Enchantment By Dr Blackie s definition a vivid sense of belongingness to a rich and many layered world a profound and whole hearted participation in the adventure of life Enchantment is a natural spontaneous human tendency one we possess as children but lose through social and cultural pressures as we grow older It is an attitude of mind which can be cultivated the enchanted life is possible for anyone It is intuitive embraces wonder and fully engages the mythic imagination but it is also deeply embodied in ecology grounded in place and community To live this way is to be challenged to be awakened to be gripped and shaken to the core by the extraordinary which lies at the heart of the ordinary [Forthcoming Books](#) Rose Army,2001 [American Book Publishing Record](#) ,1998
