Johnson Raih,2021-10-06 The spiritual decay of nominalism threatens the established church worldwide While spiritual lethargy is often addressed from the perspective of theology and discipleship little attention has been given to the role of homiletics in revitalizing a congregation s spiritual health In this study Dr Johnson Raih explores the impact of preaching on members of Baptist churches in Imphal Manipur India from 2000

to 2015 He utilizes interviews and questionnaires from pastors church leaders and lay members to assess the presence of nominalism within church congregations along with the effects of various preaching methods on increasing or decreasing spiritual vitality Combining this qualitative research with scriptural and theological insight Raih suggests that expository preaching has the power to confront and even eradicate nominalism within the church He draws on biblical examples along with the methodology of John Stott and Timothy Keller to offer ten practical recommendations for countering nominalism homiletically whether in Imphal India or around the world

A New Old Spirituality? Tone Stangeland Kaufman, 2017-07-11 How do pastors live their spiritual lives both as private persons and as professionals How can their spirituality be characterized and understood Drawing on in depth interviews with Norwegian clergy as well as literature from the fields of Christian spirituality practical theology congregational studies and the sociology of religion this book offers a nuanced understanding of clergy spirituality Tone Stangeland Kaufman identifies three locations and sources of spiritual nurture for pastors the ministry itself vocational spirituality daily life everyday spirituality and spiritual practices located at the margins of daily life intentional spirituality The participants in this study engage in classic Christian practices yet approach them in a subjective and new way that also potentially revitalizes their spiritual lives Hence the author makes the case that their spirituality can aptly be described as a new old spirituality The book also seeks to nuance Paul Heelas s and Linda Woodhead s Spiritual Revolution claim and thus engages in the broader spirituality vs religion discourse A New Old Spirituality is an exciting example of how qualitative empirical research can be used in creative ways to make a practical theological argument It is a book for scholars students and practitioners
