Handbook to the Afterlife Pamela Rae Heath,Jon Klimo,2011-07-05 Two seasoned experts with decades of experience working with channeled material describe the various stages of life after death Just as life itself has different stages of growth and development so does the afterlife In this useful handbook authors Pamela Rae and Jon Klimo demonstrate how dying and rebirth are much like life continuous processes Beginning with the moment of death itself progressing through different transitional stages and ending with the return of spirits to the physical plane they define the purposes and pitfalls of each stage They look at the kinds of adjustment problems that occur in each phase and how spirits can be helped to move forward Questions of pain and emotional state at the time of death karma and reincarnation are sensitively addressed The book includes practical techniques for opening communication with those who have passed on to the other side While of interest to anyone seeking a general overview of the subject Handbook to the Afterlife is particularly useful for those dealing with spirits who have not moved on such as ghosts

Transpersonal Psychotherapy Seymour Boorstein,1996-02-15 Since its original publication in 1980 this book has become a classic in transpersonal psychotherapy This new edition contains articles by the major figures in the field including new contributions by Stanislav Grof John Nelson Donald Evans Charles Tart Edward Hoffman Seymour Boorstein W Michael

Keane and Stephen Cope Sylvia Boorstein and Roger J Woolger The articles present a spectrum of widely diverse perspectives from precise behavioristic work with attention training through creative clinical pharmacology and theory development to innovative use of chakra energies The result is a rich and provocative summary of the state of the art in transpersonal psychotherapy The editor's focus is on the scientific healing mysticism alliance which dates back to the earliest shamans and in modern times has engaged William James Carl Jung Roberto Assagioli and Abraham Maslow In the book some of the most respected pioneers in the field give their vision of the synergistic potential of these two powerful traditions Transpersonal Psychotherapy describes a wide variety of uses of traditional and spiritual approaches for the alleviation of mental suffering and for spiritual development

Frontiers of Knowledge: Scientific and Spiritual Sources for a New Era Douglas Kinney, 2014-06-06 Frontiers of Knowledge is the story of unfolding developments that are revolutionizing our understanding of ourselves and our place in the universe We are birthing a new era in which our ideas about the nature and source of reality are swiftly changing Insights from quantum physics suggest that the basis of our physical world is actually mental conscious thoughts Other discoveries are causing us to redefine our concepts of mind and the elusive thing we call consciousness All strongly hint that spirituality is the underlying source of everything Frontier scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge through systematic investigations of startling phenomena that have been observed in quantum physics cosmology biology psychology disease and healing death near death experiences reincarnation experiences and those occurring in spiritual hypnosis on the nature of the spiritual realm New concepts of reality are especially needed to explain the incredibly finetuned characteristics and the mysterious nature of our physical universe Ninety five percent of the universe's energy and mass are a mystery to scientists and for the moment we resort to naming them dark matter and dark energy The last time a comparable knowledge revolution occurred was in the late sixteenth century when astronomers determined that the planets revolved around the sun not the earth Historians call it the Copernican Revolution because it led to modern Western science From one perspective the new era predicted in this book a revolution in its own right can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit our soul aspect and non physical realities Until now this emerging knowledge has not been organized into a coherent and comprehensive structure Frontiers of Knowledge provides the first outline of this new structure of reality
