there is no further reduction in the cap In response he offers a radical Green New Deal program which combines ideas from the theory of sociability with proposals to withdraw from fossil fuels and cease reliance on unsustainable commodities An urgent and comprehensive search for antidotes to our planet s destruction Utopianism for a Dying Planet asks for a revival of utopian ideas not as an escape from reality but as a powerful means of changing it *The Promise of Paradise* Andrew Scott,2017-03-25 The West has long attracted visionaries and schemers from around the world And no other region in North America can outstrip British Columbia for the number of utopian or intentional settlement attempts in the past 150 years Andrew Scott delves into the dramatic stories of these fascinating but often doomed communities From Doukhobor farmers to Finnish coal miners Quakers and hippies many groups have struggled to build idealistic colonies in BC s inspiring landscape While most discovered hardship disillusionment and failure new groups sprang up and continue to spring up to take their place Meet the quick tempered slave driving Madame Zee partner of the infamous Brother XII who reportedly beat followers with a riding crop Hear from Richard The Troll Schaller who founded the Legal Front Commune General Store and Funny Food Farm on the Sunshine Coast setting off a storm of hostility from locals Congregate with Jerry LeBourdais and fellow members of the Ochiltree Organic Commune who rebelled from hippie communes by embracing meat eating and coffee drinking With careful research and engaging first person accounts Scott sifts through the wreckage of the utopia seekers dreams and delves into the practices and philosophies of contemporary intentional communities This book is a compendium of astounding misadventures as well as an intriguing analysis of what moves people to search for paradise

Utopias and Utopians Richard C.S. Trahair,2013-10-31 Utopian ventures are worth close attention to help us understand why some succeed and others fail for they offer hope for an improved life on earth *Utopias and Utopians* is a comprehensive guide to utopian communities and their founders Some works look at literary utopias or political utopias etc and others examine the utopias of only one country this work examines utopias from antiquity to the present and surveys utopian efforts around the world Of more than 600 alphabetically arranged entries roughly half are descriptions of utopian ventures the other half are biographies of those who were involved Entries are followed by a list of sources and a general bibliography concludes the volume **The Communal Idea in the 21st Century** ,2012-09-28 The idea of a better society as associated with the communal idea is investigated from both theoretical perspectives and through contemporary experiences around the world This idea leaves nobody indifferent Whatever the hardship that its concretization implies however once it does materialize it cannot as such avoid new challenges tensions and unexpected claims This means at varying degrees negations of and removals from the utopian inspiration Humans are able to create unprecedented conditions of life under most ambitious inspirations but are unable to safeguard their achievements from change alterations and contradictions In this however another aspect of the utopian realizations is that they ultimately leave room for new utopist thinking and enrolment As far indeed the utopian inspiration draws its vitality from potent civilizational codes its renewal from ashes is as

Living in Utopia Lucy Sargisson, Lyman Tower Sargent, 2017-03-02 Utopia is literally the good place that is no place Utopias reveal people's dreams and desires and they may gesture towards different and better ways of being But they are rarely considered as physical observable phenomena In this book Sargisson and Sargent both established writers on utopian theory turn their attention to real life utopian communities The book is based on their fieldwork and extensive archival research in New Zealand a country with a special place in the history of utopianism A land of opportunity for settlers with dreams of a better life New Zealand has per capita more intentional communities groups of people who have chosen to live and sometimes work together for a common purpose than any country in the world Sargisson and Sargent draw on the experiences of more than fifty such communities to offer the first academic survey of this form of living utopian experiment In telling the story of the New Zealand experience Living in Utopia provides both transferable lessons in community cooperation and social change and a unique insight into the utopianism at the heart of politics society and everyday life
