Nature's Oracle Ullica Segerstrale, 2013-02-28 W D Hamilton 1936 2000

was responsible for a revolution in thinking about evolutionary biology a revolution that changed our understanding of life itself He played a central role in the realization that what matters in evolution is not the survival of the individual but of the survival of its genes This provided the solution to the long standing problem of animal altruism that vexed even Darwin himself and in due course resulted in terms like selfish genes kin selection and sociobiology becoming familiar to a wider public Hamilton went on to solve many more major problems and open up ever new fields he shaped much of our current understanding of central problems including the evolution of sexual reproduction and ageing He became world famous and garnered international prizes But this is all in hindsight In fact Hamilton s recognition came late his career is a classic case of misunderstood genius In this illuminating and moving biography Ullica Segerstrale documents Hamilton s extraordinary life and work revealing a man of immense intellectual curiosity an uncompromising truth seeker a naturalist and jungle explorer a risk taker an unconventional scientist with a poet s soul and a deep concern for life on earth and mankind s future

Nature's Fading Chorus Gordon Miller, 2000-05 Naturalists in every age have been intrigued by frogs toads and salamanders They have seen these amphibians in a variety of guises as beings with magical powers or implicit moral lessons as the products of spontaneous generation as heralds of the seasons as evidence of evolution or material for biological experiments or most recently as ecological barometers for the biosphere Nature s Fading Chorus presents an anthology of writings on amphibians drawn from the entire Western natural history tradition beginning with Aristotle s Inquiry Concerning Animals written in the fourth century B C E and continuing through recent scientific accounts of the relatively sudden and alarming global declines and deformities in amphibian species The offerings not only reveal much about amphibian life but also provide fascinating insight into the worldviews of the many writers scientists and naturalists who have delved into the subject The book is divided into five sections The first three offer selections from the most influential contributors to the Western canon of natural history writing and contain classic texts that illustrate central themes in the changing understanding of amphibians and of the natural world The fourth section offers engaging essays by leading twentieth century nature writers that portray a variety of amphibians in diverse terrains Part five covers the various aspects of and research on the problem of amphibian declines and deformities Featured are more than thirty five pieces including works from Pliny the Elder Gilbert White William Bartram Henry David Thoreau Charles Darwin T H Huxley Loren Eiseley Stephen Jay Gould George Orwell Annie Dillard Terry Tempest Williams and many others Arranged chronologically the writings provide an intriguing look at the ways in which humankind s understanding of its place in nature has changed through the course of Western history and of the niche amphibians have occupied in that evolution Womens' Nature Conrad Riker, 101-01-01 They re Not Broken You Just Misunderstood the Rules Why do women act hot and cold even after they claim to love you Why does being kind and loyal get you ghosted while bad boys keep winning Why does every relationship feel like a power struggle you didn t sign up for If you re tired of being emotionally manipulated financially

drained and socially gaslit this book is your wake up call This is not self help fluff This is field tested truth from evolutionary psychology sexual strategy and real world male experience Exposes the hidden mating matrix women navigate and how you ve been playing checkers while they play chess Reveals why being a good man is often punished not rewarded in modern dating Shows how women are not emotionally monogamous even in long term relationships Uncovers the biological imperative behind female hypergamy and serial monogamy Explains why commitment doesn t stop women from keeping multiple men on the hook Teaches you how to recognize emotional manipulation before it costs you time money or dignity Demonstrates why female friendship is often just social grooming with strings attached Equips you to build unshakable frame the one thing no woman can resist no matter her strategy If you want to stop being used rejected and confused by women and finally understand the unspoken rules of attraction and power buy this book today

Forces of Nature Gina DeMillo Wagner,2024-05-14 FORCES OF NATURE explores the intersections of disability and loss nature and nurture families of origin and families of choice It begins with the moment the author Gina DeMillo Wagner finds out her brother Alan who had a complicated genetic disorder is dead From there she takes readers along as she is pulled away from the safety of her friends away from her husband and kids and thrust back into a family she has been estranged from for nearly ten years The memoir documents this rewinding and revisiting of the past plus Alan s Christmas themed funeral an investigation into Alan s cause of death Wagner s unraveling in the face of complicated grief and finally the day ten months later when her parents divide his cremated remains and bury him in separate states Within this framework Wagner weaves in scenes from her childhood that illustrate what it s like to be a sister and caregiver to a sibling with disabilities the daughter of a mentally ill parent and how she forges her own path and find peace by creating a family of choice

Human Nature in Business Fred Charters Kelly,1920 *Terry Southern and the American Grotesque* David Tully,2010-04-23 This work offers a critical biography and analysis of the varied literary output of novels short stories screenplays poetry articles and essays of the American writer Terry Southern The book explores Southern s career from his early days in Paris with friends like Samuel Beckett to swinging London in such company as the Rolling Stones to filmmaking in Los Angeles and Europe with

luminaries like Stanley Kubrick His writings are examined in chronological order David Tully was granted unprecedented access by Terry Southern s family to rare unpublished work from his private archives This study offers the first comprehensive examination of the career of this major American writer Business Profits and Human Nature Fred C. Kelly,1920 The Nature of the Beasts Ian Jared Miller,2021-01-05 It is widely known that such Western institutions as the museum the university and the penitentiary shaped Japan s emergence as a modern nation state Less commonly recognized is the role played by the distinctly hybrid institution at once museum laboratory and prison of the zoological garden In this eye opening study of Japan s first modern zoo Tokyo s Ueno Imperial Zoological Gardens opened in 1882 Ian Jared Miller offers a refreshingly unconventional narrative of Japan s rapid modernization and changing relationship with the natural world As the first zoological garden in the world not built under the sway of a Western imperial regime the Ueno Zoo served not only as a staple attraction in the nation s capital an institutional marker of national accomplishment but also as a site for the propagation of a new natural order that was scientifically verifiable and evolutionarily foreordained As the Japanese empire grew Ueno became one of the primary sites of imperialist spectacle a microcosm of the empire that could be traveled in the course of a single day The meaning of the zoo would change over the course of Imperial Japan s unraveling and subsequent Allied occupation Today it remains one of Japan s most frequently visited places But instead of empire in its classic political sense it now bespeaks the ambivalent dominion of the human species over the natural environment harkening back to its imperial roots even as it asks us to question our exploitation of the planet s resources

Natures Bedtime Stories: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have charmed audiences this year. Natures Bedtime Stories : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Natures Bedtime Stories : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Natures Bedtime Stories : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
