

BERNARD WILLIAMS

SHAME AND
NECESSITY

WITH A NEW FOREWORD BY A.A. LONG

"Brilliant, demanding, disturbing"

—BERNARD KNOX

Shame And Necessity

Lourens Minnema

Shame And Necessity:

Shame and Necessity Bernard Williams, 1993 The author is a philosopher but much of his book is directed to writers such as Homer and the tragedians whom he discusses as poets and not just materials for philosophy At the center of his study is the question of how we can understand Greek tragedy at all when its world is so far from ours Shame and Necessity Bernard Arthur Owen Williams, 1993-01-01 We tend to suppose that the ancient Greeks had primitive ideas of the self of responsibility freedom and shame and that now humanity has advanced from these to a more refined moral consciousness Bernard Williams s original and radical book questions this picture of Western history While we are in many ways different from the Greeks Williams claims that the differences are not to be traced to a shift in these basic conceptions of ethical life We are more like the ancients than we are prepared to acknowledge and only when this is understood can we properly grasp our most important differences from them such as our rejection of slavery The author is a philosopher but much of his book is directed to writers such as Homer and the tragedians whom he discusses as poets and not just as materials for philosophy At the center of his study is the question of how we can understand Greek tragedy at all when its world is so far from ours Williams explains how it is that when the ancients speak they do not merely tell us about themselves but about ourselves *Shame and Necessity* gives a new account of our relations to the Greeks and helps us to see what ethical ideas we need in order to live in the modern world *Shame and Necessity*, 2016 We tend to suppose that the ancient Greeks had primitive ideas of the self of responsibility freedom and shame and that now humanity has advanced from these to a more refined moral consciousness Bernard Williams s original and radical book questions this picture of Western history While we are in many ways different from the Greeks Williams claims that the differences are not to be traced to a shift in these basic conceptions of ethical life We are more like the ancients than we are prepared to acknowledge and only when this is understood can we properly grasp our most important differences from them such as our rejection of slavery The author is a philosopher but much of his book is directed to writers such as Homer and the tragedians whom he discusses as poets and not just as materials for philosophy At the center of his study is the question of how we can understand Greek tragedy at all when its world is so far from ours Williams explains how it is that when the ancients speak they do not merely tell us about themselves but about ourselves In a new foreword A A Long explores the impact of this volume in the context of Williams s stunning career Reasonable Faith for a Post-Secular Age William Greenway, 2020-12-16 Our global community desperately needs overt awakening to an age of reason and faith Reasonable Faith for a Post Secular Age meets this need by interpreting faith not in terms of belief in propositions but in terms of living surrender to having been seized by agape for every Face including one s own Virtually all faith traditions from Buddhism to Humanism to Wiccan are rooted in agape and therefore share considerable spiritual and ethical common ground a truth long veiled In contrast to ethically feckless secular rationality over which a devastating global social Darwinism currently runs roughshod faith qua living surrender to agape

grounds moral realism awakens us to love for all creatures and inspires struggles for justice Inspired by the philosophy of Emmanuel Levinas and Christian spirituality Greenway engages on the one hand intellectuals like Stanley Hauerwas Richard Rorty Gayatri Chakravorty Spivak Jeffery Stout Charles Taylor and Bernard Williams and on the other contemporary debates over consciousness free will evil and metaethics He details the character of secular rationality s devastating scission from moral reality and clarifies the promise of understanding faith and spirituality in terms of agape

Forms of Devotion in Early English Poetry Jennifer A. Lorden, 2023-11-02 Jennifer Lorden reveals the importance of deeply felt religious devotion centuries before it is commonly said to arise Her ground breaking study establishes the hybrid poetics that embodied its form for medieval readers while obscuring it from modern scholars Working across the divide between Old and Middle English she shows how conventions of earlier English poetry recombine with new literary conventions after the Norman Conquest These new conventions for example love lyric repurposed as devotional song created hybrid aesthetics more familiar to modern scholars She argues that this aesthetic as much as changing devotional practice rendered later affective piety recognizable in a way that earlier affective devotional conventions were not Forms of Devotion reconsiders the roots and branches of poetic topoi revising commonplaces of literary and religious history This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details

