Shameless Exploitation Paperback:

Shameless Exploitation in Pursuit of the Common Good Paul Newman,A.E. Hotchner,2003-11-04 There are three rules for running a business fortunately we don't know any of them In 1978 Paul Newman and A E Hotchner decided that rather than just distribute Paul's own salad dressing at Christmas to neighbors they would offer it to a few local stores Freewheeling irreverent entrepreneurs they conceived of their venture as a great way to poke fun at the mundane method of traditional marketing Much to their surprise the dressing was enthusiastically received What had started as a lark quickly escalated into a full fledged business the first company to place all natural foods in supermarkets From salad dressing to spaghetti sauce to popcorn and lemonade Newman's Own became a major player in the food business The company's profits were originally donated to medical research education and the environment and eventually went to the creation of the eight Hole in the Wall Gang camps for children with serious illnesses In these pages Newman and Hotchner recount the picaresque saga of their own nonmanagement adventure In alternating voices playing off one another in classic Odd Couple style they describe how they systematically disregarded the advice of experts and relied instead on instinct imagination and mostly luck They write about how they hurdled obstacle after obstacle share their hilarious misadventures and reveal their offbeat solutions to conventional problems Even their approach to charity is decidedly different every year they give away all the company's profits empty the coffers and start over again The results of this amazing generosity are brought to life in heartwarming stories about the children at their camps With rare glimpses into their zany style and their compassion for those less fortunate Newman and Hotchner have written the perfect nonmanagement book at once playful informative and inspirational

In Pursuit of the Common Good Paul Newman,A.E. Hotchner,2008-08-12 An entertaining accessible history of the iconic Newman's Own brand that also serves as a roadmap for foundations and charitable organizations looking to do the most good they can with what they have Shameless exploitation has never been more fun nor done more good for more people than when done by Newman's Own the first green food company to use all natural ingredients and still the most successful It was 1982 when Paul Newman and A E Hotchner made their foray into local gourmet shops with bottles of their homemade salad dressing The venture was intended to be a lark a way to poke fun at the traditional way the market operates Hurdling obstacle after obstacle they created the first company to mass market all natural products eliminating the chemicals gums and preservatives that existed in food at the time This picaresque saga is the inspiring story of how the two friends parlayed the joke into a multimillion dollar company that gives all its profits to the less fortunate without spending money on galas mailings and other expensive outreaches Told in alternating voices Newman and Hotchner have written a zany tale that is a business model for entrepreneurs an inspirational book and just plain delightful reading *Life Stories* Maureen O'Connor,2011-08-23 Memoirs autobiographies and diaries represent the most personal and most intimate of genres as well as one of the most abundant and popular Gain new understanding and better serve your readers with this
