Religion And Identity In Modern Russia The Revival Of Orthodoxy And Islam:

Religion and Identity in Modern Russia Juliet Johnson, Marietta Stepaniants, Benjamin Forest, 2017-03-02 Focusing on the roles of Russian Orthodoxy and Islam in constituting challenging and changing national and ethnic identities in Russia this study takes Tsarist and Soviet legacies into account paying special attention to the evolution of the relationship between religious teachings and political institutions through the late 19th and 20th centuries The volume explicitly discusses and compares the role of Russia's two major religions Orthodoxy and Islam in forging identity in the modern era and brings an innovative blend of sociological historical linguistic and geographic scholarship to the problem of post Soviet Russian identity This comprehensive volume is suitable for courses on post Soviet politics Russian studies religion and political culture

The Religious Factor in Russia's Foreign Policy Alicja Curanović, 2012-03-15 This book examines how religion interacts with Russian foreign policy arguing that religion is an important and neglected factor in shaping Russia's outlook towards international relations It surveys the importance of religion for social life in Russia both historically and at present and considers a wide range of Russian attitudes which are affected by religion such as Russian nationalism notions of Slavic solidarity the divine mission of Russian Orthodox civilisation Russian imperialism Russia's special approach towards Islam The book discusses how religious organizations especially the Russian Orthodox Church operate in international relations pursuing their own interests and those of the Russian state explores how religious ideas and culture linked to religion impinge on Russian attitudes and identity and thereby affect policy and demonstrates how policy influenced by religion impacts on Russian foreign policy in practice in a wide range of examples including Russia's relations with other orthodox countries non orthodox Western countries Muslim countries Israel and the Vatican *Beyond Doubt* Isabella Kasselstrand, Phil Zuckerman, Ryan T. Cragun, 2023-05-09 By formalizing secularization theory and providing robust empirical evidence that religion is declining in light of modernization *Beyond Doubt* is the strongest argument to date for secularization around the world addressing common criticisms and claimed exceptions along the way **Soviet and Post-Soviet**

Identities Mark Bassin, Catriona Kelly, 2012-04-26 Since the Soviet Union collapsed in 1991 questions of identity have dominated the culture not only of Russia but of all the countries of the former Soviet bloc This timely collection examines the ways in which cultural activities such as fiction TV cinema architecture and exhibitions have addressed these questions and also describes other cultural flashpoints from attitudes to language to the use of passports It discusses definitions of political and cultural nationalism as well as the myths institutions and practices that moulded and expressed national identity From post Soviet recollections of food shortages to the attempts by officials to control popular religion it analyses a variety of unexpected and compelling topics to offer fresh insights about this key area of world culture Illustrated with numerous photographs it presents the results of recent research in an accessible and lively way **The Oxford Handbook of European Islam** Jocelyne Cesari, 2015 For centuries Muslim countries and Europe have engaged one another through

theological dialogues diplomatic missions political rivalries and power struggles In the last thirty years due in large part to globalization and migration from Islamic countries to the West what was previously an engagement across national and cultural boundaries has increasingly become an internalized encounter within Europe itself Questions of the Hijab in schools freedom of expression in the wake of the Danish Cartoon crisis and the role of Shari'a have come to the forefront of contemporary European discourse The Oxford Handbook of European Islam is the first collection to present a comprehensive approach to the multiple and changing ways Islam has been studied across European countries Parts one to three address the state of knowledge of Islam and Muslims within a selection of European countries while presenting a critical view of the most up to date data specific to each country These chapters analyze the immigration cycles and policies related to the presence of Muslims tackling issues such as discrimination post colonial identity adaptation and assimilation The thematic chapters in parts four and five examine secularism radicalization Shari'a Hijab and Islamophobia with the goal of synthesizing different national discussion into a more comparative theoretical framework The Handbook attempts to balance cutting edge assessment with the knowledge that the content itself will eventually be superseded by events Featuring eighteen newly commissioned essays by noted scholars in the field this volume will provide an excellent resource for students and scholars interested in European Studies immigration Islamic studies and the sociology of religion Muslims in Putin's Russia Simona E. Merati, 2017-06-01 This book offers a novel interpretation of Russian contemporary discourse on Islam and its influence on Russian state policies It shifts the analytical perspective from the discussion about Russia's Islam as a potential security threat to a more comprehensive view of the relationships of Muslims with Russia as a state and a civilization The work demonstrates how many Muslims increasingly express a sense of belonging to Russia and are increasingly willing to contribute to state building processes *Imagine There's No Heaven* Mitchell Stephens, 2014-02-25 The historical achievements of religious belief have been large and well chronicled But what about the accomplishments of those who have challenged religion Traveling from classical Greece to twenty first century America *Imagine There's No Heaven* explores the role of disbelief in shaping Western civilization At each juncture common themes emerge by questioning the role of gods in the heavens or the role of a God in creating man on earth nonbelievers help move science forward By challenging the divine right of monarchs and the strictures of holy books nonbelievers including Jean Jacques Rousseau and Denis Diderot help expand human liberties and influence the early founding of the United States Revolutions in science in politics in philosophy in art and in psychology have been led on multiple occasions by those who are free of the constraints of religious life Mitchell Stephens tells the often courageous tales of history's most important atheists like Denis Diderot and Salman Rushdie Stephens makes a strong and original case for their importance not only to today's New Atheist movement but to the way many of us believers and nonbelievers now think and live The World's Christians Douglas Jacobsen, 2011-03-21 Written by an award winning author this well organized and comprehensive introduction to global