Reflecting Subjects Jacqueline Anne Taylor, 2015 Offers a reconstruction of Hume s social theory and examines his moral philosophy account of social power and system of ethics

Remorse and Reparation Murray Cox, 1999 Remorse or rather the lack of it frequently features in banner headlines But there is little systematic study of this important interdisciplinary topic whose relevance has extensive social ramifications The complex relationship between remorse shame guilt and attempts at reparation are discussed in this authoritative work This volume is the first comprehensive attempt to bring together both forensic clinicians and those working within the criminal justice system New Life Familiar though they are in literature religion and philosophy the phenomena of remorse and reparation are rarely explored in either the theory or practice of forensic psychotherapy This book begins to address those omissions dealing with clinical and legal questions and ranging widely over political philosophical sociological and artistic perspectives Remorse and Reparation is very much the expression of Murray Cox s particular and unique talent He would have been proud of this his last book even though he did not live long enough to supervise its publication Murray has brought together authors from different disciplines to convey a myriad of views Although occasionally contradictory the impacts of original insights presented from several different perspectives can be stunning This book will be a valuable addition to the literature of any forensic institution British Journal of Psychiatry This is a book all magistrates probation officers and QPMs should read It consists of 15 short and mostly readable essays looking at a little considered aspect of human experience from medical legal sociological and philosophical points of view The case studies quoted are very much to the point Two essays particularly impressed me David Tidmarsh now of the Parole Board was formerly on the staff of

Broadmoor Hospital He draws attention to the lack of reference to remorse in the Board's remit which is concerned only with risk John Harding of the Inner London Probation Service quotes examples including two well known ones from Barlinnie where moral reformation has occurred Newsletter of Quakers in Criminal Justice Remorse or rather the lack of it frequently features in banner headlines But there is little systematic study of this important inter disciplinary topic whose relevance has extensive social ramifications Should a show of remorse by an offender be taken into account in sentencing Is there a correlation between the experience of remorse and a diminished likelihood of re offending And is there a correlation between the experience and the expression of remorse Such questions and the complex relationship between remorse shame guilt and attempts at reparation are discussed in this authoritative work This volume is the first comprehensive attempt to bring together both forensic clinicians and those working within the criminal justice system There is also a series of chapters by those writing from the adjacent complementary disciplines of moral philosophy classics Shakespeare studies sociology and anthropology

A Political Companion to W. E. B. Du Bois Nick Bromell, 2018-03-16 Literary scholars and historians have long considered W E B Du Bois 1868 1963 an extremely influential writer and a powerful cultural critic The author of more than one hundred books hundreds of published articles and founding editor of the NAACP journal The Crisis Du Bois has been widely studied for his profound insights on the politics of race and class in America An activist as well as a scholar Du Bois proclaimed I stand in utter shamelessness and say that whatever art I have for writing has been used always for propaganda for gaining the right of black folk to love and enjoy In A Political Companion to W E B Du Bois Nick Bromell assembles essays from both new and established scholars from a variety of disciplines to explore Du Bois's contributions to American political thought The contributors establish a conceptual context within which to read the author revealing how richly and variously he engaged with the aesthetic and theological modalities of political thinking and action This volume further reveals how Du Bois's work challenges and revises contemporary political theory providing commentary on the author's strengths and limitations as a theorist for the twenty first century In doing so it helps readers gain an understanding of how Du Bois's work and life continue to stimulate lively and constructive debate about the theory and practice of democracy in America

Morality and Agency András Szigeti, Matthew Talbert, 2022 Bernard Williams 1929 2003 one of the great philosophers of the latter half of the 20th century continues to exert a profound influence on contemporary ethical theory This edited volume brings together new articles from prominent scholars that focus on the innovative ideas and methods that Williams developed as part of his distinctive outlook in ethics The volume provides a fresh up to date portrait of Williams's philosophy as a fully fledged alternative approach in ethics

