Lords Table Eucharist And Passover In Early Christianity:

The Lord's Table Gillian Feeley-Harnik, 2017-01-30 No detailed description available for The Lord s Table **Crossing Boundaries in Early Judaism and Christianity** Kimberley Stratton, Andrea Lieber, 2016-10-11 This volume celebrates the scholarship of Alan Segal During his prolific career Alan published ground breaking studies that shifted scholarly conversations about Christianity rabbinic Judaism Hellenism and Gnosticism Like the subjects of his research Alan crossed many boundaries He understood that religions do not operate in academically defined silos but in complex societies populated by complicated human beings Alan s work engaged with a variety of social scientific theories that illuminated ancient sources and enabled him to reveal new angles on familiar material This interdisciplinary approach enabled Alan to propose often controversial theories about Jewish and Christian origins A new generation of scholars has been nurtured on this approach and the fields of early Judaism and Christianity emerge radically redefined as a result **Handbook of Early Christianity** Anthony J. Blasi, Jean Duhaime, Paul-André Turcotte, 2002-08-27 The Christian movement emerged amidst complex social tensions power politics ethnic diversity economic stress and cultural changes Both biblical scholars and social scientists find that a social scientific study of early Christian phenomena yields fascinating results However biblical scholars are sometimes unaware of the breadth of the useful social scientific concepts and techniques and social scientists sometimes lack the most basic background in literary research methods The Handbook of Early Christianity provides a much needed overview for biblical scholars and social scientists alike Drawing on perspectives from anthropology archaeology economics history literary analysis psychology political science and sociology the Handbook shows the myriad and complementary approaches that shed light on Christianity s formation and early development Twenty seven chapters from leading scholars along with a comprehensive bibliography make this an essential reference for anyone wishing to understand the social dynamics of Christianity s birth **A Scriptural Theology of Eucharistic Blessings** Susan I. Bubbers, 2013-09-12 This study examines the scriptural justification for believers to expect the Eucharist to be a place where God will come and bless them with freedom and formation Bubbers focus is not on liturgy but rather on the biblical message of the benefits of participation in the Eucharist Why keep this Feast Why is Eucharist important Bubbers interpretive approach is a synthesis of historical literary aspects of Biblical Theology and canonical creedal aspects of the Theological Reading of Scripture taking into account the biblical historical place of Eucharist as well as its ongoing presence within the Church Bubbers begins by displaying the Last Supper as a Passover meal which bridges between Old Testament motifs and the New Testament Feast She then shows that the Exodus context reveals a paradigm which links blessing with remembrance and suggests that the remembrance motif describes these blessings Finally Bubbers gathers a catalogue of specific blessings summarized by freedom and formation Her conclusion is that the Feast is a divinely designed paradigm for worship which is accompanied by a promise of transformational encounters **Early Christian Literature and Intertextuality** Craig A. Evans, H. Daniel

Zacharias,2009-04-09 Scholarly interest in intertextuality remains as keen as ever Armed with new questions interpreters seek to understand better the function of older scripture in later scripture The essays assembled in the present collection address these questions These essays treat pre Christian texts as well as Christian texts that make use of older sacred tradition They analyze the respective uses of scripture in diverse Jewish and Christian traditions Some of these studies are concerned with discreet bodies of writings such as the Dead Sea Scrolls while others are concerned with versions of scriptures such as the Hebrew or Old Greek and text critical issues Other studies are concerned with how scripture is interpreted as part of apocalyptic and eschatology Early Christian Literature and Intertextuality includes essays that explore the use of Old Testament scripture in the Gospels and Acts Other studies examine the apostle Paul s interpretation of scripture in his letters while other studies look at non Pauline writings and their utilization of scripture Some of the studies in this collection show how older scripture clarifies important points of teaching or resolves social conflict Law conversion anthropology paradise and Messianism are among the themes treated in these studies themes rooted in important ways in older sacred tradition The collection concludes with studies on two important Christian interpreters Syriac speaking Aphrahat in the east and Latin speaking Augustine in the west Part of the LNTS sub series Studies in Scripture in Early Judaism and Christianity SSEJC volume 14 Voices of Early Christianity Kevin W. Kaatz,2013-02-27 This fascinating resource examines the day to day lives of early Christians as depicted through documented accounts of the period from the beginning of Christianity through 325 CE Early Christianity drew its doctrine from a variety of sources personal interpretation Hebrew scriptures and church council yet the core ideology endured even as the religion transitioned from being the object of persecution to becoming a legal institution in the Roman Empire This book celebrates the voices that helped create and develop Christianity during that period Voices of Early Christianity Documents from the Origins of Christianity is a collection of excerpts from significant documents from early Christian history organized topically then listed chronologically within each section The author compares textual variations among the works of the apostles as well as key themes over time and frames the discussion for further critical thinking Topics include sexuality marriage and divorce food issues women in early Christianity and politics and Christianity **Innerworldly Individualism** Adam B. Seligman,2017-07-12 Innerworldly Individualism looks to colonial history in particular seventeenth century New England to understand the sources of modern nation building Seligman analyzes how cultural assumptions of collective identity and social authority emerged out of the religious beliefs of the first generation of settlers in New England He goes on to examine how these assumptions crystallized three generations later into patterns of normative order forming the foundation of an American consciousness Seligman uses sociological research grounded in early American history as his laboratory and does so in a highly original way Seligman uses Max Weber s paradigm of sociological inquiry to explore how a combination of ideational and structural factors helped to develop modern conceptions of authority and collective identity among New