Christianity illuminates the many ways the world's Christians live their faith today. Covers the entire globe: Africa, Asia, and Latin America, as well as Europe, North America, and the Pacific. Provides impartial, in-depth descriptions of the world's four major Christian traditions: Orthodox, Catholic, Protestant, and Pentecostal/Charismatic. Utilizes the best available sources to produce an up-to-date profile of demographic trends in the Christian population. Blends history, sociology, anthropology, and theology to create a rich, multi-layered analysis of the world Christian movement. Features clear maps and 4-color illustrations throughout the volume.

Living Soviet in Ukraine from Stalin to Maidan Michael T. Westrate, 2016-04-29. What the world is now witnessing in Ukraine is the cumulative effect of history and memory in the lives of the people of the region, and this book directly addresses those subjects. Although the majority of scholarship on the Soviet Union focuses on top-level political and intellectual elites, these groups were only tiny minorities. What was life like for the rest of society? What was it like for the vast population that usually supported the regime, mostly accepted the rules, essentially internalized the ideology, and generally made the same choices as their neighbors and friends? What was it like to live Soviet as the USSR hit its peak as a superpower and then fell apart? What was it like to live Soviet in Ukraine in the decade after independence? This book answers those questions. It is an oral history of a group of military colonels and their wives, children, and contemporaries covering their lives from childhood to the present. During this period, these military families went from comfortable economic circumstances, professional prestige, and political influence as part of the Soviet upper stratum to destitution and disgrace in the 1990s. Today, many of them are part of Europe's largest ethnic minority: Russians in Ukraine. The geographic focus is Kharkiv, the second largest city in Europe's second largest country, a Russian-speaking city in eastern Ukraine. Based on 3,000 pages of interview transcripts and supplemented with materials gleaned from unprecedented access to personal, family, and institutional archives, the book investigates how families endured shifting social, cultural, and political realities. By analyzing the lives of individuals in context, Westrate provides insights at the grassroots level. He reveals how ideological, professional, gender, ethnic, and national imperatives, as developed and transmitted by elites, were internalized, transformed, or rejected by the rank and file. He reveals how the subjective identities of individuals and small groups developed and changed over time and how that process relates to the parallel projects pursued by the leaders of their countries. In the process, he shows what those experiences have to offer the study of Soviet, post-Soviet, and transnational history, bridging the boundaries created by the collapse of the USSR and exploring the foundations of both twenty-first-century Ukraine and today's conflicts.

Religion, Morality, and Community in Post-Soviet Societies Mark D. Steinberg, Catherine Wanner, 2008-11-13. This collection reveals the presence and power of religious belief and practice in public life after the demise of Soviet socialism. Based on recent research and interdisciplinary methodologies, *Religion, Morality, and Community in Post-Soviet Societies* examines how religious organizations and individuals engage the changing and troubled environment in which they live, which presents expanded civil freedom but much everyday uncertainty, unhappiness, injustice, and suffering. Global Rebellion Mark Juergensmeyer, 2008-05-16 A new religious activism has seized the imaginations of political rebels around the world In providing a road map through this complex terrain the author bases his discussion on interviews with militant activists and case studies of rebellious movements

Religion and Language in Post-Soviet Russia Brian P. Bennett, 2011-04-29 Church Slavonic one of the world's historic sacred languages has experienced a revival in post-Soviet Russia Blending religious studies and sociolinguistics this is the first book devoted to Church Slavonic in the contemporary period It is not a narrow study in linguistics but uses Slavonic as a passkey into various wider topics including the renewal and factionalism of the Orthodox Church the transformation of the Russian language and the debates about protecting the nation from Western cults and culture It considers both official and popular forms of Orthodox Christianity as well as Russia's esoteric and neo-pagan traditions Ranging over such diverse areas as liturgy pedagogy typography mythology and conspiracy theory the book illuminates the complex interrelationship between language and faith in post-communist society and shows how Slavonic has performed important symbolic work during a momentous chapter in Russian history It is of great interest to scholars of sociolinguistics and of religion as well as to Russian studies specialists

Discourse and Transformation in Central and Eastern Europe A. Galasinska, M. Krzyzanowski, Michał Krzyżanowski, 2008-12-19 This volume explores the discursive nature of post-1989 social change in Central and Eastern Europe Through a set of national case studies the construction of post-communist transformation is explored from the point of view of accelerating and unique dynamics of linguistic and discursive practices

