Past Life Regression With The Angels:

Angel Astrology 101 Doreen Virtue, Yasmin Boland, 2014-03-04 Learn about the archangels who work with your birth chart in Doreen Virtue's *Angel Astrology 101*. Co-authored by the widely published astrologist and Angel Therapist Yasmin Boland, this is the first book to combine angelology and astrology. The 12 beautifully illustrated and easy-to-understand chapters describe the personality characteristics of each of the Sun, Moon, Mercury, Venus, Mars, and Rising Ascendant signs, as well as which archangels to call upon in association with them. *Angel Astrology 101* is perfect for anyone who is new to these subjects, but it also offers plenty of fresh insights and material for those who have long worked with either astrology or the angels.

Angels of Abundance Doreen Virtue, Grant Virtue, 2014-05-01 In their travels around the globe, Doreen Virtue and her son Grant, the best-selling authors of *Angel Words*, have met thousands of talented people who dream of being healers, spiritual teachers, or writers, or of opening healing centers or schools. They also long to be able to afford organic food, vitamin supplements, exercise, instruction, trips to spiritual power places, and wonderful homes. However, they don't move forward because they don't understand how to attract the financial resources that are the basis for how the physical world operates. Doreen and Grant wrote this book to show you how Heaven can give you material and emotional support as you strive to attain your life purpose and manifest everything you desire. Each of the 11 chapters features a message from the Angels of Abundance, the specialty angels who ensure that your Divine mission here on Earth isn't hampered by lack. Whether you wish to have more money, time, ideas, or opportunities, the Angels of Abundance will hold your hand and help you over the hurdles that have kept you from realizing your dreams until now.

Remarkable Healings Shakuntala Modi, 2025-09-12 Psychiatry remains an emerging discipline. Many people suffer from ailments that have no apparent cause, no obvious cure. Quite by accident while using hypnotherapy, Dr. Modi discovered that past-life regression can be a beneficial treatment. Many of these patients under hypnosis claimed to have spirits attached to their bodies and energy fields, creating psychological and physical problems. Based on years of experience, Dr. Modi describes techniques that release these spirits, revealing how patients can sometimes recover within a few sessions. While most doctors would agree that emotional states affect our health, few would give credence to spiritual influences. In this truly groundbreaking book, Dr. Modi presents evidence that something beyond the physical affects the health of many people and urges medical scientists to objectively assess this revolutionary approach to mental and often physical illness. Pioneers have the courage to put aside the status quo and evaluate what the evidence shows, even if it defies the prevailing logic of the time. Both physicians and the general public should explore the pioneering work of Dr. Modi, which no doubt has produced many remarkable healings.
