**Laws & Cases of South Korea** Jong-Hoon Lee, 2016-04-24 Despite overpopulation and almost no natural resources South Korea has consistently boasted one of the world's fastest growing economies and is now the sixth largest exporter and ninth largest importer in the world. This book is the first comprehensive resource in English to address the international demand for detailed guidance for lawyers advising investors on conducting business in South Korea. It provides not only a thorough description of Korean corporation law but also in-depth summaries and analyses of over 200 leading cases of the Korean Supreme Court. The author's fine grained coverage explains and clarifies the interpretation on all the topics of Korean corporation law including the following types of corporations: shares, share certificate, register of shareholders, officers, auditors, small scale corporations, accounting, squeeze out, mergers and organizational change, limited partnerships and limited liability corporations, foreign corporations and criminal penalties. Each of the cases analyzed has been selected to discuss a commonly occurring contentious issue in South Korea's corporation law. As more and more international enterprises invest in and work with South Korea, this peerless work with its unmatched practical information and insight into the key cases affecting South Korean corporation law proves to be of immeasurable value to lawyers and in-house counsel of transnational corporations. It is also an essential volume for any academic research into matters concerned with investment in that country.

### **A Textbook of Company Law, 11th Edition**

Gogna P.P.S., The eleventh edition of this essential textbook captures the changing landscape of Company Law. The book has been revised to include the notable changes brought about by the Companies Amendment Act 2015. It provides an incisive analysis of the strategic shift brought by the Companies Act 2013 and the dimensions of the enabling provisions of the new law. Interesting and easy to understand, this book is a concise text on company law. It discusses the core features of company law, the regulations binding the relationships, the legal strategies to address the ascending problems and the legal trade-offs. Besides focus on the core topics, all the judicial and statutory developments taken place so far have been taken into account. Case laws are integrated throughout the book to illustrate key topics. Students preparing for Company Law or Corporate Law paper of respective examinations will find this book immensely useful.