Ethnic Belonging, Gender, and Cultural Practices Ulrike, 2014-04-15 How are youth cultural identities rooted in gender ethnicity and place What resources do young people from ethnic minorities use in creating their cultural identities Drawing upon interdisciplinary research Ulrike Ziemer's case study demonstrates the different ways in which young people from ethnic minorities respond to the social political and cultural transformations of post-Soviet Russia and provides a detailed analysis of how local vs global relations are experienced outside the West Relying on extensive ethnographic fieldwork Ziemer explores the complex processes of identity formation and cultural experiences among young Armenians in Krasnodar krai and young Adyghs in the Republic of Adyghea Both ethnic groups Armenians and Adyghs have a minority status in Russia yet Adyghs are indigenous to the region while Armenians constitute a diaspora people This book is the first specific examination of Armenian and Adygh youth identities in the context of everyday life experiences in post-Soviet Russia

The World's Religions Peter B. Clarke, Peter Beyer, 2009-05-07 This comprehensive volume focuses on the world's religions and the changes they have undergone as they become more global and diverse in form It explores the religions of the world not only in the regions with which they have been historically associated but also looks at the new cultural and religious contexts in which they are developing It considers the role of migration in the spread of religions by examining the issues raised for modern societies by the increasing interaction of different religions The volume also addresses such central questions as the dynamics of religious innovation which is evidenced in the rise and

impact of new religious and new spirituality movements in every continent

Language Planning in the

Post-Communist Era Ernest Andrews, 2018-02-01 This volume provides an in depth analysis of the attempts of language experts and governments to control language use and development in Eastern Europe Eurasia and China through planned activities generally known as language planning or language policy The ten case studies presented here examine language planning in China Russia Tatarstan Central Asia Ukraine Lithuania Latvia Poland Slovakia and the Czech Republic and focus in particular on developments and disputes that have occurred since the fall of communism and the emergence of a new order in the late 1980s Its authors highlight the dominant issues with which language planning is invariably intertwined These include power politics tensions between official language and minority languages and the effects of a country's particular political social cultural and psychological environment Offering a detailed account of the socio political and ideological developments that underlie language planning in these regions this book will provide a valuable resource for students and scholars of linguistics cultural studies political science sociology and history

Religious Identities and the

Global South Felix Wilfred, 2021-01-04 This book offers a comprehensive and interdisciplinary account of religious identities in the Global South Drawing on literature in various fields Felix Wilfred analyzes how religious identities intersect with the processes of globalization modernity and postmodernity He illustrates how the study of religion in the Global North often revolves around questions of secularism and fundamentalism whereas a neo Orientalist quality often attends study of religion in the Global South These approaches and theorizing fail to incorporate the experiences of lived religion in the South especially in Asia Historically the religions in the South have played a highly significant role in resistance to the domination by the colonial forces an important reason for the continued attachment of the peoples of the South to their religious universe This book puts the two regions and their scholarly norms in conversation with one another exploring the social political cultural and economic implications

Ludmila Ulitskaya and the Art of Tolerance Elizabeth Skomp, Benjamin M.

Sutcliffe, 2015-06-11 Novelist Ludmila Ulitskaya is a best selling and critically lauded Russian writer who champions the values of liberalism and tolerance and critiques Putin's policies This is the first English language book about this important writer placing her in the shifting landscape of post Soviet society and culture

Georgia from National Awakening to

Rose Revolution Jonathan Wheatley, 2017-05-15 Jonathan Wheatley examines the tortuous process of regime change in Georgia from the first pro independence protests of 1988 to the aftermath of the so called Rose Revolution in 2004 It is set within a comparative framework that includes other transition countries particularly those in the former Soviet Union The book provides two important theoretical innovations the notion of a regime which is an under theorized concept in the field of transition literature and O'Donnell Schmitter and Karl's notion of a dynamic actor driven transition The volume turns to the structural constraints that framed the transition in Georgia and in other republics of the former Soviet Union by looking at the state and society in the USSR at the close of the Soviet period It examines the evolution and nature of the Georgian

regime and ultimately addresses the theoretical and empirical problems posed by Georgia's so-called Rose Revolution following the falsification of parliamentary elections by the incumbent authorities **The China Race** Fei-Ling Wang, 2024-02-01 Following its two prequels *The China Order* 2017 and *The China Record* 2023 this book analyzes the China Race the global competition for power and leadership between the US led West and the People's Republic of China Considering the organizational options and optimality with respect to human civilization Fei Ling Wang discusses two alternative world orders the Westphalian System of international relations and a centralized world political unification Both are feasible and existed before but with drastically different desirability The rising power of the PRC state has consistently and methodically sought to recenter and reorganize the world to safeguard and promote its autocracy and ultimately build a world empire Examining the nature aims means accomplishments pitfalls and failures of Beijing's foreign policy and the state of and developments in Sinology and the West's China policy Wang focuses on the existential PRC USA rivalry and proposes a holistic strategic framework discussing three ranked objectives for the West and the world including the Chinese people to manage benefit from and prevail in the China Race
