Religion And The Formation Of Taiwanese Identities

Vincent Goossaert, David A. Palmer

Religion And The Formation Of Taiwanese Identities:

Religion and the Formation of Taiwanese Identities P. Katz, M. Rubenstein, 2003-06-27 This volume centres on the creation of varied forms of individual and group identity in Taiwan and the relationship between these forms of identity both individual and collective and patterns of Taiwanese religion politics and culture The contributors explore the Taiwanese people's sense of who they are attempting to discern how they identify themselves as individuals and as collectives and then try to determine the identity roles individuals and groups construct for themselves Ranging from the local essays to the national level and within the larger Chinese cultural religious universe these essays explore the complex nature of identity role and the processes of identity formation which have shaped Taiwan's multileveled past and its many faceted present

Religion and the Formation of Taiwanese Identities P. Katz, M. Rubenstein, 2003-06-27 This volume centres on the creation of varied forms of individual and group identity in Taiwan and the relationship between these forms of identity both individual and collective and patterns of Taiwanese religion politics and culture The contributors explore the Taiwanese people's sense of who they are attempting to discern how they identify themselves as individuals and as collectives and then try to determine the identity roles individuals and groups construct for themselves Ranging from the local essays to the national level and within the larger Chinese cultural religious universe these essays explore the complex nature of identity role and the processes of identity formation which have shaped Taiwan's multileveled past and its many faceted present

Changing Taiwanese Identities J. Bruce Jacobs, Peter Kang, 2017-08-03 The peoples of Taiwan have been influenced by many different cultures and migrations throughout the island's history In the 20th and early 21st centuries especially it has been a stage for cultural and ethnic conflict not least because of the arrival of mainland Chinese fleeing the Chinese Communist Revolution The subsequent tensions between those who see Taiwan as a natural territory of China and those who would prefer to see it remain independent have brought to the fore questions of what it is to be Taiwanese This book addresses the question of how Taiwanese identities have changed after the Taiwanization process which began in the 1990s It also examines the impact of this process on cross strait relations between Taiwan and the People's Republic of China after the return of the Kuomintang to power after 2008 and the Sunflower movement in 2014 The various contributors between them cover a range of topics including the waves of migration to Taiwan changes of political regimes generational differences and social movements Taken as a whole this book presents a nuanced picture of the patchwork of identities which exist in contemporary Taiwan

The Charismatic Movement in Taiwan from 1945 to 1995 Judith C.P. Lin, 2020-07-10 This book presents a comprehensive account of the historical development of the Charismatic Movement in Taiwan placing it within the context of Taiwan's religious and political history Judith C P Lin unearths invaluable sources of the Japan Apostolic Mission the Full Gospel Business Men's Fellowship International Formosa Chapter and Jean Stone Willans short stay in Taiwan in 1968 Lin describes and analyzes how the efforts of 1970s charismatic missionaries in Taiwan including Pearl

Young Nicholas Krushnisky Donald Dale Allen J Swanson and Ross Paterson shaped the theological convictions of later Taiwanese charismatic leaders She also explores significant developments in the Taiwanese Church which contributed to the gradual and widespread recognition of the Charismatic Movement in Taiwan from 1980 to 1995 Lin offers a thorough treatment of history reconfigures historiography from a Taiwanese perspective and challenges the academic circle to take seriously the Taiwanese consciousness when engaging Taiwan's history Routledge Handbook of Contemporary Taiwan Gunter Schubert, 2024-12-31 This fully revised 2nd edition of the Routledge Handbook of Contemporary Taiwan provides a comprehensive overview of both contemporary Taiwan and the Taiwan studies field Written by an international team of Taiwan experts the Handbook includes major topics in Taiwanese history domestic politics political economy society culture and international relations Each chapter summarises the major findings in the field and highlights long term trends recent observations and potential future developments in Taiwan revealing its long journey from a frontier island to a highly industrialised country struggling for international recognition Up to date interdisciplinary and academically rigorous the Handbook offers the reader an accessible and fascinating insight into contemporary Taiwan and will be of interest to students academics and policymakers with an interest in all things Taiwan *Taiwanese Identity and Democracy* O. Bedford, K. Hwang, 2006-09-02 This book examines the issues of democracy nationalism and strengthening Taiwan consciousness in the light of the campaign strategies employed in Taiwan's 2004 presidential and legislative election from the perspective of the Taiwanese people and Taiwanese culture Particular attention is paid to the mindset of the opposition party Gods, Ghosts, and Gangsters Avron Boretz, 2010-10-31 Demon warrior puppets sword wielding Taoist priests spirit mediums lacerating their bodies with spikes and blades these are among the most dramatic images in Chinese religion Usually linked to the propitiation of plague gods and the worship of popular military deities such ritual practices have an obvious but previously unexamined kinship with the traditional Chinese martial arts The long and durable history of martial arts iconography and ritual in Chinese religion suggests something far deeper than mere historical coincidence Avron Boretz argues that martial arts gestures and movements are so deeply embedded in the ritual repertoire in part because they iconify masculine qualities of violence aggressivity and physical prowess the implicit core of Chinese patriliney and patriarchy At the same time for actors and audience alike martial arts gestures evoke the mythos of the jianghu a shadowy often violent realm of vagabonds outlaws and masters of martial and magic arts Through the direct bodily practice of martial arts movement and creative rendering of jianghu narratives martial ritual practitioners are able to identify and represent themselves however briefly and incompletely as men of prowess a reward otherwise denied those confined to the lower limits of this deeply patriarchal society Based on fieldwork in China and Taiwan spanning nearly two decades Gods Ghosts and Gangsters offers a thorough and original account of violent ritual and ritual violence in Chinese religion and society Close up sensitive portrayals and the voices of ritual actors themselves mostly working class men many of them members of sworn

