Investigating Franz Kafka's "Der Bau" Andrea Ebarb, 2023-04-27 In 2016 the Israeli Supreme Court ruled that Max Brod's posthumous papers which included a collection of Kafka's manuscripts be transferred to the National Library of Israel in Jerusalem If Kafka's writings may be seen to belong to Jewish national culture and if they may be considered part of Israel's heritage then their analysis within a Jewish framework should be both viable and valuable This volume is dedicated to the research of Franz Kafka's late narrative *The Burrow* and its autobiographical and theological significance Research is extended to incorporate many fields of study architecture sound studies philosophy cultural studies Jewish studies literary studies to illustrate the dynamics at work within the text which reveal the Jewish aspects implicitly thematicized Examination of the structure created the nature of sound perceived the atmosphere experienced and the acts performed by the protagonist serve as the foundation of this analysis and offer new access to Kafka's work by presenting an interpretive space semantic approach *Der Bau* is presented as a life concept given the task of constituting identity highlighting the critical link between the literary and biographical Kafka and demonstrating the necessity of understanding the author as a Jewish writer to understand his late narrative For her outstanding research project Andrea Newsom Ebarb was awarded the Forschungsförderpreis der Vereinigung der Freunde der Universität Mainz e.V. in 2023

Great Lives from History: Cro-Hen Frank Northen Magill, 1990 Pop Culture in Latin America and the Caribbean Elizabeth Gackstetter Nichols, Timothy R. Robbins Ph.D., 2015-07-28 This insightful book introduces the most important trends, people, events, and products of popular culture in Latin America and the Caribbean. In recent times, Latin American influences have permeated American culture through music, movies, television, and literature. This sweeping volume serves as a ready reference guide to pop culture in Central America, South America, and the Caribbean, focusing on Mexico, Brazil, Venezuela, Argentina, Haiti, Cuba, the Dominican Republic, Jamaica, and Costa Rica, among other areas. The work encourages hands-on engagement with the popular culture in these places, making such suggestions as Brazilian films to rent or where to find Venezuelan music on the Internet. To start, the book covers various perspectives and issues of these regions, including the influence of the United States, how the idea of machismo reflects on the portrayal of women in these societies, and the representation of Latino/Caribbean cultures in film and other mediums. Entries cover key trends, people, events, and products from the beginning of the 20th century to the present day. Each section gives detailed information and profound insights into some of the more academic and often controversial debates on the subject, while the inclusion of the Internet, social media, and video games make the book timely and relevant. Selected Writings: 1927-1934 Walter Benjamin, Howard Eiland, Gary Smith, 1996 Comprising more than 65 pieces, journal articles, reviews, extended essays, sketches, aphorisms, and fragments, this volume shows the range of Walter Benjamin's writing. His topics here include poetry, fiction, drama, history, religion, love, violence, morality, and mythology. **Jewish Imaginaries of the Spanish Civil War** Cynthia Gabbay, 2022-09-08 *Jewish Imaginaries of the Spanish Civil War* inaugurates a new field of research in literary and Jewish studies at the intersection of Jewish history and the internationalist cultural phenomenon emerging from the Spanish Civil War, 1936-1939, the Republican exile, and the Shoah. With the Spanish Civil War as a point of departure, this volume proposes a definition of Jewish textualities based on the entanglement of multiple poetic modes. Through the examination of a variety of narrative fiction and non-fiction, memoir, poetry, epistles, journalism, and music in Yiddish, Spanish, French, German, and English, these essays unveil non-canonic authors across the West and explore these works in the context of antisemitism, orientalism, and philo-Semitism among other cultural phenomena. Jewish writings from the war have much to tell about the encounter between old traditions and new experimentations framed by urgency, migration, and messianic hope. They offer perspectives on memorial and post-memorial literatures triggered by transhistorical imagination and many were written against the grain of canonic literature where subtle forms of dissidence manifested through language, structure, sound, and thought, sought to tune with the anti-fascist fight. This book revindicates the polyglossia of Jewish cultures and literatures in the context of genocide and epistemicide and proposes to remember the cultural phenomena produced by the Spanish Civil War, demanding a new

