Losing Control:

The Power of Losing Control Joe Caruso, 2004-01-30 When we learn to stop wasting our precious energy on what we can't control we can begin to discover the power of losing control. At the age of eighteen Joe Caruso was diagnosed with testicular cancer. Certain that he was living on borrowed time, he embarked on a quest to understand the meaning of life which led to the discovery of timeless truths about our spiritual and emotional lives. In *The Power of Losing Control* he shares the insights that helped him not only to survive but also to become an internationally acclaimed speaker whose seminars have literally transformed people's lives. Caruso takes readers step by step through amazing techniques and strategies that show us how to stop wasting valuable time and energy, trust in something greater than ourselves and embrace simple truths including: The five stages of wisdom, Choosing faith over fear, How to find power in any situation even if you don't have control over it, Being undeniable, How to create your own destiny, Personal driving myths, We are the stories we tell ourselves. Filled with anecdotes and poignant real life stories, *The Power of Losing Control* tells you how to reclaim personal power and gain worldly success from one of the premier corporate teachers of our generation.

The Art of Losing Control Jules Evans, 2017-04-25 Since the Enlightenment, western culture has written off ecstatic experience as a form of mental illness. But why should rationality be considered the highest part of human nature when we are capable of so many more states of experience? Piecing together interviews, analysis of ancient and modern philosophy and his own eclectic encounters with the sublime philosopher Jules Evans mounts an investigation into what we can gain from mastering the art of losing control. From Aristotle and Plato to the Bishop of London and Sister Bliss, radical jihadis to Silicon Valley transhumanists, *The Art of Losing Control* is a funny, life-enhancing journey that will change the way you think about how you feel.

Losing Control Louise Williams, Roland Rich, 2014-01-10 A free press is not a luxury. A free press is at the absolute core of equitable development according to World Bank President James Wolfensohn. A free press is also the key to transparency and good governance and is an indispensable feature of a democracy. So how does Asia rate? In *Losing Control*, leading journalists analyse the state of play in all the countries of North Asia and Southeast Asia. From the herd journalism of Japan to the Stalinist system of North Korea, *Losing Control* provides an inside look at journalism and freedom of the press in each country. One conclusion: a combination of new technology and greater democracy is breaking the shackles that once constrained the press in Asia. Brings together Asia's best and brightest observers of the press: Hamish McDonald, Foreign Editor, *The Sydney Morning Herald*; a rare insiders' view exposing the real dynamics behind social and political change in Asia; Evan Williams, Foreign Correspondent, ABC TV; a timely and necessary contribution to the debate over the quality of freedom in Asia; Geoffrey Barker, *The Australian Financial Review*.
