**Breathe** Rick Bettua, Rob MacGregor,2022-05-17 Rick Bettua should be dead. Many times over. The retired U.S. Navy Master Diver suffered a devastating attack by a twelve-foot bull shark that shredded his thigh from his knee to his hip. By the time he reached the shore ninety minutes later, he'd bled out; he had no pulse and wasn't breathing. Yet emergency medical workers didn't give up. His miraculous recovery in late 2020 was just the most recent of his numerous underwater life and death experiences. **BREATHE** is Rick Bettua's survival adventure story. It's also a story about perseverance against great odds and his impressive skills to solve problems and even save lives under extreme conditions. It begins and ends with the shark attack and his recovery that defied the odds. In between are fifteen other stories in which Bettua narrowly escaped death during his remarkable thirty-two-year Navy career. In one instance, in a search for a lost piece of a ship's propeller, he was buried alive seventy feet below the surface and under twenty feet of mud when a tunnel collapsed. When he finally worked his way free after two hours, he then completed the task so no other divers would be endangered. The first-person narration takes the reader through Rick Bettua's evolution as a diver, from a kid spearfishing to one of the elite Navy Master Divers. He never wasted time to achieve a goal. He started spearfishing when he was just ten years old, then entered the Navy when he was seventeen. Because he loved diving and it was also his hobby, he moved ahead rapidly in his career. He became a Master Diver only one year after becoming a Chief Petty Officer. He achieved the highest rank possible for an enlisted sailor, Master Chief, at age thirty-three, one of the youngest ever to attain that rank. But Bettua's promotions never kept him out of the water or out of perilous circumstances. His skills, his fearlessness, and his perseverance helped him survive, time and time again, throughout his career and beyond it.

**Shark!** H. C. Stuart, Professor Emeritus Robert Reid, PhD, Robert Reid,2011-03-04 **SHARK** The cry that strikes fear into the hearts of beach lovers around the world. It carries a chill of terror that death is nearby and waiting. Or injuries so shocking that the mind recoils from the thought. This book chronicles shark attacks both on Australia's fatal shores and overseas. It also records miraculous escapes, some so bizarre they defy belief and some that display extraordinary courage in the face of extreme peril. Robert Reid interviews famous shark hunters and other adventurers who speak for the first time about their dangerous encounters with these fearsome predators. Reid investigates the phenomenon of the so-called rogue sharks, those that stalk and kill humans in numbers in the same place at the same time. These are gripping stories that will both fascinate and frighten; stories that will take the reader into the realm of these strange but terrible creatures. They have ruled the oceans with ruthless efficiency for more than 400 million years. They are
