The Village Jeff Child,2019-01-28 Peace Ville is full of secrets Some people cherish a secret crush while others gather mushroom for their own special brew are in search for defensive weapons or raise the dead to fight back against the invading monsters A combination of secretive stories haunts the villagers of this seemingly calm town until all the circumstances fit in their place and come together to form a certain fate Find out more about these stories some of which seem to have nothing to do with each other yet they are inseparably connected **The Dark Necromancer** D. J. Zangari,R. J. Zangari,2015-09-12

The first installment of Tales of the Amulet Long ago on the distant world of Kalda an ancient device known as the Au misha k was forged during the eve of a devastating war between the factions of dragonkind Its mysterious powers brought an end to the conflict and for thousands of years peace was had between the dragons elves and men of Kalda However as with most things had in the past the Au misha k became akin to myth and legend forgotten by nearly all of Kalda s inhabitants Nearly six thousand years after what has commonly been called the dragon wars by the men of Kalda worn scrolls containing rumors of the Au misha k s existence have been their way to Iltar a powerful wielder of necrotic magic Enthralled by the fabled account Iltar and his most loyal companions embark on an adventure to discover the whereabouts of this ancient power Albeit unknown to Iltar and his band his quest to re forge the Au misha k will dredge up the most vile of evils known to Kalda

Cry of Decay Paul Barrett,2020-02-25 You are the only Necromancer left Erick Darvail has gone through fire betrayal and death to reach Broken Mountain Now he intends to gather with other necromancers to once again destroy Eligos the Master of Shadows that threatened the world a thousand years ago and had returned to threaten all life once more But the others who practice his often maligned form of magic have either fallen or been seduced by the darkness of Eligos and Erick is now on his own But all is not lost and hope blooms from despair On the ancient battleground at Broken Mountain Erick learns from his distant ancestors that there is another who may be willing to aid him in his fight a witch woman known as Alais who lives in the distant swamps alone and powerful Now Erick and his stalwart companions must begin another trek to strange places dogged every step by enemies For the power of Eligos is growing and more are coming to his cause And two former Necromancers now in league with the dark one have learned a new dreadful magic a hellish power that they hope will ensure Eligos rises victorious while the world burns [Necromancer's Lament](#) David F Balog,2020-12-12

Mithron always hated and feared the undead ever since a pair of walking cadavers nearly ate him alive when he was a child As the scrawny son of a village blacksmith there was little that he could do except remain vigilant He had no talent for working at the forge and in spite of his father s wishes instead trained with the local herbalist who saved him Until a traveling wizard discovered his latent talent when he chose to follow the path he was destined for Socially awkward life in a wizard s tower suited him best generally left to his own devices in a library that could keep him busy for a lifetime His first lesson was the understanding that necromancy deals with both life and death and he can use that power to destroy undead rather than

creating them Early in his training he connects with Thessylia a short eared owl who becomes his closest companion His mentor had both friends and enemies and in due time Mithron would have to deal with them all Glitter s childhood was unkind but her sparkling personality allowed her to persevere As the daughter of a renowned baker and later a domestic servant she learned and honed her skills at sewing and cooking When magic discovered her it did so with barely controlled force occasionally pushing her beyond her limits and constantly leaking out in the form of starry motes and minor changes to her appearance She is naturally charismatic and often uses her magic to further enchant the minds of others At a gathering and training session for the apprentices Mithron unintentionally embarrassed Glitter by revealing a deep childhood secret splitting the young wizards into rivals But when tragedy struck the mismatched pair were forced to put their differences aside to set things right

Necromancer s Lament is Mithron s memoir told completely from his perspective focused on his teenage years It is during this time that he learns wizardry makes lifelong friends and begins to learn about himself through his struggles and pain He is good hearted and highly intelligent but has little understanding of social norms and interactions Fortunately he has friends who can teach him how to better handle being with people so long as he does not drive them away first