understanding of the cosmopolitan imaginaries in Jewish literature André Gide and the Second World War Jocelyn Van Tuyl, 2012-02-01 Arguably the most influential French writer of the early twentieth century André Gide is a paradigmatic figure whose World War II writings offer an exemplary reflection of the challenges facing a leading writer in a time of national collapse Tracing Gide's circuitous intellectual itinerary from the fall of France through the postwar purge this book examines the ambiguous role of France's senior man of letters during the Second World War The writer's intricate maneuverings offer privileged insights into three issues of broad significance the relationship of literature and politics in France during World War II the repressions and repositionings that continue to fuel controversy about the period and the role of public intellectuals in times of national crisis With the exception of the early wartime *Journal* Gide's publications during France's dark years have received little critical attention This book scrutinizes the entire wartime oeuvre in depth tracing the evolution of Gide's political views and most importantly reading the wartime texts against each other It is the interplay among these texts that reveals the full complexity of Gide's political positionings and the rhetorical brilliance he deployed to redress his tarnished image **Selected Writings** Walter Benjamin, 1996 Comprising more than 65 pieces journal articles reviews extended essays sketches aphorisms and fragments this volume shows the range of Walter Benjamin's writing His topics here include poetry fiction drama history religion love violence morality and mythology *Literary Fortifications* Joan E. Dejean, 2014-07-14 This highly original interpretation of the novel of the French Classical age explores military strategy as a central metaphor in Rousseau's *Julie* and Emile Laclos's *Les Liaisons dangereuses* and Sade's *Les 120 Jours de Sodome* Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Beyond Papillon** Stephen A. Toth, 2006-01-01 A multilayered social and cultural analysis that focuses upon the will of civil society and the will of those who actually lived and worked in the *bagne* or penal colony *Unesco List of Documents and Publications* Unesco, 1982 *The Aesthetics of Excess* Allen S. Weiss, 1989-07-03 This book investigates the reciprocal and often transgressive relations between rhetorical figures and libidinal activity The works of Nietzsche Artaud Bataille Klossowski and Sade are reconsidered in light of the modernist and postmodernist problematics of simulacra fascination sublimation and desublimation perversion deconstruction and libidinal economies Reading across the boundaries of philosophy art history comparative literature film studies and psychoanalytic theory this work reveals the manner in which theoretical discourse is imbued with passional motivations and conversely shows how the passions are structured according to logical and rhetorical figures In offering specific rereadings of several key figures of our modernist tradition this work helps identify the sources of

the postmodern condition It thus provides a theoretical foundation for contemporary art and literary criticism especially of those works to be found at the margins of our culture Introducción a la traducción Antonio F. Jiménez

Dimensions of the Impersonal in Clarice Lispector Wojciech Sawala, 2025-09-18 This book explores the fictional work of Clarice Lispector 1920-1977 the eminent twentieth-century Brazilian writer It employs the theoretical framework of affirmative biopolitics by Roberto Esposito engaging with Michel Foucault and Giorgio Agamben alongside voices like Mircea Eliade Anthony Giddens and Agata Bielik Robson The focus is on rethinking and valuing impersonality crucial for understanding the anthropological metaphysical ethical and political implications in Lispector's works The main thesis posits that Lispector's writings from journalistic chronicles to significant books like The Passion According to G.H. present a complex anthropological vision marked by an ontological and ethical deadlock between personality and impersonality This vision suggests that humans are trapped in a personal mode of existence separated from their ontological essence leading to a metaphysical guilt The book analyzes this deadlock both in individual and communal political contexts highlighting the cryptotheological dimension in Lispector's mystical and messianic themes rooted in Jewish tradition
