Picturing the Islamicate World Nadja Danilenko,2020-10-26 In Picturing the Islamicate World Nadja Danilenko explores the message of the first preserved maps from the Islamicate world Safeguarded in al I akhr s Book of Routes and Realms 10th century C E the world map and twenty regional maps complement the text to a reference book of the territories under Muslim rule Rather than shaping the Islamicate world according to political or religious concerns al I akhr chose a timeless design intended to outlast upheavals Considering the treatise was transmitted for almost a millennium al I akhr s strategy seems to have paid off By investigating the Persian and Ottoman translations and all extant manuscripts Nadja Danilenko unravels the manuscript tradition of al I akhr s work revealing who took an interest in it and why Diplomacy in the Early Islamic World Maria Vaiou,2015-02-13 Arab messengers played a vital role in the medieval Islamic world and its diplomatic relations with foreign powers An innovative treatise from the 10th Century Rusul al Muluk Messengers of Kings is perhaps the most important account of the diplomacy of the period and it is here translated into English for the first time Rusul al Muluk draws on examples from the Qur an and other sources which extend from the period of al jahiliyya to the time of the Abbasid caliph al Mu tasim 218 227 833 842 In the only medieval Arabic work which exists on the conduct of messengers and their qualifications the author Ibn al Farr rejects jihadist policies in favor of quiet diplomacy and a pragmatic outlook of constructive realpolitik Rusul al Muluk is an extraordinarily important and original contribution to our understanding of the early Islamic world and the field of International Relations and Diplomatic History Shi'i Sectarianism in the Middle East Elisheva Machlis,2014-09-17 The eruption of violent sectarianism in Iraq following the US invasion in 2003 brought the question of Sunni Shi i relations in the country to the forefront of the international public agenda It also strengthened the popular belief that contemporary Shi ism is inherently sectarian Yet several decades earlier Ayatollah Khomeini had declared an Islamic revolution and downplayed its Shi i origins and links So what is the true orientation of Shi i Islam in the

contemporary era and how did modernisation alter its sectarian affiliation This book contends that early Shi i reformist thought set the foundations for a more universal oriented Shi ism Prominent reformists in the first half of the twentieth century from the holy cities of Karbala and Najaf in Iraq and from the Shi i centres in Southern Lebanon played a significant role in the renewal of Shi ism and laid the groundwork for its reinvention in the modern era Exploring this shift towards a more ecumenical perception of Islam Elisheva Machlis here provides a fresh perspective on inter sectarian relations in contemporary Iraq and illuminates the intellectual roots of the Islamic revolution by examining networks of Shi i scholars such as Mu ammad usayn K shif al Ghi and Mu sin al Am n al mil operating within a more globalised Muslim world Drawing on the experiences of early Shi i reformists such as Abd al usayn Sharaf al D n al M saw in Lebanon and Mu ammad Jaw d Mughniyya in Damascus this book gives new insight on the future of inter Muslim relations at a time of growing inter sectarian contention from the Iran Iraq war to the post 2003 Sunni Shi i conflict in Iraq and al Qa ida s anti Shi i message taking into account questions of theology historiography jurisprudence and politics which all played a vital role in the transition to the contemporary era The author here analyses the broad scholarly connections between Iran Iraq and Lebanon in the twentieth century while debating paramount questions of leadership identity and group membership in the development of modern Shi ism Examining the relationship between intellectual thought and socio political development in the region this book provides a new perspective concerning the future of an increasingly globalised Muslim world and will prove essential reading for students and specialists
