**Shaping Society Through Dance** Zoila S. Mendoza, 2000-08 Considers the way that the comparsas Peruvian dance troupes exert influence on Peruvian society and hasten social change Contains several excerpts of comparsas performances

**Shaping Society Through Dance** Zoila S. Mendoza, 2011-02 During the patron saint fiesta in the Andean town of San Jer nimo Peru crowds gather at sunset in the town square eagerly awaiting the entrance of the colorful dance troupes or comparsas With their masks music and surprising interpretations of contemporary events the comparsas of the Cusco region are the focus of this multifaceted work At the crossroads of folklore and ritual mass media and local preferences and regional and national identity the comparsas recorded here on video and compact disc have become a powerful way for the local people to make sense of their place in Peru and in the world As Zoila Mendoza shows they do more than reflect societal changes they actively transform society In this fluid world she argues racial and ethnic identities are shaped more by notions of what is decent elegant and modern rather than by skin color or status As the different troupes vie for the townspeople s recognition as the most authentic group these notions are challenged and reworked A fascinating look at a rich tradition this innovative work is also a compelling example of the critical anthropology of performance [Shaping Society Through Dance](#)

**Itinerant Ideas** Joanna Crow, 2022-09-10 This book explores how ideas about race travelled across national borders in early twentieth century Latin America It builds on a vast array of scholarly works which underscore the highly contingent and flexible nature of race and racism in the region The framework of the nation state dominates much of this scholarship in part because of the important implications of ideas about race for state policies This book argues that we need to investigate the cross border elaboration of ideas that informed and fed into these policies It is organized around three key policy areas labour cultural heritage and education and focuses on conversations between Chilean and Peruvian intellectuals about the indigenous question Most historical scholarship on Chile and Peru draws attention to the wars fought in the nineteenth century and their long term consequences which reverberate to this day Relations between the two countries are therefore interpreted almost exclusively as antagonistic and hostile Itinerant Ideas challenges this dominant historical narrative
