Relationships ,2014 RELATIONSHIPS Dr. Danna Brissie,2014-06-06 This book evolved from years of practice of a psychotherapist treating hundreds of individuals and couples After several years Dr Brissie began to notice patterns in the problems of couples and devised a theory as to why relationships fail and developed solutions which proved successful in her practice The most popular part of the book is an identification of roles individuals assume in their primary relationships with their spouses or significant others For example a Critical controlling person usually chooses a Rebellious Passive or Aggressive person A Rescuer chooses a Compliant person both groups could never understand how they were ever attracted to each other or complained he she is not the same person I first met After couples were able to see these characteristics in themselves and others they learned to better communicate and work on undesirable behaviors Most couples learned the greatest enemy to a relationship is built resentment by one or both parties thus making communication a vital part of a healthy relationship The realities of divorce is also included in the book describing the ultimate impact on all members of the family and the families of origin Another part of the book is designed to help individuals gain insight into knowing themselves better thus improving communications skills and improving all relationships No self help book is complete without helping readers improve their self esteem and educating them about how therapy can help The author presents suggestions for finding a good therapist The book is written without psychological jargon thus making it easy to read and understand Many find it excellent as a future reference After the first publication the author was invited to be a keynote speaker at McLean Hospital one of Harvard s teaching hospitals during a mental health week The book is currently on Dr Harville Hendrix s recommended reading list It remains timely after many years in our current social networking multiple marriage complex society The author hopes you will find it helpful to you as it has been to the majority of her clients and readers

Relationships Dr. Stacye Branché Msc.D,2016-03-15 The one thing we all desire in life is to love and be loved We desire to have a special connection with another person The kind of connection only that special person can share with us But where and how do we find that special connection The answer to this question is one I have noticed many people seem to be struggling to find What made me decide to write this book was that fact that I saw so many people struggling to find and have the type of loving relationship that it seemed many of us could only dream about I thought long and hard about the subject of love and relationships what we learn or don t learn and I realized that it was time to change how we look at and approach love and relationships I looked at my own life and relationships and the life and relationships of people around me and decided to take what I learned and found useful and share it I realized while researching for this book that there are so many things that we are taught throughout our lives but there is never really any formal teaching on how to love ourselves and others or how to find that meaningful connection that we all desire to have **Things No One Taught Us About Love** Vex King,2025-01-14 Beloved spiritual teacher Vex King follows up his international bestseller Good Vibes Good Life with this