Compassion and Remorse Steven Tudor, 2001 This book articulates in rich and complex ways the nature of two important moral emotions or ways of being compassion and remorse As an exemplar of the agent centred tradition in normative ethical theory it is a fine piece of work exhibiting one of the more admirable and enjoyable aspects of work in that tradition the ability to build bridges between a variety of

philosophical traditions Steven Tudor makes excellent use of authors in both the analytic and continental traditions while maintaining an admirable clear style The book elucidates in nuanced and quite sophisticated ways the various aspects of compassion and remorse and how they are distinguishable from neighbouring and less valuable states such as pity empathy guilt feelings shame and regret At the same time it acknowledges and combats various criticisms of compassion and remorse as moral responses by distinguishing between distorted and undistorted forms of these states Compassion and Remorse Acknowledging the Suffering Other is an interesting and intelligent work of philosophy Dr Christine Swanton University of Auckland New Zealand author of Freedom A Coherence Theory winner of Johnsonsian Prize 1990 Steven Tudor's book examines two important features of moral experience compassion and remorse both of which deserve a central place in the contemporary revival of virtue theory Both involve the recognition of other people's suffering while the second also involves a personal recognition of in some cases responsibility for that suffering Drawing on a number of sources phenomenology theology postmodernism and the philosophy of Wittgenstein Tudor interprets these important moral responses not as bare cognitions but in terms of understanding feeling and practical engagement Following a path of clear and cogent arguments he develops a number of moral themes so as to sketch an illuminating conception of the moral life This is a book for the thoughtful and reflective participant in those moral debates which touch on our personal relations with and responsibility for each other What it offers the reader in the end is a strong defence of moral universality and a common human nature Professor Brenda Almond University of Hull author of Exploring Ethics A Traveller's Tale 1998 and Vice President of the Society for Applied Philosophy Dr Steven Tudor studied philosophy and law at the University of Melbourne Australia where he is currently a Senior Fellow in the Department of Philosophy He also practises law as a barrister

Managing Emotion in Byzantium Margaret Mullett, Susan Ashbrook Harvey, 2022-09-30 Byzantinists entered the study of emotion with Henry Maguire's ground breaking article on sorrow published in 1977 Since then classicists and western medievalists have developed new ways of understanding how emotional communities work and where the ancients' concepts of emotion differ from our own and Byzantinists have begun to consider emotions other than sorrow It is time to look at what is distinctive about Byzantine emotion This volume is the first to look at the constellation of Byzantine emotions Originating at an international colloquium at Dumbarton Oaks these papers address issues such as power gender rhetoric or asceticism in Byzantine society through the lens of a single emotion or cluster of emotions Contributors focus not only on the construction of emotions with respect to perception and cognition but also explore how emotions were communicated and exchanged across broad multi linguistic political and social boundaries Priorities are twofold to arrive at an understanding of what the Byzantines thought of as emotions and to comprehend how theory shaped their appraisal of reality Managing Emotion in Byzantium will appeal to researchers and students alike interested in Byzantine perceptions of emotion Byzantine Culture and medieval perceptions of emotion Bernard Williams Mark Jenkins, 2014-12-18 From his earliest work on personal

identity to his last on the value of truthfulness the ideas and arguments of Bernard Williams in the metaphysics of personhood in the history of philosophy but especially in ethics and moral psychology have proved sometimes controversial often influential and always worth studying This book provides a comprehensive account of Williams s many significant contributions to contemporary philosophy Topics include personal identity various critiques of moral theory practical reasoning and moral motivation truth and objectivity and the relevance of ancient Greece to modern life It not only positions Williams among these important philosophical topics but also with regard to the views of other philosophers including prominent forerunners such as Hume and Nietzsche and contemporary thinkers such as Nagel McDowell MacIntyre and Taylor The fragmentary nature of Williams s work is addressed and recurring themes and connections within his work are brought to light