brotherhoods and gangs convincingly link martial ritual practice to the lives and desires of men on the margins of Chinese society This work is a significant contribution to the study of Chinese ritual and religion the history and sociology of Chinese underworld the history and anthropology of the martial arts and the anthropology of masculinity **Founding Moments in Constitutionalism**

Richard Albert, Menaka Guruswamy, Nishchal Basnyat, 2019-10-17 Founding moments are landmark events that break ties with the ancien régime and lay the foundation for the establishment of a new constitutional order They are often radically disruptive episodes in the life of a state They reshape national law reset political relationships establish future power structures and influence happenings in neighbouring countries This edited collection brings together leading and emerging scholars to theorise the phenomenon of a founding moment What is a founding moment When does the founding process begin and when does it end Is a founding moment possible without yielding a new constitution Can a founding moment lead to a partial or incomplete transformation And should the state be guided by the intentions of those who orchestrated these momentous breaks from the past Drawing from constitutions around the world the authors ask these and other fundamental questions about making and remaking constitutions **Empire of Infields** John J.

Harney, 2019-07-01 When the Empire of Japan defeated the Chinese Qing Dynasty in 1895 and won its first colony Taiwan it worked to establish it as a model colony The Japanese brought Taiwan not only education and economic reform but also a new pastime made popular in Japan by American influence baseball But unlike in many other models the introduction of baseball to Taiwan didn't lead to imperial indoctrination or nationalist resistance Taiwan instead stands as a fascinating counterexample to an otherwise seemingly established norm in the cultural politics of modern imperialism Taiwan's baseball culture evolved as a cultural hybrid between American Japanese and later Chinese influences In *Empire of Infields* John J. Harney traces the evolution and identity of Taiwanese baseball focusing on three teams the Nenggao team of 1924-25 the Kan team of 1931 and the Hongye schoolboy team of 1968 Baseball developed as an aspect of Japanese cultural practices that survived the end of Japanese rule at the end of World War II and was a central element of Japanese influence in the formation of popular culture across East Asia The Republic of China which reclaimed Taiwan in 1945 only embraced baseball in 1968 as an expression of a distinct Chinese nationalism and as a vehicle for political narratives *Empire of Infields* explores not only the development of Taiwanese baseball but also the influence of baseball on Taiwan's cultural identity in its colonial years and beyond as a clear departure from narratives of assimilation and resistance **Language Choice and Identity**