England communities Seligman addresses a number of significant issues including social change the mutual interaction and development of process and structure and the role of charisma in the forging of a social order His book profoundly increases our understanding of the ideological and social processes prevalent in early American history as well as their contemporary influence on civil identity Innerworldly Individualism uniquely intertwines sociological study with cultural history It uses American history to develop and elucidate problems of broad theoretical significance Seligman s argument is bolstered by a close examination of concrete detail His book will be of interest to anthropologists sociologists political theorists and historians of American culture

Of Widows and Meals Reta Halteman Finger,2007 Though community has become a common byword in the contemporary Western church the practice of communal sharing has effectively fallen by the wayside Unfortunately it is often the poor who are left wanting because we no longer come together Reta Halteman Finger finds a solution to this modern problem by learning from the ancient Mediterranean Christian culture of community In the earliest Jerusalem church in holding the responsibility for preparing and serving communal meals women were given a place of honor With the table fellowship and goods sharing of the early church Luke says there were no needy persons among them Acts 4 34 Finger thoroughly examines this agape meal tradition challenging traditional interpretations of the community of goods in the Jerusalem church and proving that the communal sharing lasted for hundreds of years longer than previously assumed Of Widows and Meals begins a discussion of need in community that can revolutionize the contemporary church s interaction with the world at large

In the Shadow of the Temple Oskar Skarsaune, 2025-08-04 Oskar Skarsaune makes a fresh contribution to our understanding of the development of the early church in its practice e.g. worship baptism and Eucharist and doctrine e.g. Scripture Christology pneumatology This book offers the new perspective that Christians were in ongoing and deep conversation with Jews during the early centuries leading up to Constantine The common perception of a drastic parting of the ways after the destruction of Jerusalem in 70 A.D. has tended to distort our understanding of the succeeding decades and centuries of Jewish and Christian history Notwithstanding the fact that there were points of bitterness and strife the relationship is better viewed as that of a younger and older sibling There is much evidence of interaction between the early Christians and rabbinic Judaism both at the level of leadership and laypeople and this left its

impression on the church Skarsaune gives us numerous fascinating episodic and topical glimpses into this untold story

The Politics of Immorality in Ancient Rome Catharine Edwards, 2002-05-09 The decadence and depravity of the ancient Romans are a commonplace of serious history popular novels and spectacular films This book is concerned not with the question of how immoral the ancient Romans were but why the literature they produced is so preoccupied with immorality The modern image of immoral Rome derives from ancient accounts which are largely critical rather than celebratory Upper class Romans habitually accused one another of the most lurid sexual and sumptuary improprieties Historians and moralists lamented the vices of their contemporaries and mourned for the virtues of a vanished age Far from being empty commonplaces these assertions constituted a powerful discourse through which Romans negotiated conflicts and tensions in their social and political order This study proceeds by a detailed examination of a wide range of ancient texts all of which are translated exploring the dynamics of their rhetoric as well as the ends to which they were deployed Roman moralising discourse the author suggests may be seen as especially concerned with the articulation of anxieties about gender social status and political power Individual chapters focus on adultery effeminacy the immorality of the Roman theatre luxurious buildings and the dangers of pleasure This book should appeal to students and scholars of classical literature and ancient history It will also attract anthropologists and social and cultural historians