The Sense of the Past Bernard Williams, 2009-02-09 Before his death in 2003 Bernard Williams planned to publish a collection of historical essays focusing primarily on the ancient world This posthumous volume brings together a much wider selection written over some forty years His legacy lives on in this masterful work the first collection ever published of Williams s essays on the history of philosophy The subjects range from the sixth century B C to the twentieth A D from Homer to Wittgenstein by way of Socrates Plato Aristotle Descartes Hume Sidgwick Collingwood and Nietzsche Often one would be hard put to say which part is history which philosophy Both are involved throughout because this is the history of philosophy written philosophically Historical exposition goes hand in hand with philosophical scrutiny Insights into the past counteract blind acceptance of present assumptions In his touching and illuminating introduction Myles Burnyeat writes of these essays They show a depth of commitment to the history of philosophy seldom to be found nowadays in a thinker so prominent on the contemporary philosophical scene The result celebrates the interest and importance to philosophy today of its near and distant past The Sense of the Past is one of three collections of essays by Bernard Williams published by Princeton University Press since his death In the Beginning Was the Deed Realism and Moralism in Political Argument selected edited and with an introduction by Geoffrey Hawthorn and Philosophy as a Humanistic Discipline selected edited and with an introduction by A W Moore make up the trio

The Enlargement of Life John Kekes, 2018-07-05 Moral imagination according to John Kekes is indispensable to a fulfilling and responsible life By correcting a parochial view of the possibilities available to us and overcoming mistaken assumptions about our limitations moral imagination liberates us from self imposed narrowness It enlarges life by enabling us to reflect more deeply and widely about how we should live The material for this reflection Kekes believes is supplied by literature Each of the eleven chapters of the book focuses on a novel play or autobiography that exemplifies the protagonist s reflective self evaluation Kekes shows the enduring significance of these protagonists successes or failures and how we might apply what they teach to our very different characters and circumstances Kekes discusses John Stuart Mill s Autobiography the Oedipus tragedies by Sophocles Age of Innocence by Edith Wharton Henry James s The Ambassadors and The Golden Bowl Montaigne s Essays a story by Herodotus and Arthur

Koestler's *Arrival and Departure* Throughout Kekes shows that moral thought must be concrete not abstract that good reasons for or against how we live and what choices we make are available but must be particular not universal and that the rigid separation of literature psychology and moral thought is detrimental to all three *The Darkened Light of Faith* Melvin L. Rogers, 2023-09-26 A powerful new account of what a group of nineteenth and twentieth century African American activists intellectuals and artists can teach us about democracy Could the African American political tradition save American democracy African Americans have had every reason to reject America's democratic experiment Yet African American activists intellectuals and artists who have sought to transform the United States into a racially just society have put forward some of the most original and powerful ideas about how to make America live up to its democratic ideals In *The Darkened Light of Faith* Melvin Rogers provides a bold new account of African American political thought through the works and lives of individuals who built this vital tradition a tradition that is urgently needed today The book reexamines how figures as diverse as David Walker Frederick Douglass Anna Julia Cooper Ida B Wells W E B Du Bois Billie Holiday and James Baldwin thought about the politics people character and culture of a society that so often dominated them Sharing a light of faith darkened but not extinguished by the tragic legacy of slavery they resisted the conclusion that America would always be committed to white supremacy They believed that democracy is always in the process of becoming and that they could use it to reimagine society But they also saw that achieving racial justice wouldn't absolve us of the darkest features of our shared past and that democracy must be measured by how skillfully we confront a history that will forever remain with us An ambitious account of the profound ways African Americans have reimagined democracy *The Darkened Light of Faith* offers invaluable lessons about how to grapple with racial injustice and make democracy work *Counterfactuals* Christopher Prendergast, 2019-04-04 What are counterfactuals and what is their point In many cases none at all It may be true that if kangaroos didn't have tails they would fall over but they do have tails and if they didn't they wouldn't be kangaroos or would they This is the sort of thing that can give counterfactuals a bad name as inhabitants of a La La Land of the mind On the other hand counterfactuals do useful service across a broad range of disciplines in both the sciences and the humanities including philosophy history cosmology biology cognitive psychology jurisprudence economics art history literary theory They are also richly albeit sometimes treacherously present in the everyday human realm of how our lives are both imagined and lived in the crossroads scenario of decision making the place of regret in retrospective assessments of paths taken and not taken and at the outer limit as the wish not to have been born Christopher Prendergast take us on a dizzying exploratory journey through some of these intellectual and human landscapes mobilizing a wide range of reference from antiquity to the present and sustained by the belief that whether as help or hindrance and with many variations across cultures counterfactual thinking and imagining are fundamental to what it is to be human *Wilderness and the Heart* Edward F. Mooney, 1999 In this essential companion to the classic *The Inward Morning* sixteen distinguished contemporary