Politics in Taiwan Jennifer M. Wei, 2008-04-18 Jennifer M. Wei argues that construction and perceptions of language and identity parallel sociopolitical transformations and language and identity crises arise during power transitions Under these premises language and identity are never well defined or well bounded Instead they are best viewed as political symbols subject to manipulation and exploitation during socio-historical upheavals A choice of language from phonological shibboleth Mandarin or Taiwanese to choice of official language cuts to the heart of contested cultural notions of self and other with

profound implications for nationalism national unity and ethno linguistic purism Wei further argues that because of the Chinese Diaspora and Taiwan s connections to China and the United States arguments and sentiments over language choice and identity have consequences for Taiwan s international and transnational status They are symbolic acts of imagining Taiwan s past as she looks forward to the future Bridging Generations in Taiwan Philip Silverman, Shienpei Chang, 2015-10-30 This book contributes to an understanding of how globalization affects the lives of ordinary people Since the middle of the twentieth century Taiwan has undergone a remarkably rapid change from a poor mostly rural society to a thriving industrial mostly urban one Because of its openness to global influences it has been called the first transnational culture Women have been especially affected by the new opportunities available as this transition has occurred We focus on two generations of women mothers who came of age before the transition and their daughters who became adults as the island was emerging onto the top tier of industrial economies We interviewed both generations in five families obtaining first a biography of each followed by a detailed inventory of their everyday lifestyle activities In analyzing these two sets of data a combination unique in the literature we show the ways in which there has been an intermixing of transnational and local cultural elements The result is a flowering of distinct identities as women can choose from a greater variety of lifestyle options by virtue of the increased awareness of the outside world To make sense of this unfolding process mostly concepts associated with theories of globalization are employed but in some cases reformulated Our approach to these issues can lay the groundwork for a more penetrating understanding of changing lifestyles in an increasingly globalized world in which transnational influences and traditional concerns are woven into a complex web of cultural responses *Miraculous Response* Adam Yuet Chau, 2008-07-21 This book length ethnography of the revival of a popular religious temple in contemporary rural China examines the organizational and cultural logics that inform the staging of popular religious activities It also explores the politics of the religious revival detailing the relationships of village level local activists and local state agents with temple associations and temple bosses Shedding light on shifting state society relationships in the reform era this book is of interest to scholars and students in Asian Studies the social sciences and religious and ritual studies *Cultural, Ethnic, and Political Nationalism in Contemporary Taiwan* J. Makeham, A. Hsiao, 2005-08-19 This volume analyzes what is arguably the single most important aspect of cultural and political change in Taiwan over the past quarter century the trend toward indigenization *bentuhua* Focusing on the indigenization of politics and culture and its close connection with the identity politics of ethnicity and nationalism this volume is an attempt to map prominent contours of the indigenization paradigm as it has unfolded in Taiwan The opening chapters concern the origin and nature of the trend toward indigenization with its roots in the unique historical trajectory of politics and culture in Taiwan Subsequent chapters deal with responses and reactions to indigenization in a variety of social cultural and intellectual domains **Counterheritage** Denis Byrne, 2014-04-16 The claim that heritage practice in Asia is Eurocentric may be well founded but the view that local

people in Asia need to be educated by heritage practitioners and governments to properly conserve their heritage distracts from the responsibility of educating oneself about the local popular beliefs and practices which constitute the bedrock of most people's engagement with the material past Written by an archaeologist who has long had one foot in the field of heritage practice and another in the academic camp of archaeology and heritage studies Counterheritage is at once a forthright critique of current heritage practice in the Asian arena and a contribution to this project of self education Popular religion in Asia including popular Buddhism and Islam folk Catholicism and Chinese deity cults has a constituency that accounts for a majority of Asia's population making its exclusion from heritage processes an issue of social justice but more pragmatically it explains why many heritage conservation programs fail to gain local traction This book describes how the tenets of popular religion affect building and renovation practices and describes how modernist attempts to suppress popular religion in Asia in the early and mid twentieth century impacted religious heritage Author Denis Byrne argues that the campaign by archaeologists and heritage professionals against the private collecting and looting of antiquities in Asia largely ignores the regimes of value which heritage discourse has helped erect and into which collectors and local diggers play Focussing on the Philippines Thailand and Taiwan but also referencing China and other parts of Southeast Asia richly detailed portraits are provided of the way people live with old things and are affected by them Narratives of the author's fieldwork are woven into arguments built upon an extensive and penetrating reading of the historical and anthropological literature The critical stance embodied in the title counterheritage is balanced by the optimism of the book's vision of a different practice of heritage advocating a view of heritage objects as vibrant agentic things enfolded in social practice rather than as inert and passive surfaces subject to conservation Chinese Buddhism in Catholic Philippines Ari C. Dy, 2017-10-20

