essential for understanding international relations today

Political Psychology David Patrick Houghton, 2025-10-31 What shapes political behavior more the situations in which individuals find themselves or the internal psychological makeup beliefs values and so on of those individuals This is perhaps the leading division within the psychological study of politics today Political Psychology Situations Individuals and Cases 3rd edition provides a concise readable and conceptually organized introduction to the topic of political psychology by examining this very question Using this situationism dispositionism framework which roughly parallels the concerns of social psychology and cognitive neuroscience this book focuses on such key explanatory mechanisms as emotion cognition neuropolitics genopolitics personality beliefs and social identities to explore topics ranging from voting behavior and racism to terrorism and international relations The new edition is completely revised and contains new chapters to introduce and conclude the book as well as fundamentally updated material on for instance foreign policy decision making and electoral choice Houghton has also updated the text to bring us into the era of Donald J Trump to pick apart the results of the 2024 US presidential election and to include up and coming research in the areas of neuropolitics and genopolitics Houghton's clear and engaging examples directly challenge students to place themselves in both real and hypothetical situations which involve intense moral and political dilemmas This highly readable text will provide students with the conceptual foundation they need to make sense of the rapidly changing and increasingly important field of political psychology

The Power of Deterrence Amir Lupovici, 2016-09-01 Why do states persist in using force to enhance their deterrent posture even though it is not clear that it is effective This book develops an innovative framework to answer this question viewing deterrence as an idea This allows the author to explain how countries institutionalize deterrence strategy and how this internalization affects policy He argues that the US and Israel have both internalized deterrence ideas and become attached to these practices For them deterrence is not just a means to advance physical security but it constitutes their very selves as deterring actors As a result being unable to deter becomes a threat to their identity evoking strong emotional responses In recognizing these dynamics the book provides a fresh perspective on the US war in Iraq 2003 and the Israeli war in Lebanon 2006 both of which can be seen as attempts to repair each country's shaken sense of self

The Contemporary American President Robert E DiClerico, 2016-12-05 Debuting in its first edition The Contemporary American President explores the potential and limitations of presidential influence in times of rising public expectation for the office and the declining ability of presidents to meet it It focuses on six major areas concerning the presidency selection power accountability decision making personality and leadership and offers an appreciation of the challenges of the office as the institution attempts to function in an increasingly controversial political environment

Revisiting State Personhood and World Politics Bianca Naude, 2021-12-16 Breathing fresh air into debates surrounding foreign policy and interstate relations Bianca Naude presents a holistic theory of states as collectives of people that cannot be reduced to their individual constituents Moving among current research on the ontological status of the state alongside important arguments in support of the state personhood thesis Naude begins by

exploring Freud's personality theory and the ways in which this theory has evolved over time in response to newer insights from the field of experimental psychology. Recognizing that Freud's work is in many ways outdated, she considers more recent literature on narcissism as an aspect of self-esteem rather than a form of psychopathology, drawing specifically on Kohut's expansion of the concept of narcissism as a normal feature of personality development. Using the South African state as a case study, Naude demonstrates the various ways in which the state presents itself to the outside world on the one hand and how it wishes to see itself on the other. She further considers how narcissistic defenses help protect the state's ego from criticism and self-judgments. Revisiting *State Personhood and World Politics* will help readers understand how the state sees itself, why or when the state experiences shame, humiliation, guilt, or pride, and how it responds to these self-conscious emotions. It will be a valuable resource to researchers and students of International Relations.

Nixon's Shadow: The History of an Image David Greenberg, 2004-10-17. How an image-obsessed president transformed the way we think about politics and politicians. To his conservative supporters in the 1940s, southern California, Richard Nixon was a populist everyman; to liberal intellectuals of the 1950s, he was Tricky Dick, a devious manipulator; to 1960s radicals, a shadowy conspirator; to the Washington press corps, a pioneering spin doctor; to his loyal Middle Americans, a victim of liberal hatred; to recent historians, an unlikely liberal. Nixon's Shadow rediscovers these competing images of the protean Nixon, showing how each was created and disseminated in American culture and how Nixon's tinkering with his own image often backfired. During Nixon's long tenure on the national stage and through the succession of new Nixons so brilliantly described here, Americans came to realize how thoroughly politics relies on manipulation. Since Nixon, it has become impossible to discuss politics without asking: What is the politician's real character? How authentic or inauthentic is he? What image is he trying to project? More than what Nixon did, this fascinating book reveals what Nixon meant.

The Enigmatic Realm of **Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation Introduction

In the digital age, access to information has become easier than ever before. The ability to download Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation has opened up a world of possibilities. Downloading Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal

information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Shame And Humiliation Presidential Decision Making On Vietnam A Psychoanalytic Interpretation Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
