Shaping Library Collections For The 1980s

Peter Spyers-Duran, Thomas W. Mann

Shaping Library Collections For The 1980s:

Shaping Library Collections for the 1980s Peter Spyers-Duran, Thomas W. Mann, 1980 Building Library Collections Arthur Curley, Dorothy M. Broderick, 1985 A classic Topics include resource sharing networks the importance of nonbook formats the greater complexity of censorship challenges and the expansion of the library's informational role

Acquisitions, Budgets, and Material Costs Sul H Lee, 2013-10-18 In times of tight materials budgets steeply rising prices and rapidly expanding information formats library professionals will appreciate the valuable insights into acquisitions processes and management of material costs that are offered in this practical new book Respected librarians and vendor representatives contributed to this volume the published proceedings of a recent conference held at the University of Oklahoma These experts examine approval plans including a new approach for the publisher based plan the impact of inflation including the increasing costs of titles in selected subject disciplines causes for the costs and ramifications for libraries and suppliers and the process of materials budgeting from the collection of data to the justification of the budget With increasing demands on librarians to find better budget management strategies and to develop more effective material acquisition processes an environment has evolved in which librarians and book vendors are forced to examine their methods of acquiring and supplying materials to libraries *Acquisitions Budgets and Material Costs Issues and Approaches* provides librarians with readily applicable solutions to today's acquisition problems *Approval Plans* Linda S Katz, John H Sandy, 2013-10-18 How can you as an acquisition librarians keep current on the output of hundreds of publishers The answer of course is that you cannot For over 30 years approval plans have been used by librarians to acquire current titles save staff time and build core collections Even today these reasons seem appropriate as libraries try to maintain up to date collections and control personnel and operating budgets However as shown in *Approval Plans Issues and Innovations* the use of approval plans is not so simple and straightforward their use is subject to complex procedures and policies and even politics This book presents research by librarians from academic libraries and professionals from approval vendors to give you necessary insight on the major approval plan issues and to show you some of the innovative approaches to solving the problems associated with approval plans Unfortunately approval plans are not as simple as creating a needs profile and receiving the books that match that profile from an approval vendor Problems and questions invariably arise If you are in acquisitions and collection development or administration it is particularly important that you explore the following questions posed in *Approval Plans* What mechanisms can reduce receipt of duplicate titles Do vendors see small college libraries as a viable market What role does technology play in improving approval plans What level of returns is acceptable Do the hidden operational costs of approval plans offset their benefits *Approval Plans* is full of useful information that will show you how to save time and money improve collections and utilize new technology The book discusses such key issues as the benefits of approval plans to public service vs the costs to technical service the call for refined profiles to help keep return rates low

proper management in key areas such as profile development quality control and plan maintenance approval plan overlap and vendor responsibilities Innovations covered include the call for introduction of approval plans to small college libraries the possibility of outsourcing technical service functions with vendor supplied cataloging and end processing the use of online services World Wide Web and the Internet to improve communication between vendors publishers and libraries and a list of criteria to be considered when selecting an automated acquisitions system Approval Plans is especially useful and timely as libraries are considering the best ways for acquiring books during an era of declining materials budgets This collection also has special importance in a broader sense to the many changes that are occurring in academic libraries today

Encyclopedia of Library and Information Science Allen Kent, 1995-05-26 Supplement 19 Accreditation and the Academic Library to The Use of an Animated Tutor in Teaching Chinese **Sci-Tech Library Networks Within Organizations** Ellis Mount, 1988 This fascinating volume offers thorough descriptions of sci tech library networks in which their members have a common sponsorship or ownership Library networks exist in such great quantity and diversity now that it is not difficult to identify many types of them Corporate library networks AT T Xerox and General Electric and federal government networks NASA and FEDLINE are the focus here as the authors present the history development and activities of these networks A library network for health sciences libraries that use OCLC is also scrutinized *Collection Development in the Electronic Environment* Sul H Lee, 2000-04-20 Learn to allocate scarce library resources to meet learning research and service goals How can you buy more books and journals with less money while also installing the latest software and hardware paying staff to train faculty and students in its use offering the new round the clock information services users demand and redefining the traditional collection centered model of the library It sounds impossible but these are the conflicting imperatives every collections librarian faces at the dawn of the twenty first century *Collection Development in the Electronic Environment* offers solid practical advice from the experience of other librarians who have met the same challenges as well as useful information from vendors Based on the conference *Collection Development in the Electronic Environment* Shifting Priorities this informative book suggests proven effective strategies to deal with a librarian's most pressing problems One case study shows how Iowa State University turned a cutback in journals into a new vision of what the library should be involving a broad based committee in the project Other chapters discuss the specifics of budgeting for the unpredictable pricing of electronic materials the increased demands on library staff and the challenges of maintaining dual libraries the electronic and the paper based both facing expensive issues of preservation *Collection Development in the Electronic Environment* offers help and advice on the most complex and difficult issues librarians confront planning changes in library structure function and activities building new models for collection development identifying and fulfilling the needs of scholars in various disciplines redefining staff roles and responsibilities setting priorities in journal purchases using electronic innovations to enhance collection development dealing with copyright fair use and intellectual property in

