Community & Public Health Nursing: Promoting the Public's Health Judith Allender, Cherie Rector, Cherie Rector, PhD RN-C, Kristine Warner, Kristine Warner, PhD MS MPH RN, 2013-04-26 Community Public Health Nursing is designed to provide students a basic grounding in public health nursing principles while emphasizing aggregate level nursing. While weaving in meaningful examples from practice throughout the text, the authors coach students on how to navigate between conceptualizing about a population focus while also continuing to advocate and care for individuals, families, and aggregates. This student-friendly, highly illustrated text engages students and by doing so eases students into readily applying public health principles along with evidence-based practice, nursing science, and skills that promote health, prevent disease, as well as protect at-risk populations. What the 8th edition of this text does best is assist students in broadening the base of their knowledge and skills that they can employ in both the community and acute care settings while the newly enhanced ancillary resources offers interactive tools that allow students of all learning styles to master public health nursing.

Nurse Educators and Politics Sondra Z. Koff, 2012-02-01 Although they represent a significant majority of American health care providers, nurses have had only a limited influence on policy developments in the health care and political systems. Helping to understand why the profession has remained a sleeping giant, *Nurse Educators and Politics* focuses on a primary socialization agent to the profession: nursing faculty members. Using survey data, Sondra Z. Koff examines nurse educators' attitudes toward select public policies and political participation, as well as their political and organizational activism. These findings are related to nursing's professional history and are discussed in a broader political context to better understand nurses' behavior in the decision-making process.

Daring to Care Susan Gelfand Malka,2022-08-15 Beginning in the 1960s second wave feminism inspired and influenced dramatic changes in the nursing profession Susan Gelfand Malka argues that feminism helped end nursing s subordination to medicine and provided nurses with greater autonomy and professional status She discusses two distinct eras in nursing history The first extended from the mid 1960s to the mid 1980s when feminism seemed to belittle the occupation in its analysis of gender subordination but also fueled nursing leaders drive for greater authority and independence The second era began in the mid 1980s when feminism grounded in the ethics of care appealed to a much broader group of caregivers and was incorporated into nursing education While nurses accepted aspects of feminism they did

not necessarily identify as feminists Nonetheless they used passed on and developed feminist ideas that brought about nursing school curricula changes and the increase in self directed and specialized roles available to caregivers in the twenty first century
