Sharing The Kingdom Animals And Their Rights

Diane L. Beers

Sharing The Kingdom Animals And Their Rights:

Sharing the Kingdom Karen O'Connor,1984 Examines the issue of animal rights discussing the use of animals in laboratory experiments factory farms and in entertainment

For the Prevention of Cruelty Diane L. Beers,2006-05-25 Animal rights Those two words conjure diverse but powerful images and reactions Some nod in agreement while others roll their eyes in contempt Most people fall somewhat uncomfortably in the middle between endorsement and rejection as they struggle with the profound moral philosophical and legal questions provoked by the debate Today thousands of organizations lobby agitate and educate the public on issues concerning the rights and treatment of nonhumans For the Prevention of Cruelty is the first history of organized advocacy on behalf of animals in the United States to appear in nearly a half century Diane Beers demonstrates how the cause has shaped and reshaped itself as it has evolved within the broader social context of the shift from an industrial to a postindustrial society Until now the legacy of the movement in the United States has not been examined Few Americans today perceive either the companionship or the consumption of animals in the same manner as did earlier generations Moreover powerful and lingering bonds connect the seemingly disparate American Society for the Prevention of Cruelty to Animals of the nineteenth century and the People for the Ethical Treatment of Animals of today For the Prevention of Cruelty tells an intriguing and important story that reveals society's often changing relationship with animals through the lens of those who struggled to shepherd the public toward a greater compassion

Freeman, 2020-12-01 With *The Human Animal Earthling Identity* Carrie P. Freeman asks us to reconsider the devastating division we have created between the human and animal conditions leading to mass exploitation injustice and extinction As a remedy Freeman believes social movements should collectively foster a cultural shift in human identity away from an egoistic anthropocentrism human centered outlook and toward a universal altruism species centered ethic so people may begin to see themselves more broadly as human animal earthlings To formulate the basis for this identity shift Freeman examines overlapping values supporting life fairness responsibility and unity that are common in global rights declarations and in the current campaign messages of sixteen global social movement organizations that work on human civil rights nonhuman animal protection and or environmental issues such as Amnesty International Human Rights Watch CARE People for the Ethical Treatment of Animals the World Wildlife Fund the Sea Shepherd Conservation Society the Nature Conservancy the Rainforest Action Network and Greenpeace She also interviews the leaders of these advocacy groups to gain their insights on how human and nonhuman protection causes can become allies by engaging common opponents and activating shared values and goals on issues such as the climate crisis enslavement extinction pollution inequality destructive farming and fishing and threats to democracy Freeman's analysis of activist discourse considers ethical ideologies on behalf of social justice animal rights and environmentalism using animal rights respect for sentient individuals as a bridge connecting human rights to a more holistic valuing of species and ecological systems Ultimately Freeman uses her findings to recommend a set of universal values around which all social movements campaign messages can collectively cultivate respectful relations between human animal earthlings fellow sentient beings and the natural world we share **The Animal's Defender and Zoophilist**, 1902

Chimpanzee Rights Kristin Andrews, Gary Comstock, Crozier G.K.D., Sue Donaldson, Andrew Fenton, Tyler John, L. Syd M. Johnson, Robert Jones, Will Kymlicka, Letitia Meynell, Nathan Nobis, David Pena-Guzman, Jeff Sebo, 2018-08-30 Since 2013 an organization called the Nonhuman Rights Project has brought before the New York State courts an unusual request asking for habeas corpus hearings to determine whether Kiko and Tommy two captive chimpanzees should be considered legal persons with the fundamental right to bodily liberty While the courts have agreed that chimpanzees share emotional behavioural and cognitive similarities with humans they have denied that chimpanzees are persons on superficial and sometimes conflicting grounds Consequently Kiko and Tommy remain confined as legal things with no rights The major moral

and legal question remains unanswered are chimpanzees mere things as the law currently sees them or can they be persons possessing fundamental rights In *Chimpanzee Rights The Philosophers Brief* a group of renowned philosophers considers these questions Carefully and clearly they examine the four lines of reasoning the courts have used to deny chimpanzee personhood species contract community and capacities None of these they argue merits disqualifying chimpanzees from personhood The authors conclude that when judges face the choice between seeing Kiko and Tommy as things and seeing them as persons the only options under current law they should conclude that Kiko and Tommy are persons who should therefore be protected from unlawful confinement in keeping with the best philosophical standards of rational judgment and ethical standards of justice *Chimpanzee Rights The Philosophers Brief* an extended version of the amicus brief submitted to the New York Court of Appeals in Kiko s and Tommy s cases goes to the heart of fundamental issues concerning animal rights personhood and the question of human and nonhuman nature It is essential reading for anyone interested in these issues

Human Dignity, Human Rights, and Responsibility Yechiel Michael Barilan, 2012-09-14 A novel and multidisciplinary exposition and theorization of human dignity and rights brought to bear on current issues in bioethics and biolaw Human dignity has been enshrined in international agreements and national constitutions as a fundamental human right The World Medical Association calls on physicians to respect human dignity and to discharge their duties with dignity And yet human dignity is a term like love hope and justice that is intuitively grasped but never clearly defined Some ethicists and bioethicists dismiss it other thinkers point to its use in the service of particular ideologies In this book Michael Barilan offers an urgently needed nonideological and thorough conceptual clarification of human dignity and human rights relating these ideas to current issues in ethics law and bioethics Combining social history history of ideas moral theology applied ethics and political theory Barilan tells the story of human dignity as a background moral ethos to human rights After setting the problem in its scholarly context he offers a hermeneutics of the formative texts on *Imago Dei* provides a philosophical explication of the value of human dignity and of vulnerability presents a comprehensive theory of human rights from a natural humanist perspective explores issues of moral status and examines the value of responsibility as a link between virtue ethics and human dignity and rights Barilan accompanies his theoretical claim with numerous practical illustrations linking his theory to such issues in bioethics as end of life care cloning abortion torture treatment of the mentally incapacitated the right to health care the human organ market disability and notions of difference and privacy highlighting many relevant legal aspects in constitutional and humanitarian law

Postcolonial Animalities Suvadip Sinha, Amit Baishya, 2019-09-02 *Postcolonial Animalities* co edited by Suvadip Sinha and Amit R Baishya brings together ten essays to consider the interfaces between human and animal and the concrete presence of animals in postcolonial cultural production This edited collection critiques monohumanist conceptions of the human and considers the co constitutiveness of imaginaries of the human with grammars of animality One of the central contributions of this volume is to decolonize existing conceptualizations of the human animal

relationship and to consider the material representation of animals within the realm of colonial and postcolonial cultural production from the perspective of ethical alterity and alternative narratives of anticolonial and postcolonial politics The volume also explores entanglements of race and species in colonial and neocolonial frameworks without transforming such inquiries into a zero sum game that privileges one category over another The essays in the volume focusing on multiple geographical locations ranging from South Asia Southeast Asia post Ottoman Turkey the Caribbean Australia South Africa and Palestine Israel historicizes and understands multispecies interspecies and transspecies encounters affiliations and connections in and through their localized dimensions and studies human animal encounters in their varied and complex affective relationalities Through such inquiries the volume considers how modes of representing animals including located forms of anthropomorphism and zoomorphism help us think with and be with different animals