philosophers celebrate Henry Bugbee's remarkable philosophy. The essays trace his explorations of thought, emotion, and the need for a sense of place attuned to wilderness. Representing a range of traditions, the thinkers included here touch on an equally broad spectrum of inquiry including existential philosophy, religion, and environmental studies. The essays progress from general introductions to considerations of more specific themes in Bugbee's philosophy to reflections on the man as teacher, mentor, and friend. Provocative in their own right, these contributions provide a commentary on *The Inward Morning*. This volume thus becomes a valuable tool for the careful reader seeking to fully appreciate the vivid text that has inspired it while at the same time offering insight into contemporary issues in the philosophy of nature. *Having* William Schweiker, Charles T. Mathewes, 2004. In today's market economies, people constitute much of their identity in relation to the things they possess, and communities facilitate social intercourse and survival by means of property relations. What if anything might the study of the biblical religions contribute to thinking about and responding to the basic reality of having? In this book, scholars in a variety of fields— theology, ethics, economics, and biblical studies— address in new and penetrating ways the meaning of having in religious and social life and offer a number of compelling answers to challenging questions about property and possession in our present global age. Tragic Views of the Human Condition Lourens Minnema, 2013-06-06. Can tragic views of the human condition, as known to Westerners through Greek and Shakespearean tragedy, be identified outside European culture in the Indian culture of Hindu epic drama? In what respects can the Mahabharata epic's and the Bhagavadgita's views of the human condition be called tragic in the Greek and Shakespearean senses of the word? Tragic views of the human condition are primarily embedded in stories. Only afterwards are these views expounded in theories of tragedy and in philosophical anthropologies. Minnema identifies these embedded views of human nature by discussing the ways in which tragic stories raise a variety of anthropological issues, issues such as coping with evil, suffering, war, death, values, power, sacrifice, ritual, communication, gender, honour, injustice, knowledge, fate, freedom. Each chapter represents one cluster of tragic issues that are explored in terms of their particular Greek, English, Indian settings before being compared cross-culturally. In the end, the underlying question is: are Indian views of the human condition very different from Western views? **Sophocles' Philoctetes and the Great Soul Robbery** Norman Austin, 2011-06-01. Norman Austin brings both keen insight and a life-long engagement with his subject to this study of Sophocles' late tragedy *Philoctetes*, a fifth-century BCE play adapted from an infamous incident during the Trojan War. In *Sophocles' Philoctetes and the Great Soul Robbery*, Austin examines the rich layers of text as well as context, situating the play within the historical and political milieu of the eclipse of Athenian power. He presents a study at once of interest to the classical scholar and accessible to the general reader. Though the play, written near the end of Sophocles' career, is not as familiar to modern audiences as his Theban plays, *Philoctetes* grapples with issues— social, psychological, and spiritual— that remain as much a part of our lives today as they were for their original Athenian audience.

Shame And Necessity Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Shame And Necessity PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Shame And Necessity PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources

available. In conclusion, the availability of Shame And Necessity free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Shame And Necessity Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Shame And Necessity is one of the best book in our library for free trial. We provide copy of Shame And Necessity in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Shame And Necessity. Where to download Shame And Necessity online for free? Are you looking for Shame And Necessity PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Shame And Necessity. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Shame And Necessity are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that

there are specific sites catered to different product types or categories, brands or niches related with Shame And Necessity. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Shame And Necessity To get started finding Shame And Necessity, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Shame And Necessity So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Shame And Necessity. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Shame And Necessity, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Shame And Necessity is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Shame And Necessity is universally compatible with any devices to read.
