Shark Squadron Pilot:

Shark Squadron Pilot Bert Horden, 2003-07-09 A graphic illustration of the realities of the air war in the Western Desert Shark Squadron Pilot describes Bert Horden's service with 112 Shark Squadron and the ground attack role of the Kittys With their garish shark's mouths painted on their aircraft 112 Squadron wreaked havoc on the German Afrika Korps inflicting terrible damage with machine gun fire on the soft skinned targets of truck convoys and causing significant damage on the hard skinned Panzers with their under slung bombs Using his diary and flying log book to preserve the accuracy and immediacy of the events Bert Horden has written a superb and extremely graphic account of desert flying Well illustrated throughout with over eighty previously unpublished photographs Shark Squadron Pilot is an important contribution to the recorded history of the Second World War *Kenneth Lee DFC* Nick Thomas, 2011-02-28 The heroic life of the pilot who became an ace with one of the most successful fighter squadrons in the RAF and a captive in a notorious Nazi POW camp Following training Lee received his commission and was posted to 501 Squadron which was sent to support the Expeditionary Force in France arriving on 10 May only hours after the Blitzkrieg had been launched Lee quickly opened his score claiming several bombers during the first week of operations Having been wounded when his Hurricane exploded following a dogfight Lee was briefly rested but soon rejoined the Squadron before they moved to their first Battle of Britain base at Middle Wallop Lee scored more damaged and destroyed enemy aircraft and by the end of July he was Mentioned in Dispatches Lee was forced to take to his parachute for the second time learning of the richly deserved award of his DFC while still recovering from his wounds He later recalled how each of the Squadrons aces even Ginger Lacey had been shot down at least twice during that summer Lee was later posted to 112 Shark Squadron flying Curtis Kittyhawks on Fighter and Fighter Bomber missions in North Africa and then to 260 Squadron which was heavily involved in the lead up to the battle of El Alamein seeking out and destroying enemy troop columns and fighting off the Luftwaffe which still had air superiority In March 1943 123 Squadron began Fighter Bomber operations against Mediterranean targets During one Lee was hit by AA and made a forced landing in an olive grove He was captured and sent to Stalag Luft III just in time to play a key role in the Great Escape *Curtiss P-40* Carl Molesworth, 2013-11-20 An improved version of the Allison V 1710 engine gave rise to the Curtiss H 87 which began life in 1941 as the P 40D and featured a completely redesigned fuselage The shorter and deeper nose of the new fighter gave it a decidedly snub nosed appearance compared to the earlier P 40 models Curtiss continued to tweak the H 87 for the next two years in the search for better performance but the last major version the P 40N was only marginally faster than the first In the process Curtiss even tried an engine change to the Packard Merlin in the P 40F and L but to no avail What the late model P 40s lacked in speed and service ceiling they traded for maneuverability durability and availability Their niche became fighter bomber operations and they fought on fronts as varied as the arctic wastes of the Aleutian Islands and Iceland the steaming jungles of the South Pacific and the barren deserts of North Africa P 40s were a

common sight in the skies over Burma and China Sicily and Italy and western Russia as well By the time production ceased in 1944 Curtiss had produced nearly 14 000 P 40s The RAF's Cross-Channel Offensive John Starkey,2023-01-05 The story of the RAF and in particular Fighter Command during the Battle of Britain has been told many times It is a tale of the gallant pilots of The Few in their Hurricanes and Spitfires with the nation s back to the wall fighting off the Luftwaffe s airborne assault against enormous odds But the story of Fighter Command s operations immediately after the Battle of Britain is less well known Marshal of the Royal Air Force Hugh Montague Trenchard commanded the Royal Flying Corps in the First World War His policy then had been for his aircraft and men to be continually on the offensive always over the German lines taking the fight to the enemy After being promoted to command the RAF Trenchard retired in 1930 In November 1940 Trenchard showed up again at the Air Ministry and proposed that the RAF should Lean Towards France that it should go on the offensive The RAF would claimed Trenchard win the resulting battle of attrition One of the main outcomes of the RAF s new offensive stance was the introduction of the Circus sorties These were attacks undertaken by a small force of bombers with a powerful fighter escort They were intended to lure enemy fighters into the air so that they could be engaged by RAF fighters the primary objective being the destruction of Luftwaffe fighters followed by the protection of the bombers from attack A further development of the Circus missions were Ramrods Rhubarbs and Rodeos all of which were variations on the same theme A Ramrod was similar to a Circus though in this instance the primary objective was the destruction of the target the main role of the accompanying fighters being to protect the bombers from attack A Rhubarb was a small scale attack by fighters using cloud cover and or surprise the object of which was to destroy German aircraft in the air and or striking at ground targets while a Rodeo consisted of a fighter sweep over enemy territory with no bombers Drawing on official documents and archive material as well as accounts by many of those involved James Starkey reveals just how Trenchard s views won through and the RAF went on the offensive from late 1940 into 1941 Was it a failed strategy If so why was it not halted once the results began to be seen Poles in Defence of Britain Robert Gretzyngier,2002-08-23 The little known WWII story of the Polish Air Force fliers who played a crucial role in the Battle of Britain and beyond To the Polish volunteers who flew and fought so brilliantly and tenaciously throughout the Battle of Britain the United Kingdom was known as Last Hope Island Many lost their lives such as Antoni Ostowicz Many achieved glory and became aces such as Glowacki Skalski and Witorzenc The RAF came to depend on these men with over one hundred Polish pilots supporting almost thirty fighter squadrons most especially 302 303 and 307 night fighter The result of years of research Robert Gretzyngier s book includes detailed combat descriptions personal accounts from combat reports memoirs and diaries from the Polish British and German perspective with in depth biographical data of all Polish pilots including full RAF and PAF careers and much tabular material in appendix form Poles in Defence of Britain is a tremendous account of Polish contribution in those hectic days before the RAF began to take the offensive across the Channel with many previously unpublished photographs from private collections
