Nurturing Our Humanity Riane Tennenhaus Eisler, Douglas P. Fry, 2019 Nurturing Our Humanity offers a new perspective on our personal and social options in today's world showing how to structure our environments from family and gender relations to politics and economics to support our great capacities for consciousness, caring and creativity. It examines where societies fall on the partnership-domination scale and how this impacts equity, sustainability, peace and how our brains develop. Combining cutting-edge findings from biological and social science, it explains regressions to strongman rule and other dangerous trends, re-examines our past including societies that for millennia oriented toward partnership and outlines actions to move us in this life-sustaining and enhancing direction. **Changing Perspectives Resource Manual**, 1997

Essentials for Successful English Language Teaching Thomas S. C. Farrell, George M. Jacobs, 2020-11-26 This book is about how to teach English as a second language and how second language students learn. With Communicative Language Teaching (CLT) at its centre, it takes a practical approach to second language teaching backed up by clearly explained theory. Presenting eight essential principles across twelve chapters, the book covers Learner Autonomy, Social Learning, Integrated Curriculum, Meaning, Diversity, Thinking Skills, Alternative Assessment and Teacher Co-learning and shows how technology and reflective teaching can be used to support and enhance these essentials in the classroom. Combining theory and practice, *Essentials for Successful English Language Teaching* explains how these principles interweave and support each other within the CLT paradigm, demonstrating why they are best implemented as a whole rather than one at a time. Now revised and brought fully up to date, this new edition includes a brand new chapter covering technology and cooperation in teaching practice and how they support CLT-based activities. Vignettes for each essential principle to consolidate theory and demonstrate best practice. Updated real-world examples drawing on teaching experiences from North America, Africa and Asia. Taking a big picture view that assumes no prior knowledge of linguistics or language education. *Essentials for Successful English Language Teaching* is an energising and fun guide for language practitioners.