Drawing on his personal experience of growing up exposed to the rituals of Chinese Buddhism and yet embracing Catholicism and being ordained a Jesuit priest Fr Ari Dy ventures to examine Chinese Buddhism in the Philippines analyzing its adaptation to the Philippines and its contribution to conceptions of Chinese identity **Rejecting the Marginalized Status of Minority Languages** Ari Sherris, Susan D. Penfield, 2019-11-20 This book explores Indigenous tribal and minority ITM language education in oral and or written communication and in the use of new technologies and online resources for pedagogical purposes in diverse geopolitical contexts It demonstrates that ITM language education transpires in both formal and informal spaces for children or adults and that sometimes these spaces are online where they become de territorialized discourses of teaching and learning The volume brings together examples of ITM language education that are challenging the forces that flatten languacultures into artefacts of history It also examines the economic and material realities of the people who live in and through their languacultures or who aspire to do as much The book will be useful for educators and all those interested in Indigenous and minority language issues as well as for a wide range of undergraduate graduate and research contexts where topics of language education and minority rights are the focus **The Religious Question in**

Modern China Vincent Goossaert, David A. Palmer, 2011-03-15 Recent events from strife in Tibet and the rapid growth of Christianity in China to the spectacular expansion of Chinese Buddhist organizations around the globe vividly demonstrate that one cannot understand the modern Chinese world without attending closely to the question of religion The Religious Question in Modern China highlights parallels and contrasts between historical events political regimes and cultural movements to explore how religion has challenged and responded to secular Chinese modernity from 1898 to the present Vincent Goossaert and David A Palmer piece together the puzzle of religion in China not by looking separately at different religions in different contexts but by writing a unified story of how religion has shaped and in turn been shaped by modern Chinese society From Chinese medicine and the martial arts to communal temple cults and revivalist redemptive societies the authors demonstrate that from the nineteenth century onward as the Chinese state shifted the religious landscape consistently resurfaced in a bewildering variety of old and new forms The Religious Question in Modern China integrates historical anthropological and sociological perspectives in a comprehensive overview of China's religious history that is certain to become an indispensable reference for specialists and students alike Encyclopedia of Global Religion Mark Juergensmeyer, Wade Clark Roof, 2012 Presents entries A to L of a two volume encyclopedia discussing religion around the globe including biographies concepts and theories places social issues movements texts and traditions *Chinese Religions in Contemporary Societies* James Miller, 2006-04-03 A comprehensive introduction to the resurgence of religion in China and Taiwan since the end of the Cultural Revolution and a wide ranging examination of the impact of religious traditions on Euro Americans and Chinese immigrants in present day North America Chinese Religions in Contemporary Societies is an accessible multidimensional introduction to religions in present day China and Taiwan as well as an in depth exploration of how religious traditions and practices have been adopted by Americans and Chinese immigrants in North America The work covers the period since the Cultural Revolution but places its focus on the contemporary global context Written by religious studies expert James Miller and eight acclaimed scholars this handy one volume reference answers the demand for a comprehensive yet highly readable work on Chinese religions and their various forms The work breaks down the complexities of religious traditions highlighting key issues themes and movements such as the legacy of shamanism in popular Chinese and Taiwanese religion qigong in contemporary China and the interpretations and practices of Chinese traditions and rituals in North America Filling a significant gap in the literature the handbook demonstrates the impact of social political and cultural factors on Chinese religion and identifies the forces behind the prevalence adaptation and transformation of Chinese religious practices from a global perspective **Rethinking Pluralism** Adam B. Seligman, Robert P. Weller, 2012-09-06 Rethinking Pluralism suggests a new approach to the problem of ambiguity and social order which goes beyond the default modern position of notation resort to rules and categories to disambiguate The book argues that alternative more particularistic modes of dealing with ambiguity through ritual and shared experience better attune to contemporary

problems of living with difference

Getting the books **Religion And The Formation Of Taiwanese Identities** now is not type of challenging means. You could not abandoned going later than books accrual or library or borrowing from your connections to contact them. This is an no question easy means to specifically get guide by on-line. This online statement Religion And The Formation Of Taiwanese Identities can be one of the options to accompany you as soon as having supplementary time.

It will not waste your time. bow to me, the e-book will completely sky you other matter to read. Just invest tiny epoch to read this on-line publication **Religion And The Formation Of Taiwanese Identities** as skillfully as review them wherever you are now.