electronic formats Through case studies and firsthand experiences *Collection Development in the Electronic Environment* provides you with the fresh ideas and proven strategies you need to guide your library into the electronic era **Collection Development** Maureen Pastine, 2013-10-18 With the prolific changes in the electronic environment do you sometimes feel overwhelmed by the multiplying of electronic information resources the different methods of access and their combined impact on collection development If so *Collection Development* is the book to help you get a handle on what's out there In no time at all you'll be able to select and integrate electronic resources into collection development programs at even the most traditional of libraries In the process you will learn alternative approaches for dealing with electronic databases on line access and fiscal planning for the integration of the new information technologies into collection development *Collection Development* offers useful strategies for dealing with electronic resources in terms of selection and evaluation collection development policies organizational structure and budgeting You also acquire important information on Internet information resources accessible through Gophers and World Wide Web sites access vs ownership issues serving the remote user at an extended campus site the relationship of selection to acquisitions managing a CD Rom collection development process planning issues of cooperation collaboration and change pricing and planning issues and their impact on library budgets negotiating site licenses Librarians in collection development academic librarians and personnel in technology automation development will find *Collection Development* an indispensable tool for grappling with the demands and pressures of screening and choosing the most suitable information resources from the dynamic even saturated world of technology The book's insights and practical methodologies will help you integrate new on line and electronic information resources into your program with relative ease **Banking and Finance Collections** Ash Lee, 2016-02-04 A wide range of special librarians from banking finance and government provide descriptive accounts of their respective collections in this comprehensive volume They provide an introduction to some of the major library and archival resources available to bankers financiers and investors as well as offer access to the historian and scholar doing research in some aspect of business The collections represented include the Federal Reserve System the Joint Bank Fund Library of the International Monetary Fund and the World Bank Standard Poor's the Wells Fargo Corporation the Lippincott Library of the Wharton School and more

Encyclopedia of Library and Information Science, Second Edition - Miriam Drake, 2003-05-20 A revitalized version of the popular classic the *Encyclopedia of Library and Information Science* Second Edition targets new and dynamic movements in the distribution acquisition and development of print and online media compiling articles from more than 450 information specialists on topics including program planning in the digital era recruitment information management advances in digital technology and encoding intellectual property and hardware software database selection and design competitive intelligence electronic records preservation decision support systems ethical issues in information online library instruction telecommuting and digital library projects *Handbook of Medical Library Practice* Louise Darling, David Bishop, Lois Ann

Colaianne, Medical Library Association, 1982 *Acquisitions in Health Sciences Libraries* David H. Morse, 1996 Addresses the basic ordering and receiving functions common to all types of libraries as well as the unique challenges of acquisitions work in health sciences Includes concepts and strategies for monographs serials post acquisition activity with serials such as binding and maintenance of holding records and audiovisual and digital media Annotation copyrighted by Book News Inc Portland OR **Encyclopedia of Library and Information Sciences** John D. McDonald, Michael Levine-Clark, 2017-03-15 The Encyclopedia of Library and Information Sciences comprising of seven volumes now in its fourth edition compiles the contributions of major researchers and practitioners and explores the cultural institutions of more than 30 countries This major reference presents over 550 entries extensively reviewed for accuracy in seven print volumes or online The new fourth edition which includes 55 new entries and 60 revised entries continues to reflect the growing convergence among the disciplines that influence information and the cultural record with coverage of the latest topics as well as classic articles of historical and theoretical importance **The University of Michigan Library Newsletter** , 1978 [A Broadening Conversation](#) Melody Layton McMahon, David R. Stewart, 2006-05-26 The American Theological Library Association has served libraries librarians and academic institutions with distinction for sixty years A Broadening Conversation offers a means of listening in on the rich and vivid conversation of this community over the course of its history so far

Outsourcing Library Operations in Academic Libraries Claire-Lise Benaud, Sever Bordeianu, 1998-07-15 As outsourcing becomes more commonplace in libraries the need for a authoritative guide becomes indisputable This book designed to give librarians a broad understanding of outsourcing issues in academic libraries synthesizes prevailing theories on the topic and describes current outsourcing practices in all areas of librarianship After a historical overview and a detailed analysis of the pros and cons of outsourcing the authors outline the steps for planning and implementing a successful outsourcing program Individual chapters cover collection development acquisitions and serials management cataloging retrospective conversion authority control preservation and public services and systems A special feature of the book is a detailed survey of more than 200 academic research libraries and other academic libraries about outsourcing practices **Selected Additions to the Library School Library Collection** University of California, Berkeley.

Library, 1976 **Pricing and Costs of Monographs and Serials** Sul H. Lee, 2020-06-15 This book first published in 1987 is an essential volume for all library professionals responsible for acquisitions It explores pricing from the publisher s wholesaler s and library s perspective Experts reveal insightful information on vendors approvals acquisition costs overseas monographic pricing and much more [Austerity Management in Academic Libraries](#) John Frederick Harvey, Peter Spyers-Duran, 1984 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com
